Fantastic Fall Flames Pride

Spirits simmered, but weren't reduced to ashes, as school started September 8th, and summer fun ended for 1500 Lancers returning to the classroom.

A pep rally the first day sparked enthusiasm and as the year progressed, Lancer spirit ignited into an inferno of pride.

Homecoming celebration blazed with a Lancer win over Cal High, an overflow crowd in the stands, Tina Gomez crowned queen, and Mrs. Peggy Sebastian as grand marshall of the traditional half-time festivities.

Fall sports kindled more school pride as football, waterpolo, girls' volleyball and girls' tennis went to C.I.F. Student talent boiled over in more Coffee House productions, while Hula Hawkins sparked many a romance. The Winter Formal, even though taking place on one of the coldest nights in Southern California's history, was a hot affair with couples dancing aboard the Queen Mary.

Even studying for finals did not quench the Lancers' heatwave of spirit as they proceeded into 1987 with an exciting basketball season, a brand new wrestling program, a Valentine semi-formal, and the famous ex-cop, David Toma, speaking in a marathon assembly.

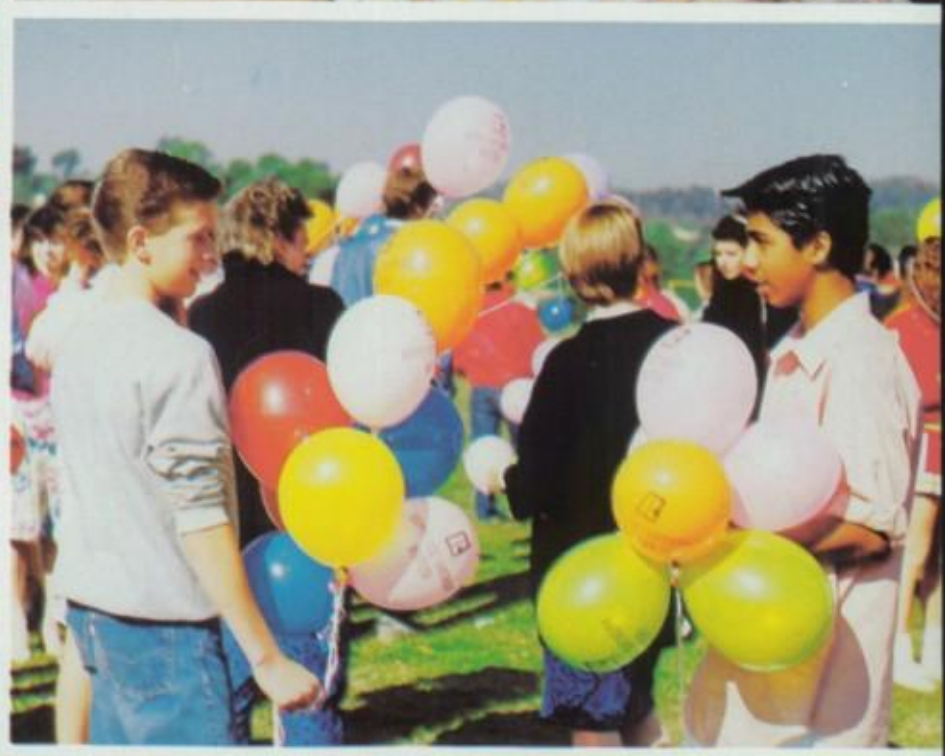
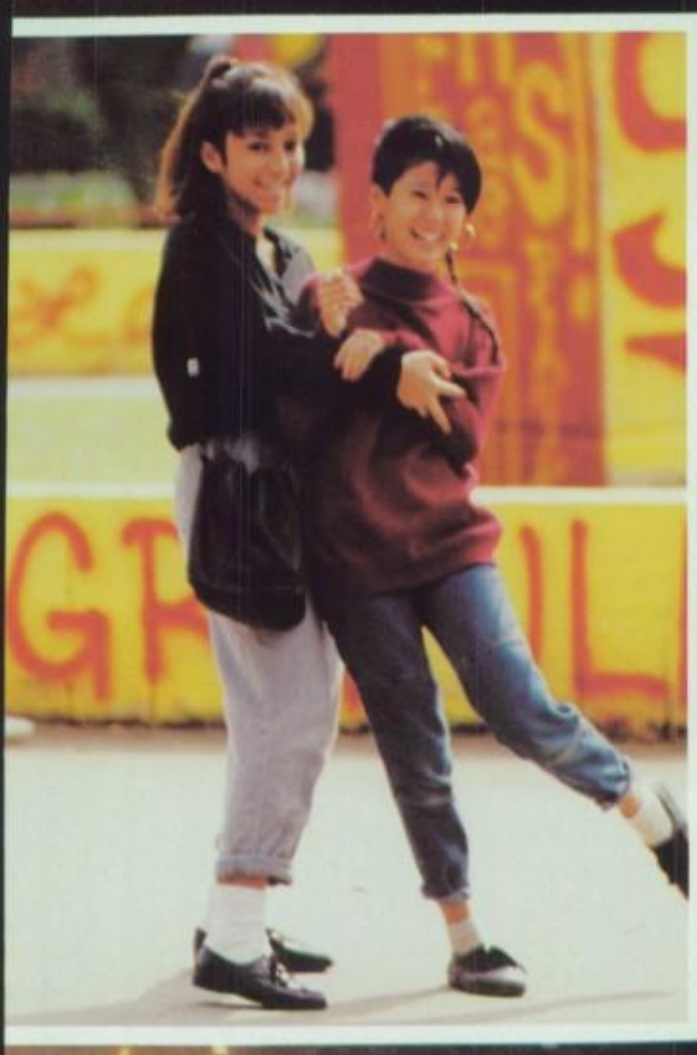
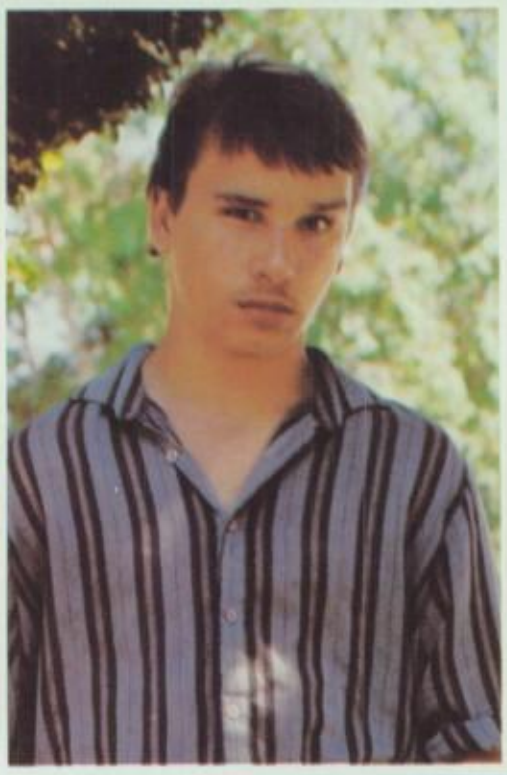
87







Toma Douses Drug Abuse

Toma's appearance sparked a campus-wide anti-drug/alcohol movement and led many students to seek help and support from counselors and peer groups.

The fiery issue of smoking led to legislation passed by Governor George Deukmejian snuffing out cigarettes on every high school campus in California. Even though there was controversy with the new law, La Serna kept its usual stability amidst the firestorm of change.

The two-year old Drill Team continued to grow under the leadership of Mrs. Bell. Students with last names beginning with P-Z welcomed a new counselor, Mrs. Rita Stevens, while Mr. Ball (aka Señor Pelota) replaced Linn Fairchild as assistant activities director.

Mrs. Anita Thompson became the new assistant principal of curriculum, while Mr. Ben Ubovich took over the band. Other new staff faces included: Mrs. Marsha Omar, Mr. Bob Algarin, Mr. Dan Bowen, Ms. Monica Parrish, Mr. Chris Heaton, Mrs. Gloria Rauchle and Mrs. Janet Shahagian.

Activities Kindle School Spirit

Activities that fired up the Lancers included the Newlywed Game, Family Feud, Broom Hockey, the Lip Sync Contest, Dance Production, the Dating Game, and the Junior/Senior Prom.

Mr. Lee Vierling produce the video annual for the second year in a row, devoting hours of time to capturing Lancer life in action. Whittier celebrated its 100th birthday, and La Serna participated in the party by creating a 100-Mile Club with Mr. Leo Camalich leading the pack.

The campus improved its already glowing good looks with a new gym floor, new blacktop and fresh paint. The library's new security gate stifled would-be theft with its alarm system. And the hot hangout for lunch and after games became the newly opened McDonald's.

With all the activities and excitement that went on, 1986-87 was certainly a BLAST!

Dear Mr. Dorff,

We dedicate this 1986-87 *Pennon* to you, sir, with our great respect and admiration for your twenty-five years of teaching at La Serna High School.

In your Spanish classes, we not only learned another language, but we also learned how to be responsible students. You were tough, but we thank you for it. You taught us to be on time, to come prepared and to use class time wisely. Not only did you teach us Spanish, but through your instruction we learned English grammar as well. In addition, we learned about Spanish-speaking cultures.

We enjoyed seeing your slide shows from your extensive traveling. Using the slides, you would speak in Spanish and teach us about other countries.

We will never forget your oral exams that made us sweat with nervousness. They were difficult, but through them we learned. In class, you forced us to speak Spanish. You corrected our many mistakes. You were always available to help us when we needed it.

As advisor of the Spanish Club, you gave much of your time to organizing and chaperoning the club's activities, including trips to Mexicali and Olvera Street. You made these events learning experiences.

We respect your dedication and the learning environment you created in your classroom. For all these things, we dedicate this yearbook to you.

Sincerely,

The 1986-87 *Pennon* staff

Crowd's excitement adds fuel to Lancer's 36-0 scorching of Pioneer

Homecoming sparks celebration of beauty

Amidst an overflowing crowd, **Tina Gomez** was crowned 1986-87 Homecoming Queen on Nov. 1st at Cal High stadium, and the dominating Lancers thrashed the Titans in a 36-0 romp.

Grand Marshall **Mrs. Peggy Sebastian** led off the halftime homecoming ceremony by entering the field in a Mercedes, accompanied by her husband and their new baby.

Princesses followed escorted by their fathers. The class float competition continued with creative floats in this year's theme "Medieval Times." The first place winners were the sophomore class with their extravagantly lit castle surrounded by enthusiastic members of the Class of '89. In second place was the junior class with their dragon float as **Roger Park** slayed the dragon, releasing balloons. In third place was the senior class with their Toga Party float. Freshmen followed in last place with their Roman Julius Caesar float complete with a sign, "I come to bury Senior, not to praise him!"

Following the game, Lancers danced in the cafe, to celebrate Homecoming to music by a DJ.

Because the gym floor was being redone, Homecoming assemblies were held in the quad. Assemblies were held to introduce semi-finalists and escorts who were: **Gina Severing & Chris Turley, Kathleen Ono & David Hazel, Heidi Reece & Manny Cervantes, Camille Cross & Mike Westmoreland, Sylvia Juarez & David Moss, Lori Heimerl & John Cook, Lynn Osborne & Eric Ferguson, Maria Rivera & Robby Irwin, Debbie Ward & Mike Stambaugh, Dena Hemenover & Todd Johan, Ann Inga & John Sung, Holly Globerman & Kevin Provost, Nicole Herzog & Marcus Kowalsky, Sabrina Kiechler & Dave Wada, Kathleen Ball & Eric Wood.**

Semi-finalists who became the final court were Princess **Tracey Ferneau** escorted by **Bobby Dreissen,** Princess **Rebecca De La Parra** escorted by **Rich Poliquin,** Princess **Brooke Hart** escorted by **Darin Barber,** Princess **Ann Menchaca** escorted by **Greg Nolasco;** and the Homecoming Queen **Tina Gomez** was escorted by **Bill Borst.**

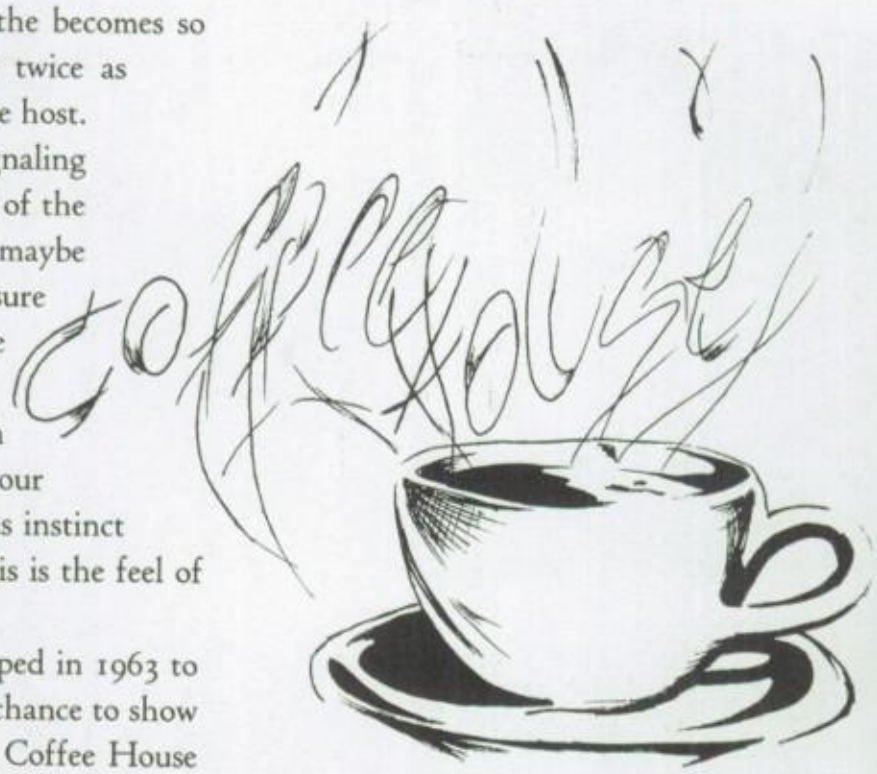
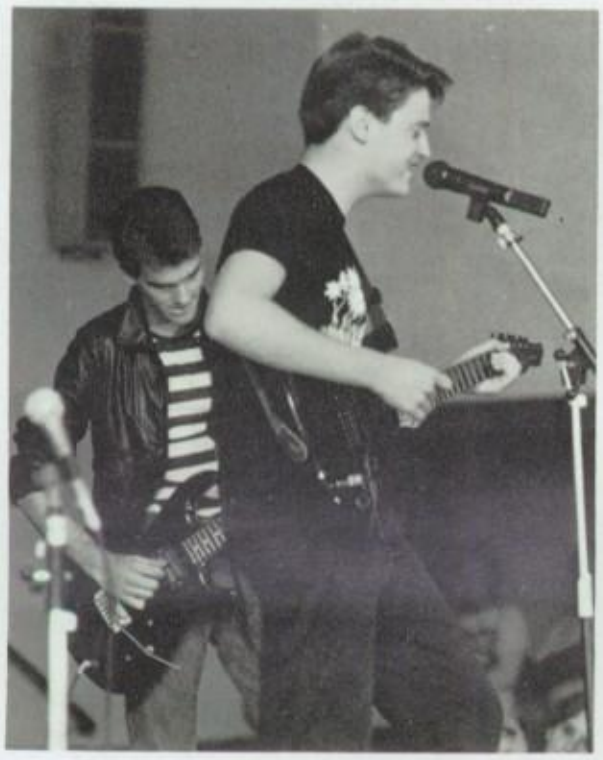
Coffee House Perks

The air which you breathe becomes so thin that you must inhale twice as deep. The lights open on the host. The audience applaudes, signaling "you're up". You take hold of the mike as feedback settles, maybe tune your guitar, or make sure that you're in sync with the others. The crowd becomes hushed. Even though your act has entirely left your mind, it is your subconscious instinct that leads you to begin. This is the feel of Coffee House.



Coffee House was developed in 1963 to give those gifted students a chance to show off their talent. This year's Coffee House was a hit. Our raging urge for "de blues" was relieved by the Blues Boys. The slow/sad songs were performed by **Dave Hazel** and **Nicole Herzog, Thelma** and **Mrs. Padilla, Kristin Ricklef, Florene Lopez, Michelle Miller, Chris Benatz, Gina Severing, Russ Boop, Pam Essig, Debbi Minech,** and the Hilltoppers. The new sound of synthesizers was brought to us by **Ralph Roberts, Mike Meeker,** and **Tod Heggie.** Piano talent starred **Stacey Palmer** and **Dale Allee,** and rock was rollin' with **Eric Wood, Chris Benatz,** and **Russ Boop.**



(above) *As amps scream with the sound of guitars,* **Chris Benatz** *and* **Russ Boop** *rock Coffee House.*

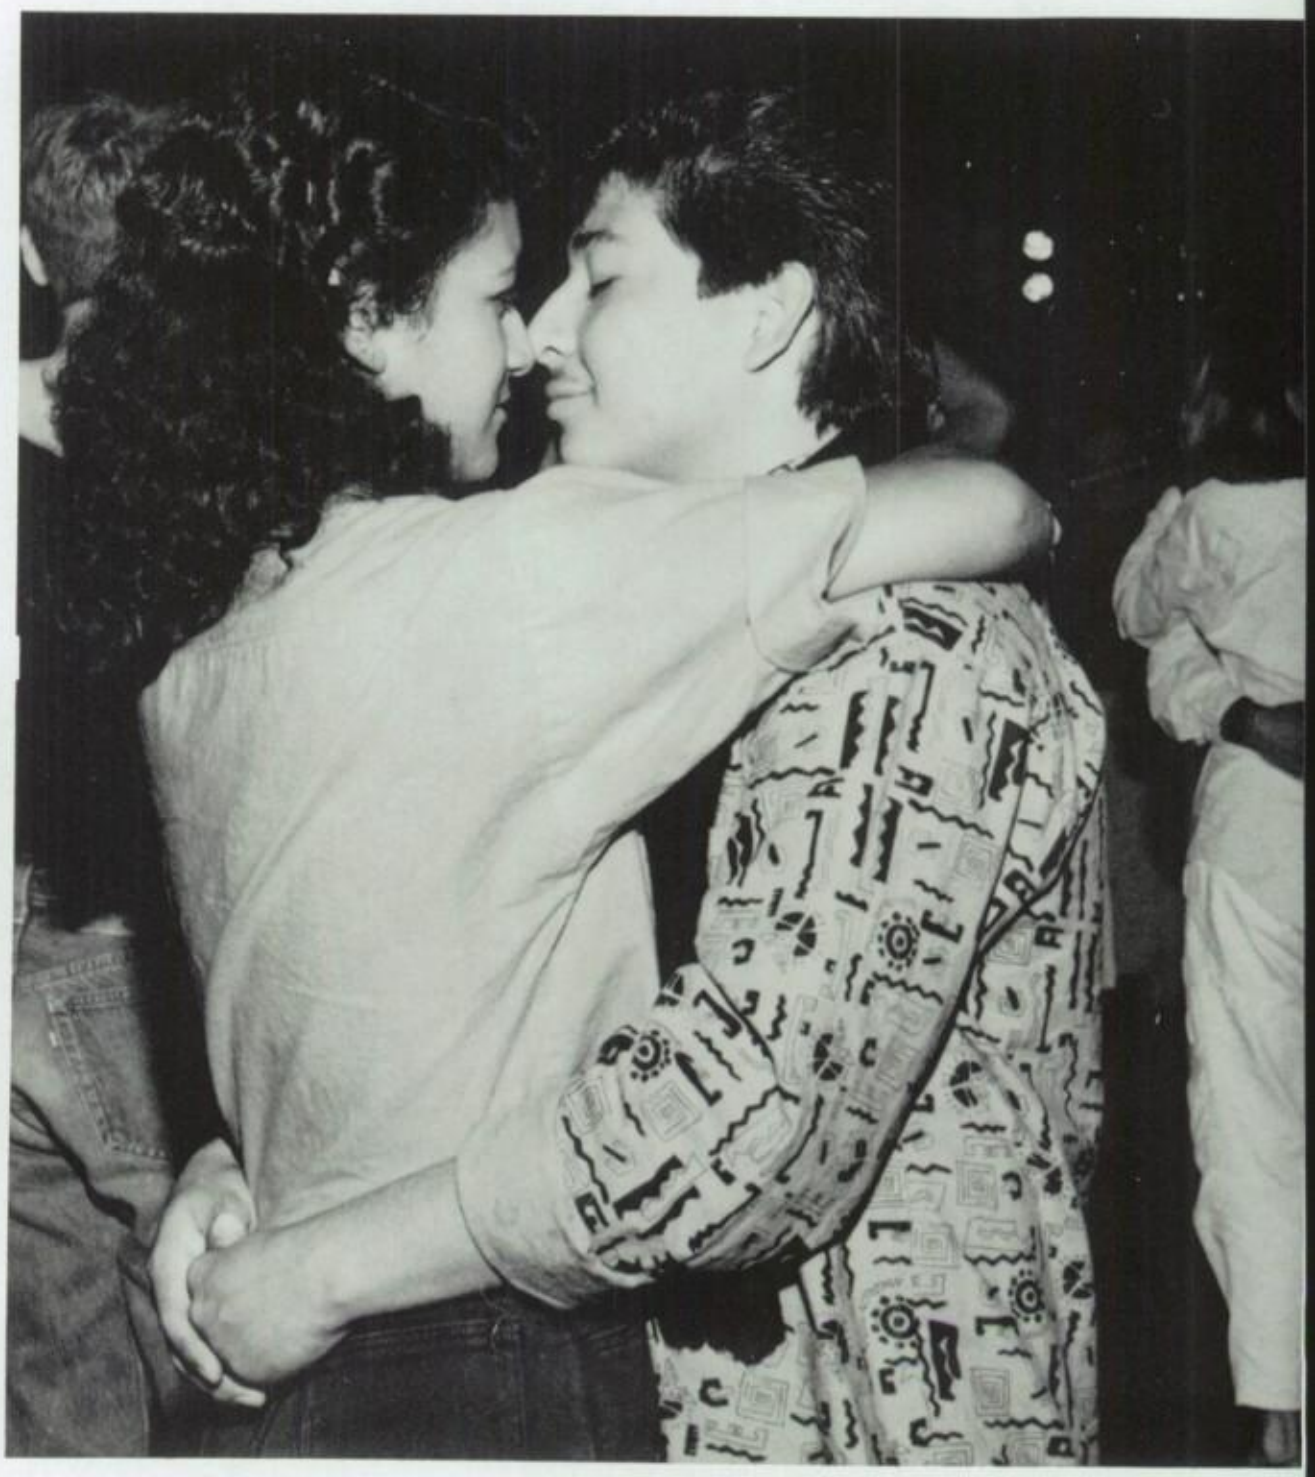
Hula Hawkins sparks romance

"We still haven't gotten our shirts," was the cry heard November 14th, the day of Hula Hawkins. Many rushed to A Touch of Hawaii, a new store in the Whittwood Mall, at the last minute. Held in the cafeteria, this traditional "Girl-ask-Guy" dance sparked many a fiery romance. Couples dressed in matching shirts danced to music provided by a DJ and posed for pictures taken by Sanford Studios. Said **Darin Barber** about the event, "Hula Hawkins was a lot of fun! It's really nice to have the girl ask the guy for a change!"



(above) *Freshmen* **Johnny Ward** *and* **Kim Franklin** *learn to dance the high school way.*

Play puts audience in stitches

Lancers have always been known for their abounding and unending talents. They truly outdid themselves in this year's fall play of *The Imaginary Invalid* by Moliere. This play starred such explosive La Serna talents as **Mike Cardenas, Erin Renouf, Tara Maxey, Megan Eustis** and **Jason Thomas.** It was performed at the Whittier High School auditorium for the three consecutive nights of November 20, 21, and 22. The play was directed by **Earl Byers** and supported by a large number of backstage crew and unseen helpers who pulled together to make the performance a sizzling success.

The Imaginary Invalid is a popular restoration comedy which takes place in the seventeenth century. This play requires perfectly authentic backgrounds, props, make-up and costumes, putting all acting aside, to even be considered a success. This authenticity could be clearly seen and was suprisingly well done by the La Serna troop.

The actors and actresses gave a tremendous amount of effort and talent in the performance, as well as a great deal of time in putting it all together. **Jason Thomas** played the roles of two completely different characters and had to change in and out of two entirely different costumes backstage during the performance. **Erin Renouf** portrayed a maid who was trying to fool her master by altering her costume and entirely changing her personality while on stage. All of the actresses were forced to wear extremely heavy and uncomfortable dresses, petticoats and even corsets. The actors donned nickers, stockings, shirts, vests, and a few coats as well as hats and glasses. Their efforts were well worth it and greatly appreciated as their friends and families were thoroughly entertained for over two hours. Once again, Lancers show how pulling together and giving it your "all" can prove to be an exciting success and a memorable experience for everyone.

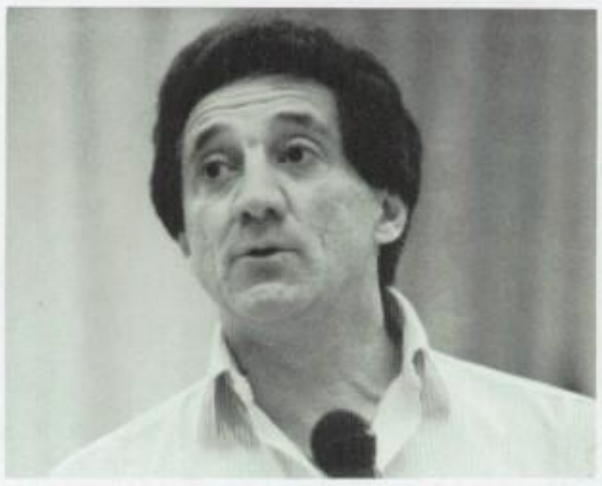
"If you wanna play, you gotta pay!"

Some were ready, some were excited, others were unprepared, a few were scared, a couple didn't care, many were confused, most didn't know what to expect. But once he spoke, all was clear. This was not the actor or the story. This was the real **Toma,** who appeared before La Serna's 1,500 students at an assembly which lasted over two and a half hours.

David Toma has devoted the past 23 years to warning kids about the dangers of drug abuse. In his lectures, **Toma** gives frightening and explosive accounts of what has happened to other drug users in an attempt to direct users and possible beginners away from drugs and alcohol. He had been a policeman in Newark for over 21 years. He served 16 of those years as a detective in Vice, where he became a master of disguise. **Toma** himself became addicted

to tranquilizers soon after his son died from chocking on a piece of food. His son's death was ironic because **Toma,** that same day, had saved the life of a small child who had been choking on a piece of charcoal, yet he was unable to save his own son.

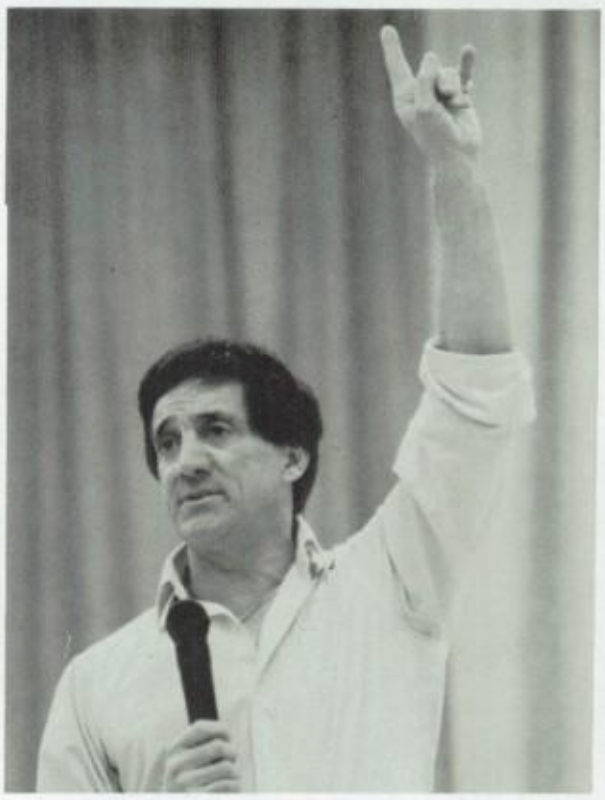
Toma was ill the day he spoke. He had just lost his sister to injuries sustained in an accident caused by a drunk driver. That, in addition to the fact that he had a bad case of bronchitis, led Toma to break down quite easily while on stage.



After recognizing the presence of Whittier's Mayor, **Gene Chandler,** members of the Board of Trustees and PTA members, **Mr. Camalich** introduced **David Toma.** Toma told some of the fascinating stories about his life. He spoke of the horrors he faced while fighting the Mafia. They threatened him, his wife, and his daughter. "This government within a government is making money off the drugs that you kids take," said **Toma.**

Toma spoke of the many chemicals and poisons in a typical marijuana joint. The effect a marijuana joint will have on a smoker is totally unpredictable. Where the marijuana was grown, how it was cultivated, what one had eaten that day, his mood, and even the weather influence the effect, **Toma** said.

He told a frightening case of a boy who, under the influence of LSD, took his fingers and actually tore his eyes out of their



sockets. Then he described an incident involving his daughter. After graduation rehearsals, **Toma's** daughter called him and asked if she could go out with some friends. He consented, but brought her car to her because he wanted her to go separately. It was later discovered that the two guys she was to ride with got drunk and crashed their car into a tree while driving 80 m.p.h. Both boys died.

The highlight of the assembly came when **Toma** asked if there were any recovering addicts in the audience. Student **Paul DeMarco** stood up and walked down to the stage. **Paul** had been addicted to drugs for years. When Toma asked him why he quit, **Paul** responded, "I just got

tired of being tired." When asked what advice he would give to other students thinking about quitting, **Paul** just said, "You've got to really want it."

Whether students agree or disagree with his controversial approach, **Toma** is still respected for his definite stand against drugs. As **Toma** would say, "And you can bet on it, baby."

THE CROWNING

La Serna carried on the hot night tradition of the "Friendliest Freshman Dance." **Johnny Ward** and **Venus Sarni,** crowned Friendliest Freshmen, set an explosive new record with their kiss of over ten minutes, while other students got in the mood. Runners up for Friendliest Freshmen were **Andy Arredondo, Andy DeCorte, Jeff Sung, Joey Batchelor, Tera Heiselman, Ana Martinez, Kathy Chavez,** and **Denise Castillo.**

Rebecca and Dar win dream dates

Hosted by **Erin Renouf,** the Dating Game was held February 24th in the Cafe. Eligible bachelors and bachelorettes answered such questions as "If I were a hanger, what would you hang on me?" and "If you were a car, what car would you be?"

Dar Pendleton, after asking bachelorettes **Mrs. Kay McLarty, Megan Eustis,** and **Erica Torres** numerous questions, chose **Mrs. McLarty** as his date, much to the crowd's delight! **Dave Hazel** was chosen by **Rebecca De La Parra** over the other eligible bachelors, **Vern Brock** and **Jacen Thomas.**

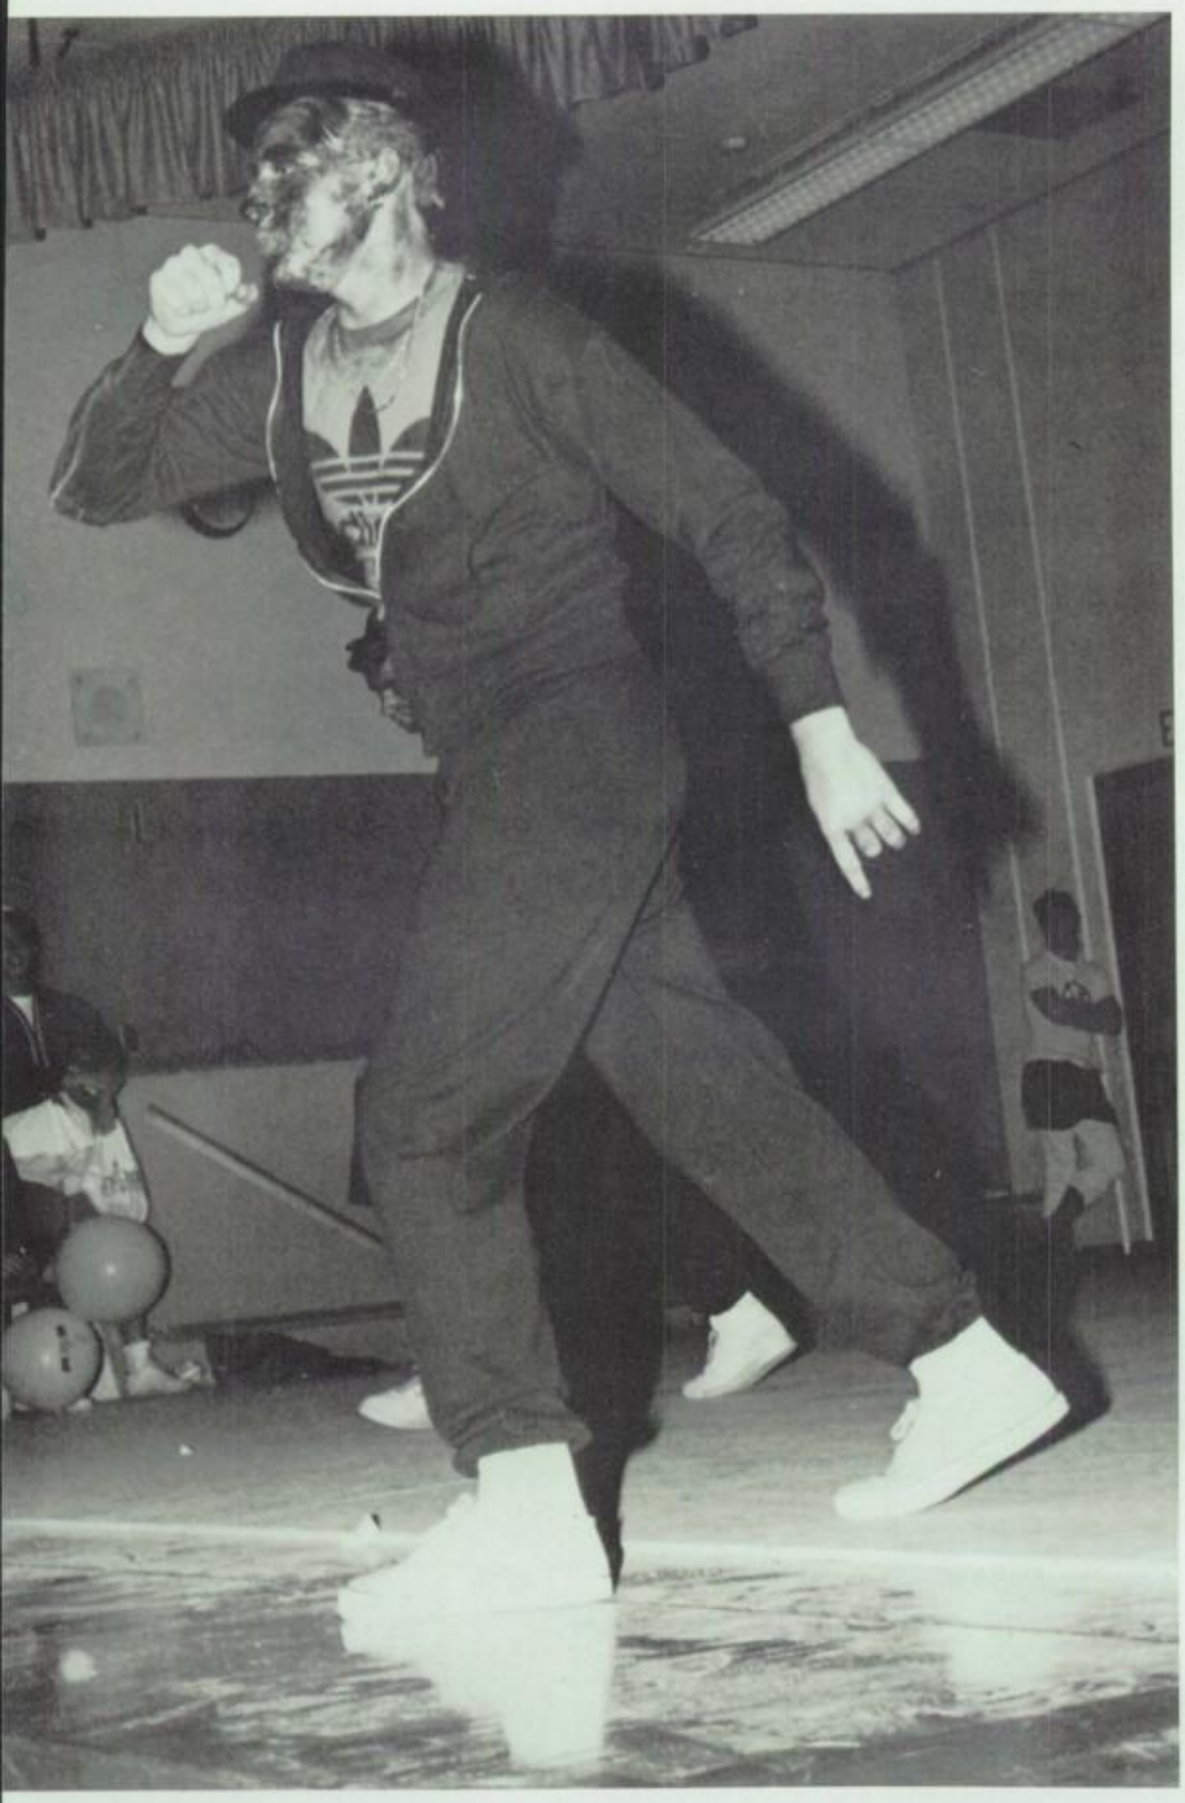
Sponsored by the A.S.B., the event attracted a good-sized crowd.

(above) *In response to* **Dar Pendleton's** *question, "I jumpstart my motorcycle. How do you get your favorite thing started,"?* **Mrs. McLarty** *says, "I crank!" Awaiting* **Dar's** *next question are* **Megan Eustis** *and* **Erica Torres.**

(top) Vern Brock, Jacen Thomas, *and* **Dave Hazel** *think of witty replies to* **Rebecca De La Parra's** *question, "If you were an alarm clock, how would you wake me up?"*

Lip Sync radiates creative energy

The Lip Sync contest was held for the second year, and again it drew a large crowd. The "hot" contestants performed before a lunchtime audience in the Locke Gym, and were judged by the spectators' appluase. **Andy Kowalsky** and **Dean Orcutt,** as Run D.M.C., rapped their way to first place with the song "You Talk Too Much." Coming in a strong second was the group Richard and the Bouncing Balls. Performing for its second consecutive year was The Scum of the Earth, with **Dar Pendleton, Brian Wyatt, Eric Ferguson, Steve Martin,** and **Jason Cortez.** Scum placed third with its impression of Judas Priest. In fourth place was **Russ Biart** as Robert Smith of The Cure, singing "Let's Go To Bed," and in fifth place was the Mickey Mouse Club, singing a tribute to Mickey.



(above) *Richard* **(David Moss)** *and the Bouncing Balls* **(John Sung** *and* **Robbie Irwin)** *sing to AC/DC's song "Big Balls."*

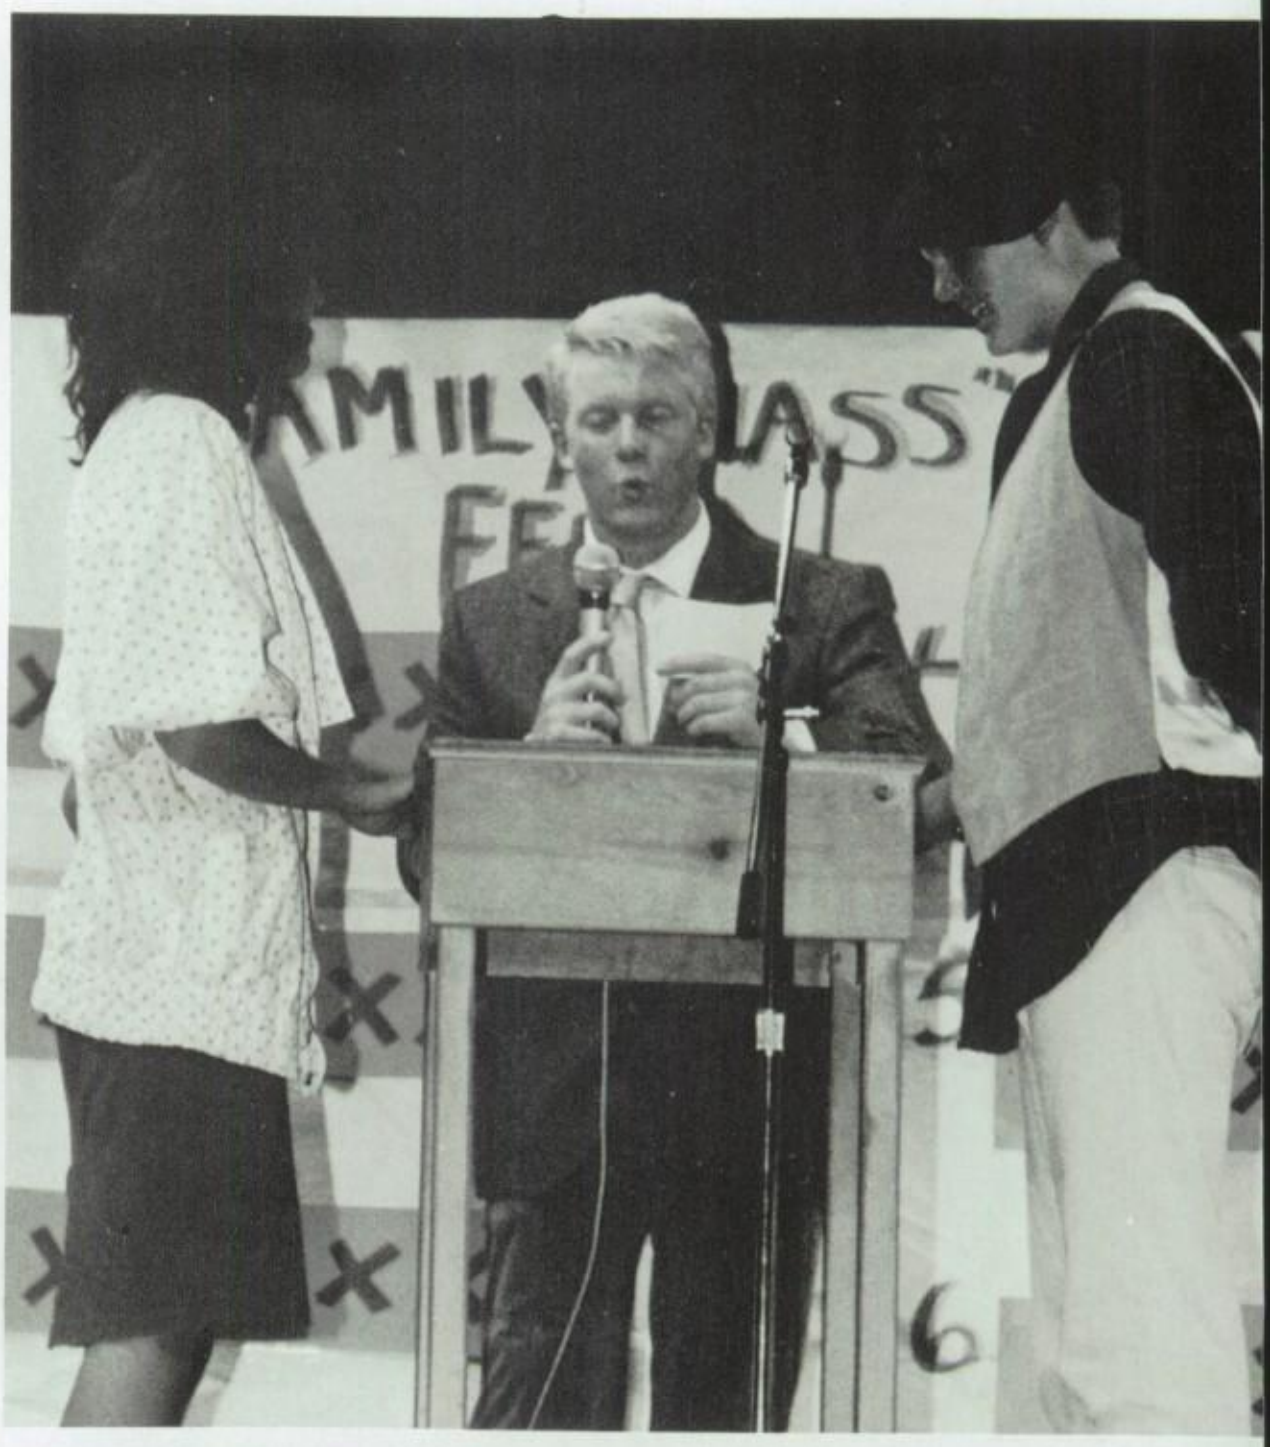
Family Feud fuses fire between classes!

Through the years, here at La Serna, a lot has been done to try to strengthen our school spirit. Games from real shows on television are put to use here. Everybody seems to enjoy these activities. This year a new game show was introduced: Family "Class" Feud. With **Chris Grubbs** as the M.C., the game was off to a big start. Though time and time again, it's been a known fact freshmen always take a beating, but to an amazing surprise, freshmen took it all the way with a victory in this year's version of Family "Class" Feud. Seniors came in 2nd and sophomores came in 3rd with juniors in last place. The class of 1990 shows some promising hope after all!



(above) **Lonnie Harrison** *and* **Aaron Harvey** *await the next question.*

(top right) **Chris Grubbs** *asks the next question to* **Maria Rivera** *and* **Aaron Harvey.**

(bottom right) **Jim Brown** *makes a point with* **Jenny Wyatt.**

Newlywed Game sets hearts on fire!

Embarrassing questions like "What is his favorite condiment?" and "Was your previous girlfriend cuter than your present girlfriend?" made lovers' quarrels come to an end or to a beginning in the Newlywed Game. Couples who participated this year were: **Jason Cortez/Debbie Ward, John Cook/Cathrine Cross, Kevin Provost/Kelly Hernandez,** and **Tom Dupont/Valerie Grabiel.** Questions were put to the couples; the girlfriend or boyfriend would leave the room and come back to predict their girlfriend's or boyfriend's answer correctly. The game started last year. This year's winners were **Kevin Provost** and **Kelly Hernandez.**

Some of the embarrassing questions included: "What animal does your boyfriend most resemble?" and "What bothers you the most about your girlfriend?" The standing-room only crowd in the cafeteria roared with laughter at the answers of the contestants. The game was organized by the ASB under the leadership of **Mr. Steve Ball** and **Mr. Jim Longman.**

(top) *With a question like "What bothers you most about your girlfriend?"* **Kevin Provost** *could only answer the truth about his girlfriend* **Kelly Hernandez.**

Hearts are set aglow on a sea of love

Although it was a Southern California record cold night, couples kept warm by dining and dancing with hearts set aglow on a sea of love. "Enchanted by the Sea" was the theme of the Lancer League's Winter Formal held Jan. 17 in the main ballroom of the Queen Mary.

From 8:00 p.m. to midnight, couples in formal attire danced to the music of two D.J.'s, had photographs taken by Sanford Studios and dined on hors d'oeuvres provided by the ship's galley.

Over 185 couples paid $45.00 to attend the dance. **Mrs. Kay McLarty,** advisor to Lancer League, helped the officers organize the event, donating hours of her time to make the dance a memorable one for the students. Among the many chaperones were staff members **Mr. Wally Horney, Ms. Rose Olivares, Ms. Mary Ellen Wulff** and **Ms. Marilyn Campbell.**

(above) *A crowded dance floor doesn't keep* **Kim Bartram** *and* **Scott Hilland** *from "dancing the night away."*

Coffee House II brews talent

Coffee House perked up the audience again in Part II on February 19. It starred La Serna's alumni, more of In Style's rad sounds, and other students giving it their all. **Chris Benatz** shocked the audience with a hot tune he developed the night before. The show was highlighted by the Blues Boys going rock, making Coffee House II a success once more.

Dance Company turns on the heat

By Kerry Kelly

"Illusions," the La Serna Dance Company's third production, continued the tradition of thoroughly entertaining Lancers, Lancer parents and friends. The big turnout for this production is just one example of the inextinguishable reputation that the Dance Company has made for itself over the past three years. Under the direction of **Ms. Ceci Juarez,** members of the Dance Company bared their dancing talents in all forms and sizes for the two consecutive nights of March 5th and 6th.

The Dance Company consists of La Serna students from freshmen to seniors, and boys are included in the troupe as well. These students put a lot of effort into choreographing dance numbers which ranged from solos to as many as twenty-person routines. Their work truly showed in this year's production of "Illusions."

Director **Ms. Juarez** said, "This production was special because of the departing seniors who I worked with for three years, and because of my love for dance." Ms. Juarez's inspiration for the show's production came from a routine "Ballerina Girl."

(upper right) *The charm of the Geisha girl is seen through* **Lisa Yates** *as she dances to the song of "Sakura" by Michio Miyagi.*

Peppy! The choice of a Lancer generation

by Norma Jimenez

Spirit! Spirit! Spirit! This is what Pep Week was all about. It all started with voting for eight songleaders and eight yell leaders for each class.

Throughout the week of March 16th through 20th, each class competed with each other on participation, enthusiasm, originality, decoration, clean-up, use of class colors, over-all organization, behavior, and compliance with the Pep Week rules.

The festivities started on Monday morning with the freshmen class decorating the Senior Block and Quad. Freshmen used the colors of gold and white. At lunch they had a chance to show how good their class spirit was. During the pep rally held in the gym, freshmen yell and song leaders performed before a cheering crowd. Judges attended the rally to begin scoring the freshmen on their ability to show class spirit.

The routine repeated for the sophomore class on Tuesday. The sophomores wore red and white and decorated the gym and the Senior Block in those colors. On Wednesday the juniors had their chance to show their spirit in red and gold. Finally, the seniors invaded on Thursday in red, white, and gold. Seniors, being the oldest and the most experienced in Pep Week activities and organization, usually take first in competition. This year was no exception as the senior class won first for their rallies and performance.

When all the classes united in the gym for a big rally on Friday, the dance and yell routines were repeated. The activity advisors, **Mr. Jim Longman** and **Mr. Steve Ball,** added more competition and fun to involve students. Students competed in a mini-olympics which included races and food eating. Each class also performed a three minute skit using props and microphones.

After the rally, which lasted until 4:00, the students cleaned up the gym and **Mr. Ball** announced the winners of the Class Award, which was for the best class day, Monday-Friday. Seniors placed first to no one's surprise, while juniors were second, sophomores were third and freshmen were fourth.

At the dance held Friday evening, **Mr. Longman** announced the winners of the Rally Award. Again the senior class came in first, with the juniors coming in second, freshmen placing third, and sophomores placing fourth. The freshmen class placed first in the Principal's Award which goes to the class that was the most cooperative throughout the week. Sophomores came in second place, juniors in third, and seniors placed fourth in that category.

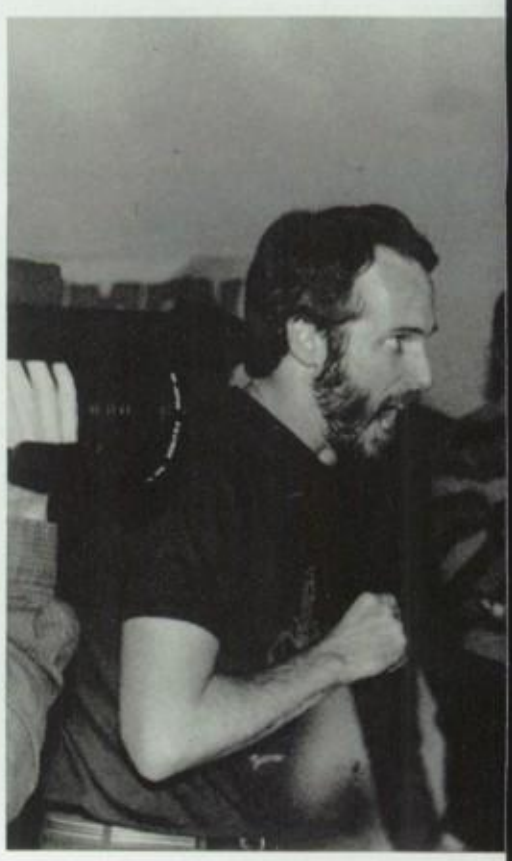
Regardless of their places, the classes showed much school spirit. There were a few problems with students being **too** competitive this year with some students being sent to Viewpoint for greasing the Senior Block and others throwing eggs, but over-all the activities went smoothly.

As the junior class said in their skit, the moral was "Don't grease the block!"

"Hopefully, in the years to come, students will realize destructive behavior is not school spirit," said **Mr. Ball.** "Despite the few problems, however, Pep Week was an exciting, fun-filled week promoting pride in La Serna."

Senior class sizzles!

The Senior class of '87 cheered its way to two first place Pep Week awards. Leading the Seniors in cheers and chants were the Yell and Song Leaders. Yell included **Darin Barber, Manny Cervantes, Rich Poliquin, David Hazel, Eric Wood, Robbie Irwin, John Sung,** and **Marcus Kowalsky.** Song Leaders were **Rebecca De La Parra, Erica Torres, Donna Leslie, Brooke Hart, Heidi Reece, Marie Olivas, Nicole Herzog,** and **Sylvia Juarez.** Red, gold, and white were the colors seniors could decorate with and wear.



(above) *When Bobby Lancer* **(Jim Thomas)** *responds to Peter Lancer's* **(Dave Moss)** *knocking over the Spirit Cup with, "Mom always said, don't play Pep Week in the house! ... house! ... house!", seniors laugh and cheer on "The Lancer Bunch"! The senior class showed their spirit by moving as a group from the bleachers to the floor to watch their class skit.*

Jessamyn West contest sparks imaginations

Having a story or poem published may seem like a dream to most people, but to seven La Serna students, this was a dream come true as they won the Jessamyn West Writing Contest and had their works published.

Many Lancers entered this annual contest, which is supported by the Whittier Union High School District and the East Whittier City School District. It is designed so that students in grades 7-12 may submit their writings to be published in hardback book form, if they win.

Students who entered were invited to a workshop at Whittier College, where they participated in two hour-long seminars, and where they listened to guest speakers lecture on the concept of writing. After the seminars were completed, the winners and their parents were invited to a luncheon and awards presentation.

The contest was named after Jessamyn West, a Quaker who moved to Whittier at the age of six. She had wanted to write since she was a little girl, but she denied herself this wish, which she considered an impossible dream, and instead studied the writings of others.

Her teachers recognized her potential when she entered high school, and they sent her to other classes to read her stories aloud.

It wasn't until after she graduated from Whittier College that she began writing for publishers, and then only after a near-fatal bout with tuberculosis, when she could do nothing but write. She got many books published before her death in 1984, including the critically acclaimed *Friendly Persuasion*, which was later made into an Academy Award-winning movie in 1956.

The winning entrants in the Jessamyn West Contest were: **Leigh Taylor Combs,** Second Place, Personal Essay; **Kiyon Chung,** Honorable Mention, Personal Essay; **Angela Wise,** Honorable Mention, Essay; **Mike Velez,** Second Place, Poetry; **Carolyn Aline Burt,** Honorable Mention, Poetry; **Max Stinson,** Honorable Mention, Short Fiction; and **Darren Spurr,** First Place, One-Act Play.

Student brainpower put to the test

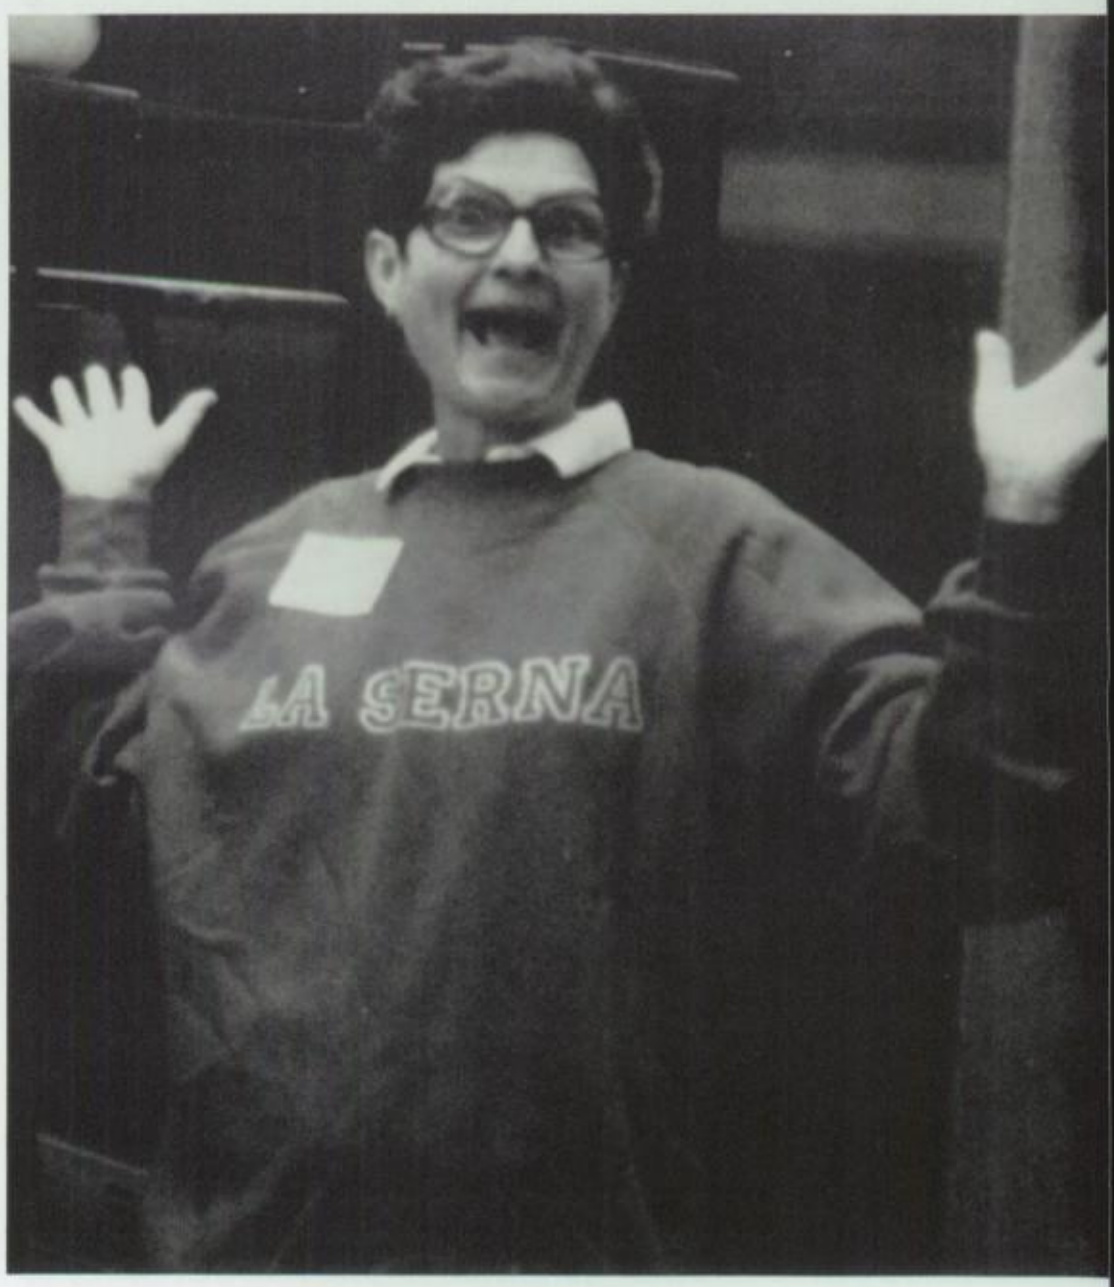
by **Carolyn Burt**

It was a cold, wet Saturday morning. At 6:30 am, students from all over the district were gathered at Pioneer High School to await the bus that would carry them to that long prepared-for, much anticipated event — the 1986 Academic Decathlon.

After four months of independent research, the real push for knowledge and understanding came during the last week of August, when the district sponsored a week-long seminar focusing on the topics of astronomy, chemistry, European history, selected literary works, Renaissance art and music, and the Constitution of the United States. Overwhelmed with copious notebooks of information gathered in such a short time, the students were mentally drained. Still, speeches had to be written, re-written, practiced and revised. With all this to do, school was beginning, adding another load on top of the first. The final weeks prior to the event saw the academic athletes preparing before school, on weekends and holidays, and even during other classes. Nevertheless, the day came all too soon. On November 15, the students piled onto the bus to West High School for an exciting, mind-challenging adventure.

We arrived around 7:30 am ready to have a good time. Orientation in the gymnasium was an enthusiastic experience, but everyone was still a little nervous. Reporting to our home rooms, the first two exams brought mixed results. Sharing our reactions over the free breakfast from Del Taco, it seemed things were going all right. As the day progressed, we could see our results being posted on the wall with all the other schools. We didn't look too bad! Then, one by one, we each had to give our speeches. This was probably the most stressful part of the day. Three judges in an empty classroom was our audience for both a prepared speech and a two-minute impromptu. That finished, the day quickly resolved to the main event of the Decathalon — Super Quiz.

Back in the gym with all the other schools, we were ready to start. One participant from each school sat at a desk on the gym floor facing a screen. The question flashed on the overhead, and the contestants had only fifteen seconds to answer it, while the audience sat in anxious silence. The correct answer was given — we got it right! Everyone yelled and cheered at the results. In turn, each participant answered five questions the same way. At every answer the La Serna team was screaming and jumping up and down. The final answer — and it was all over. We were happy and exhausted, glad to be going home, but grateful that we were a part of such a prestigious event.



M.U.N. smolders

Model United Nations is a debate club comprised of students interested in finding possible solutions to problems of world affairs. At annual conferences, students from various schools representing different countries meet and debate current issues from their country's point of view. At the closing of a typical conference, resolutions drawn up by the various committees are presented to a General Assembly. Thus, not only is this club loads of fun, but it is also very educational.

This year, the club planned to attend conferences at Disneyland, Mission Viejo High School, and UC Riverside. Unfortunately, due to the ailments of advisor **Mrs. Sharon Mitchell,** all club activities were suspended for the year.

Lancers tell a success story

Students succeeded in both the PTA Reflections and the Bank of America Achievement Awards. Winners in the PTA district division included **Ralph Roberts,** first — visual arts, **Dale Allee,** First — music, and **Marcella Altamirano,** third — literature. Plaque winners of the Bank of America Awards included **Brooke Hart** — science and mathematics, **Helen Jackson** — liberal arts, **Boonchai Empremsilapa** — applied arts. Certificate winners were **Richard Matsumoto** — art, **James Thomas** — drama, **Gina Ponce** — music, **Mindy Brown** — business and education, **Darren Spurr** — English, **Becky Napier** — foreign language, **Camille Cross** — social studies, **Mike Westmoreland** — science, and **Sho-Mei Huang** — math.

Freshmen adjust to high school academics

You could hardly wait for it to arrive and yet, when it did, you could hardly wait until it was over. What was it? Your freshman year!

The freshman year is unique with its new experiences and anxieties and excitement. Ninth grade La Serna students face an unfamiliar and larger campus, new teachers, a bigger student population, a wider variety of classes, new counselors, and the infamous Viewpoint. If that wasn't enough, students also must face the fact that they are the underdogs who might sometimes get picked on by older students. No wonder they were nervous September 8th, 1986.

Steve Vega said, "As summer began to end, I could feel the butterflies begin to fly in the bottom of my stomach. It's quite an ordeal for you to leave your old school of the past three years; and with your old friends not following you, a guy can feel homesick."

Fellow classmate **Candi Rico** said, "Being a freshman is getting used to a lot of new things. You have to get used to six new teachers, lots of homework, and new friends."

"The bad thing about being a freshman is that everybody thinks they can push you around," said **Kristi Grinager.** "Also, you are just getting used to a new big school and everybody gives you a hard time with what they think is funny." **Kristi** also bemoaned the fact that freshmen must take swimming in the P.E. course.

Jeung Kim said, "Being a freshman is really hard because there are many tests and too much homework. You have to spend at least three hours to finish your homework, whereas, you had to spend only an hour to finish homework in jr. high."

However, as the year burned along, the freshmen adjusted and many had positve comments about their first year. **Jeung** pointed out, "It's fun to be a freshman because you get to know the other students from the other schools and because you get to know new teachers."

Christy Rico said, "I like being a freshman because you're at a high school and the people treat you like you're mature."

(top) *Twins* **Christy** *and* **Candi Rico** *work together on their homework to make their freshman year easier.*
(left) Gina Saavedra *listens to her friend* **Ramona Diaz** *at an assembly welcoming the freshmen to La Serna.*

ESL program teaches international students

Imagine you're in a new country where the language, the customs, and the people are strange to you. Then imagine having to go to high school in this new environment. That situation is what the ESL (English as a Second Language) students face at La Serna.

The ESL students come from 17 countries, the majority being countries where Spanish is spoken, but many come from countries where the language is Vietnamese, Laotian, Romanian, or Chinese. La Serna's program helps students learn English as quickly as possible so that students can continue studying and obtain their high school diplomas.

The teachers use a variety of methods in the ESL classes including using pictures, posters, realia, tapes, songs, movies, and textbooks. The classes are taught completely in English. It's not necessary, or even possible, for the teacher to know all the native languages of the students. ESL teachers are **Mrs. Mader, Mrs. DeSimone, Mr. Diaz, Ms. Conrado, Mrs. Rodriguez,** and **Mr. Ball.**

There are five ESL levels: ESL A for beginning students who have recently arrived in the U.S.; ESL B for students who have mastered survival English; ESL C for students who are achieving fluency; ESL D for near-fluent students; and Transitional for students almost fluent enough to be moved into the regular English program.

(above) *Using pictures in* **Mrs. DeSimone's** *ESL class,* **Marcos Zamora** *shows that he knows household words in English. ESL is taught using pictures and realia (real objects).*

(left) Lino Torres *smiles in* **Mrs. Mader's** *English as a Second Language class.* **Lino** *has two hours of ESL everyday along with his other classes. ESL students must complete the equal number of units of credit and must pass the same proficiency tests as the regular program students to graduate.*

Computers are the current rage in business classes

The La Serna Business Department offered classes designed to help students in their future careers. The classes offered included typing, accounting, computers, and job skills.

Ms. Nan Shapiro continued in her second year as department chair, helping students gain computer skills. Students made use of the new typewriters and computers purchased last year. The new electronic typewriters gave students a chance to learn using the latest in technology, while the User-Friendly Apple IIe computers helped students learn an important, perhpas essential, skill for future jobs.

(top) *Sharing a computer,* **Jerri Alvaney** *and* **Jennifer McElrath** *laugh at their mistakes.*

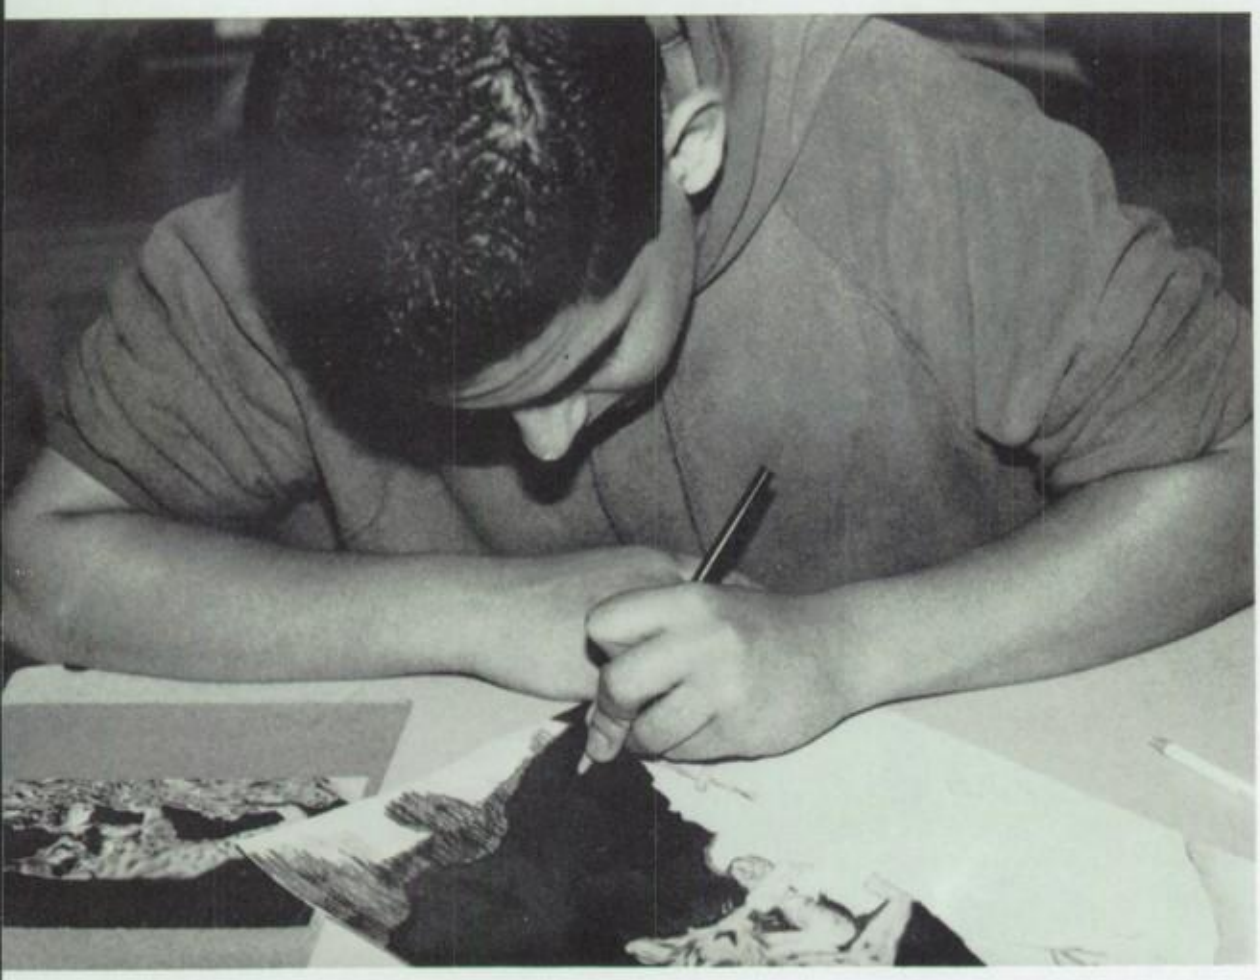
(right) **John West** *practices shading.*

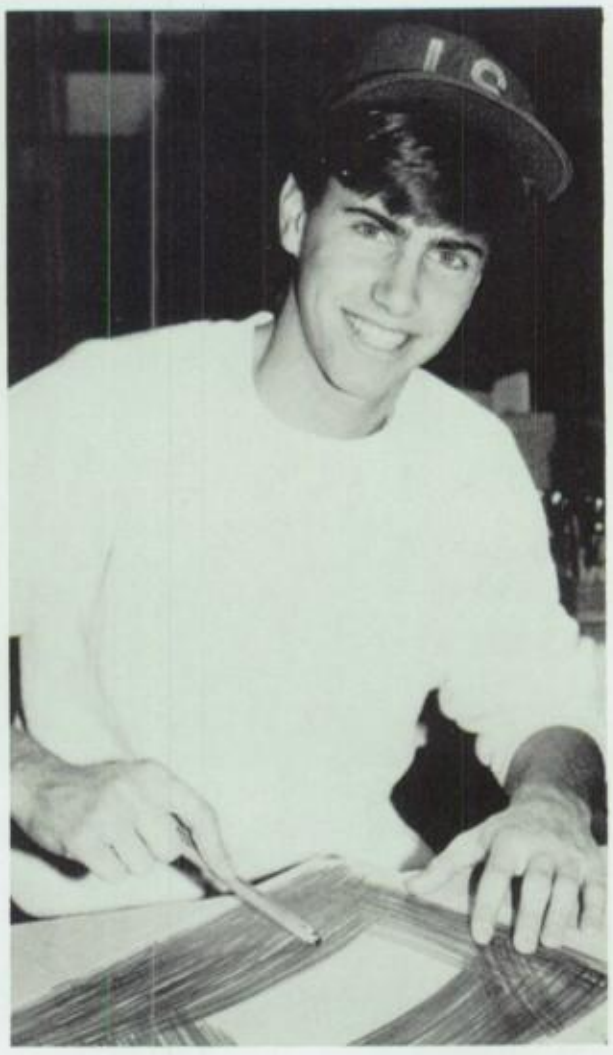
Art Department fuels creative urge



"Art is an expression of feeling, and wherever there is feeling or emotion there is art," said **Jeff Kuns** (known in the art world as Smith), a third year art student. **Kuns** has had the help of **Ms. Mary Ellen Wulff** in his artistic development. **Wulff** taught second, third, and fourth year art. First year art was taught by **Mr. John Hertzberg.** The different forms of art covered ranged from colored pencils and watercolors to acrylic painting and silk screening in the more advanced classes. The first year art students worked together as a group all at the same place, while the more advanced students worked on individual projects, each person excelling in a different field.

Although art class might seem like fun and games to some, there is really a lot of work involved. There are quarter projects which include turning in ten different works of art done outside of class, and semester projects, usually an oral report about an artist or form of art.

An alternative to art class was ceramics, taught by **Mrs. Dolores Schiffert.** In that class students learned to work a potter's wheel and kiln.



By any other name,

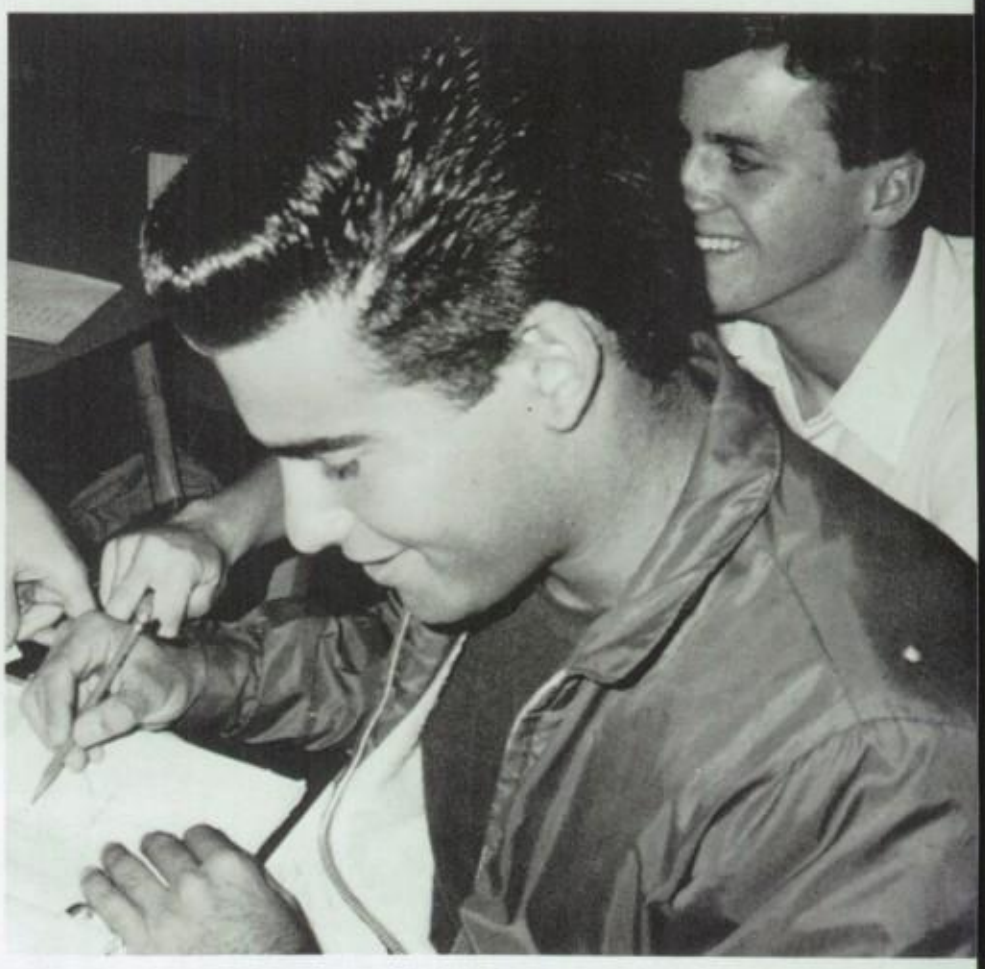
English would still spell the same

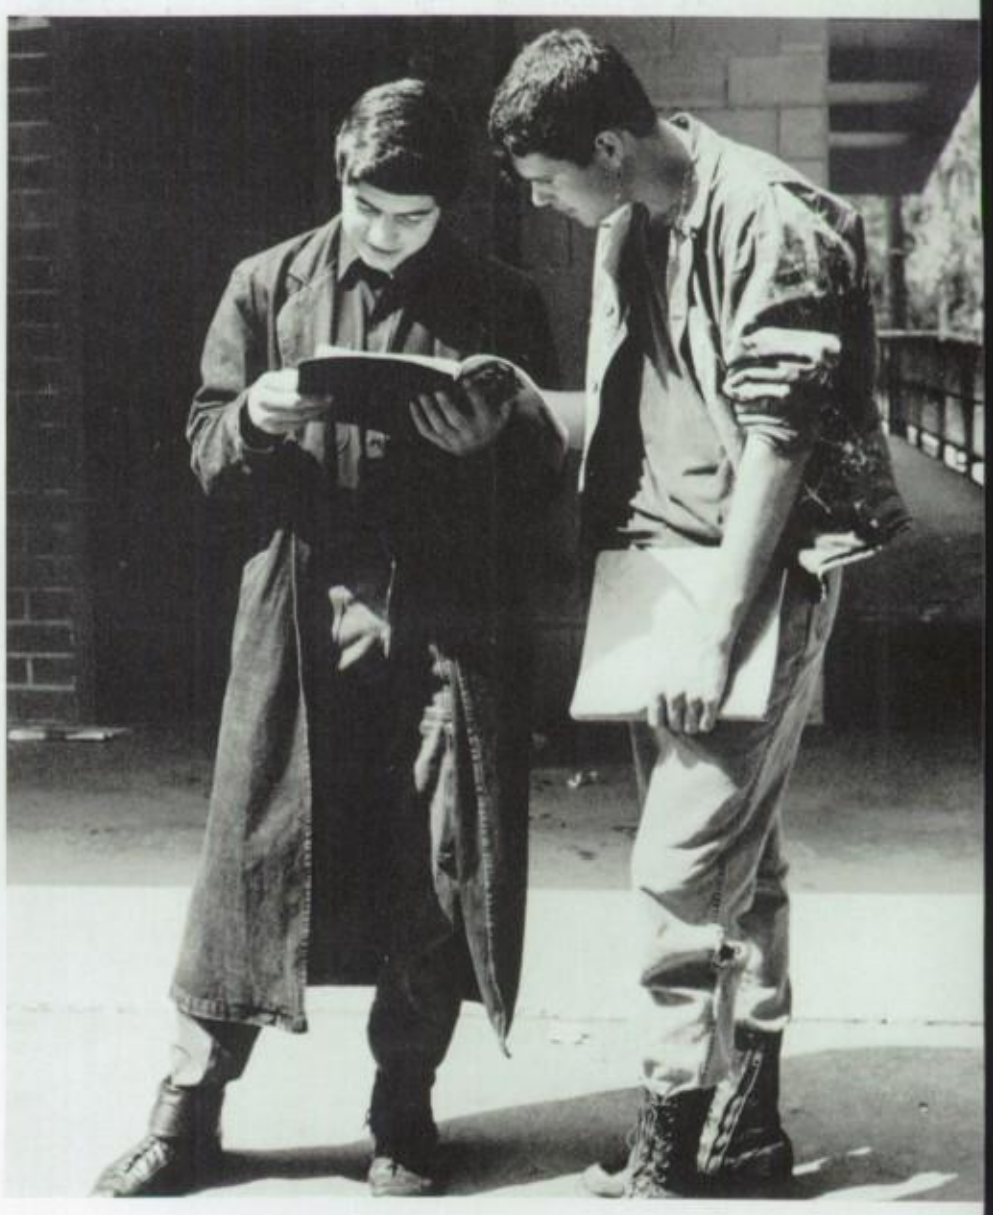
As **Joanna Exacoustos** continued as chair of the English department, students made increased use of the six English department computers doing speed reading and word processing programs. English Aide **Mrs. Shirley Fessenden** was again the right-hand of the department assisting with the computers, grading exams, typing, tutoring, and using the copy machine.

Mr. Jeff Hopper completed his student teaching semester with **Mrs. Sharon Mitchell** and **Mr. Ed Brandt** serving as master teachers. **Hopper** was then hired to teach English as a second language and Freshman and Sophomore English for second semester.

The English department continued its use of the district-wide curriculum based on the state curriculum guidelines. Students continued reading and writing, keeping journals, doing research papers, and studying literature including works by Shakespeare, Hemingway, and Steinbeck. Favorite books with the underclassmen were *To Kill A Mockingbird* and *Lord Of the Flies*, while upperclassmen enjoyed reading *The Scarlet Letter*.

According to **Mr. Ball,** "The English Department works with the whole child to develop his/her full potential in the areas of vocabulary, writing, and oral language skills.





(above) **Mr. Ball** *poses with his E.S.L. class (a.k.a. The Señor Pelota Fan club).*

(top right) **Ron Perry** *doodles while* **Joe Risse** *looks on.*

(right) **Anthony Danciu** *looks over some written works by* **Max Stinson.**

Ignite! Feu! Feuer! Encender! Ignis!

Foreign languages were taught by the regulars. Being a native German himself, **Mr. Fritz Neumann,** known to his students as **Herr Neumann,** taught French and (what else?) German. Spanish was taught by that wild and crazy guy, **Señor Dave Evans.** And Latin was taught by **Mrs. Kay Burkhart.**

In January, La Serna said good-bye to **Mr. Reg Dorff,** a strong fixture in the foreign language program. **Dorff** retired early due to an illness. **Ms. Reyna Conrado** moved from the E.S.L. program to take his place as a Spanish teacher.

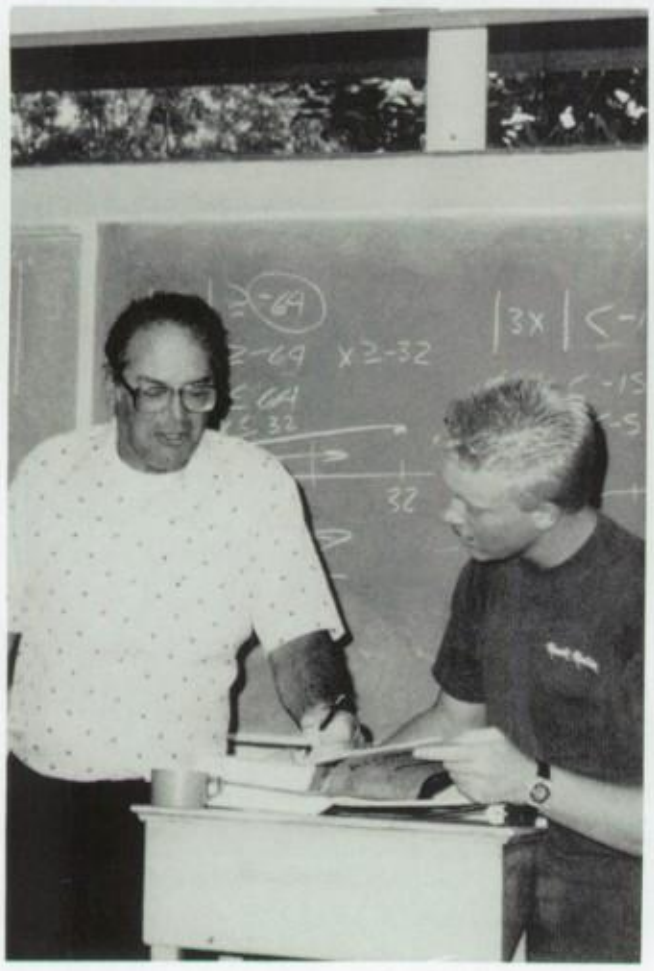
(top) Señor Dave Evans *throws a cultural party for his Spanish IV class.*

(above left) Herr Fritz Neumann *raps with his French II class.*

(left) Steve Dato *scribbles on a piece of scratch paper in his Spanish I class.*

Math counts at La Serna

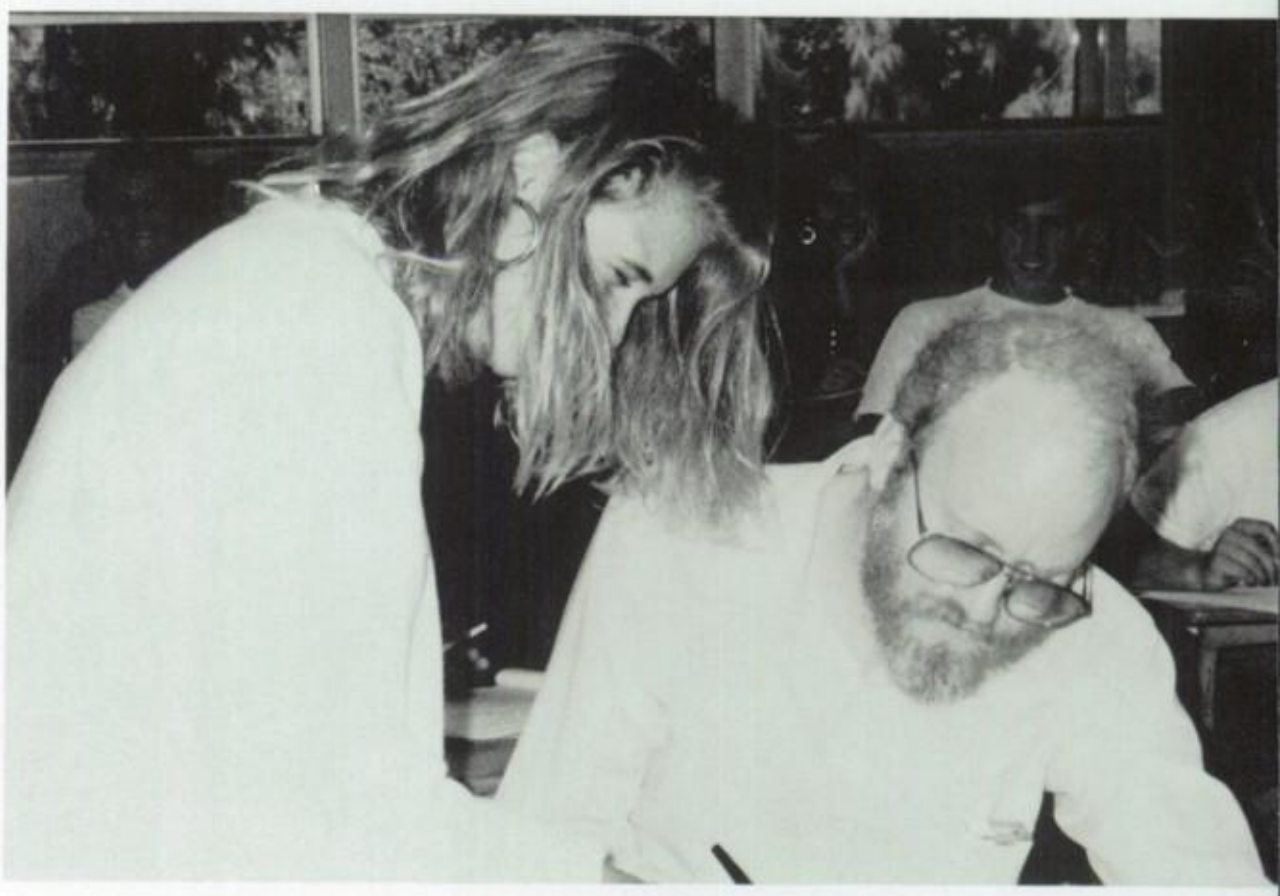
Under the leadership of **Dr. Jack Pribnow,** the Math Department continued its training of students in all fields of mathematics including calculus, geometry, math analysis, and business math. The department continued its tracking program with Honors, College Prep., and regular classes. There were no new teachers hired for the Math Department, but Mrs. McConnell continued in her second year of teaching algebra.



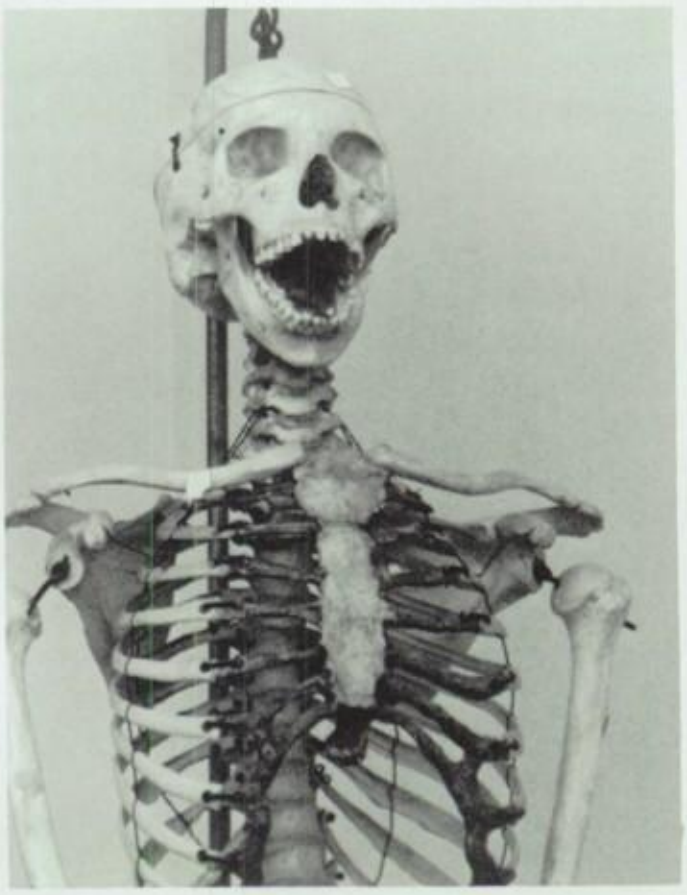
(top right) **Michelle Alatuau** *and* **Lia Harvey** *"buzz" Mr. Schupmann for the answers on their test.*

(right) **Mary Hazel** *quizzes* **Mr. Shoop.**

(above) **Mr. Ivey** *teaches* **Chris Grubbs** *about inequalities.*



Student scientists have explosive fun.



With his unusual lab experiments, new teacher **Mr. Chris Heaton** brought a burst of enthusiasm to the already thriving Science Department. **Mr. Heaton's** students tested gravity in the quad using a bowling ball, rope, 3x5 cards and a piece of plywood. Another remarkable experiment included testing the power of sound.

A new department chair, veteran teacher **Mr. Ray Guarine** replaced **Mrs. Marsha Davies** who stepped down to resume class duties. **Mr. Ray Guarino** completed his second year in the department.

(top left) Jen Mears, Erin Renouf, Michelle Renouf, Marc Morales *and* **Ann Menchaca** *poke and prod in Biology.* **(above) Bob Boner** *bears his best.* **(left) Mr. Heaton** *tests gravity with his class.* **(below left) David Johnston** *takes a deep look into Kermit.* **(below) Sheryl Ziff** *plays the mad scientist.*

Drama department sparkles with talent

The students in the La Serna Drama Department are kept busy with skill exercises, such as improvisations, original and borrowed monologues, dialogues, and short acts.

A small percentage of the drama students plan to make a living from drama, but the others see it as an aid in self expression.

The class is one of the most popular among students.

Mr. Byers has been the teacher of the La Serna drama classes for many years. He has also directed all of the school plays. Many pupils feel he is doing a terrific job.

Bilingual program continues despite state controversies

Although smoldering with controversy, bilingual programs continued throughout California, even with the new "English as the Official Language" legislation passed in November. La Serna's Bilingual Program was no exception as it continued to provide over 300 students with learning material in English and the students' various native languages.

English skills in speaking, listening, reading, and writing were emphasized in the different courses along with the subject matter.

The program provided aides to help the students with their studies. Aides included **Rachel Perez, Daisy Gonzalez, Barbara Delgado, Irene Salazar, Martha Vasquez,** and **Hiep Vo.**

Elias Alvarado continued to head the program with the assistance of **Linda Niehaus. Tony Gandara** provided counseling services for the Bilingual students.

Teachers such as **Ramon Diaz, Ben Ubovich, Linn Fairchild, Orville Hinshaw, Cecilia Juarez, Beverly Krusemark,** and **Juanita Meraz** had bilingual classes.

(top) Renata Rivero *and* **Magdalena Moran** *enjoy a break from their studies with a lunch in the cafeteria.*

Yosemite trip lights up Summer for Bilinguals

Hiking, swimming, rafting, talking around campfires, and dancing by flashlight — these were just a few of the activities enjoyed by 39 La Serna students who camped at Yosemite for one week in August.

Bilingual Director **Elias Alvarado** organized the trip while **Linda Niehaus** led a group of 13 backpacking for three days and two nights. The group one evening had to frighten off a bear that attacked their food supply ripping into and devouring their trail mix. Backpackers included **Lorena Alvarez, Santos Cardenas, Luis Flores, Salvador Guitterez, Geronimo Olmedo, Magdalena Pena, Manolo Pineda, Silvia Pineda, Irene Ramirez** and **Willy Rivera.**

Other Lancers who turned campers were **Marty Chang, Luis Flores, Rosa Flores, Teresa Garciaparra, Reyna Gonzalez, Martin Gomez, Maria Jauregui, Claudia Leal, Jose Mendoza, Maria Meraz, Rozana Meraz, Na Young Paek, Adriana Perez, Salvador Perez, Francisco Pineda, Oscar Raymundo, Jaime Rivera, Edgar Rivero, Luan Vu,** and **Chuck Zhu Ren Zhu.**

Faculty and staff went from classrooms to tents as they served as camp counselors. In charge of cabins were **Ramon Diaz, Shelly** and **Ron DeSimone, Oscar Lopez, Bounxou Rahsavong, Irene** and **Ray Rubio, Maria Uribe, Martha Vasquez** and **Marino Parada.**

The annual Yosemite trip provides Bilingual students with a chance to see the National Park's beauty while developing their English as a second language.

Students are placed on Honor Roll if they earn all B's and A's in all classes and maintain satisfactory or outstanding citizenship marks. The above includes first semester Honor Roll members. Second semester Honor Roll was not available at press time.

Community comes to campus on Career Day

Despite a high student absentee rate, Career Day 1987 organized by Career Counselor **Ms. Peggy Sebastian** was a success. On February 25th, Community members ranging from accountants to truck drivers came to speak to the students about jobs and careers.

Some of the more popular sessions were modeling and music. The Armed Services representatives spoke to Lancers interested in serving their country after graduation.

During the Lunch Faire students visited exhibits and displays showing career opportunities. An especially popular exhibit was from Mr. Dominic's School of Hair Design. **Mr. Dominic** and his stylists demonstrated hair and make-up techniques taught at his school. Another exhibit, sponsored by the Marines, showed students how to camouflage for combat.

Principal honors top students

For the last five years, **Principal Leo Camalich** has been proud to recognize outstanding members of the student body.

Teachers nominated students from their classes who were leaders in the classroom, who had low absenteeism, and who participated consistently in class activities. Counselors and administrators were then asked to make the final selections.

Students who made Principal's List were invited with their parents to a dinner where they enjoyed a banquet in their honor.

Students who are listed below represent the finest students on campus.

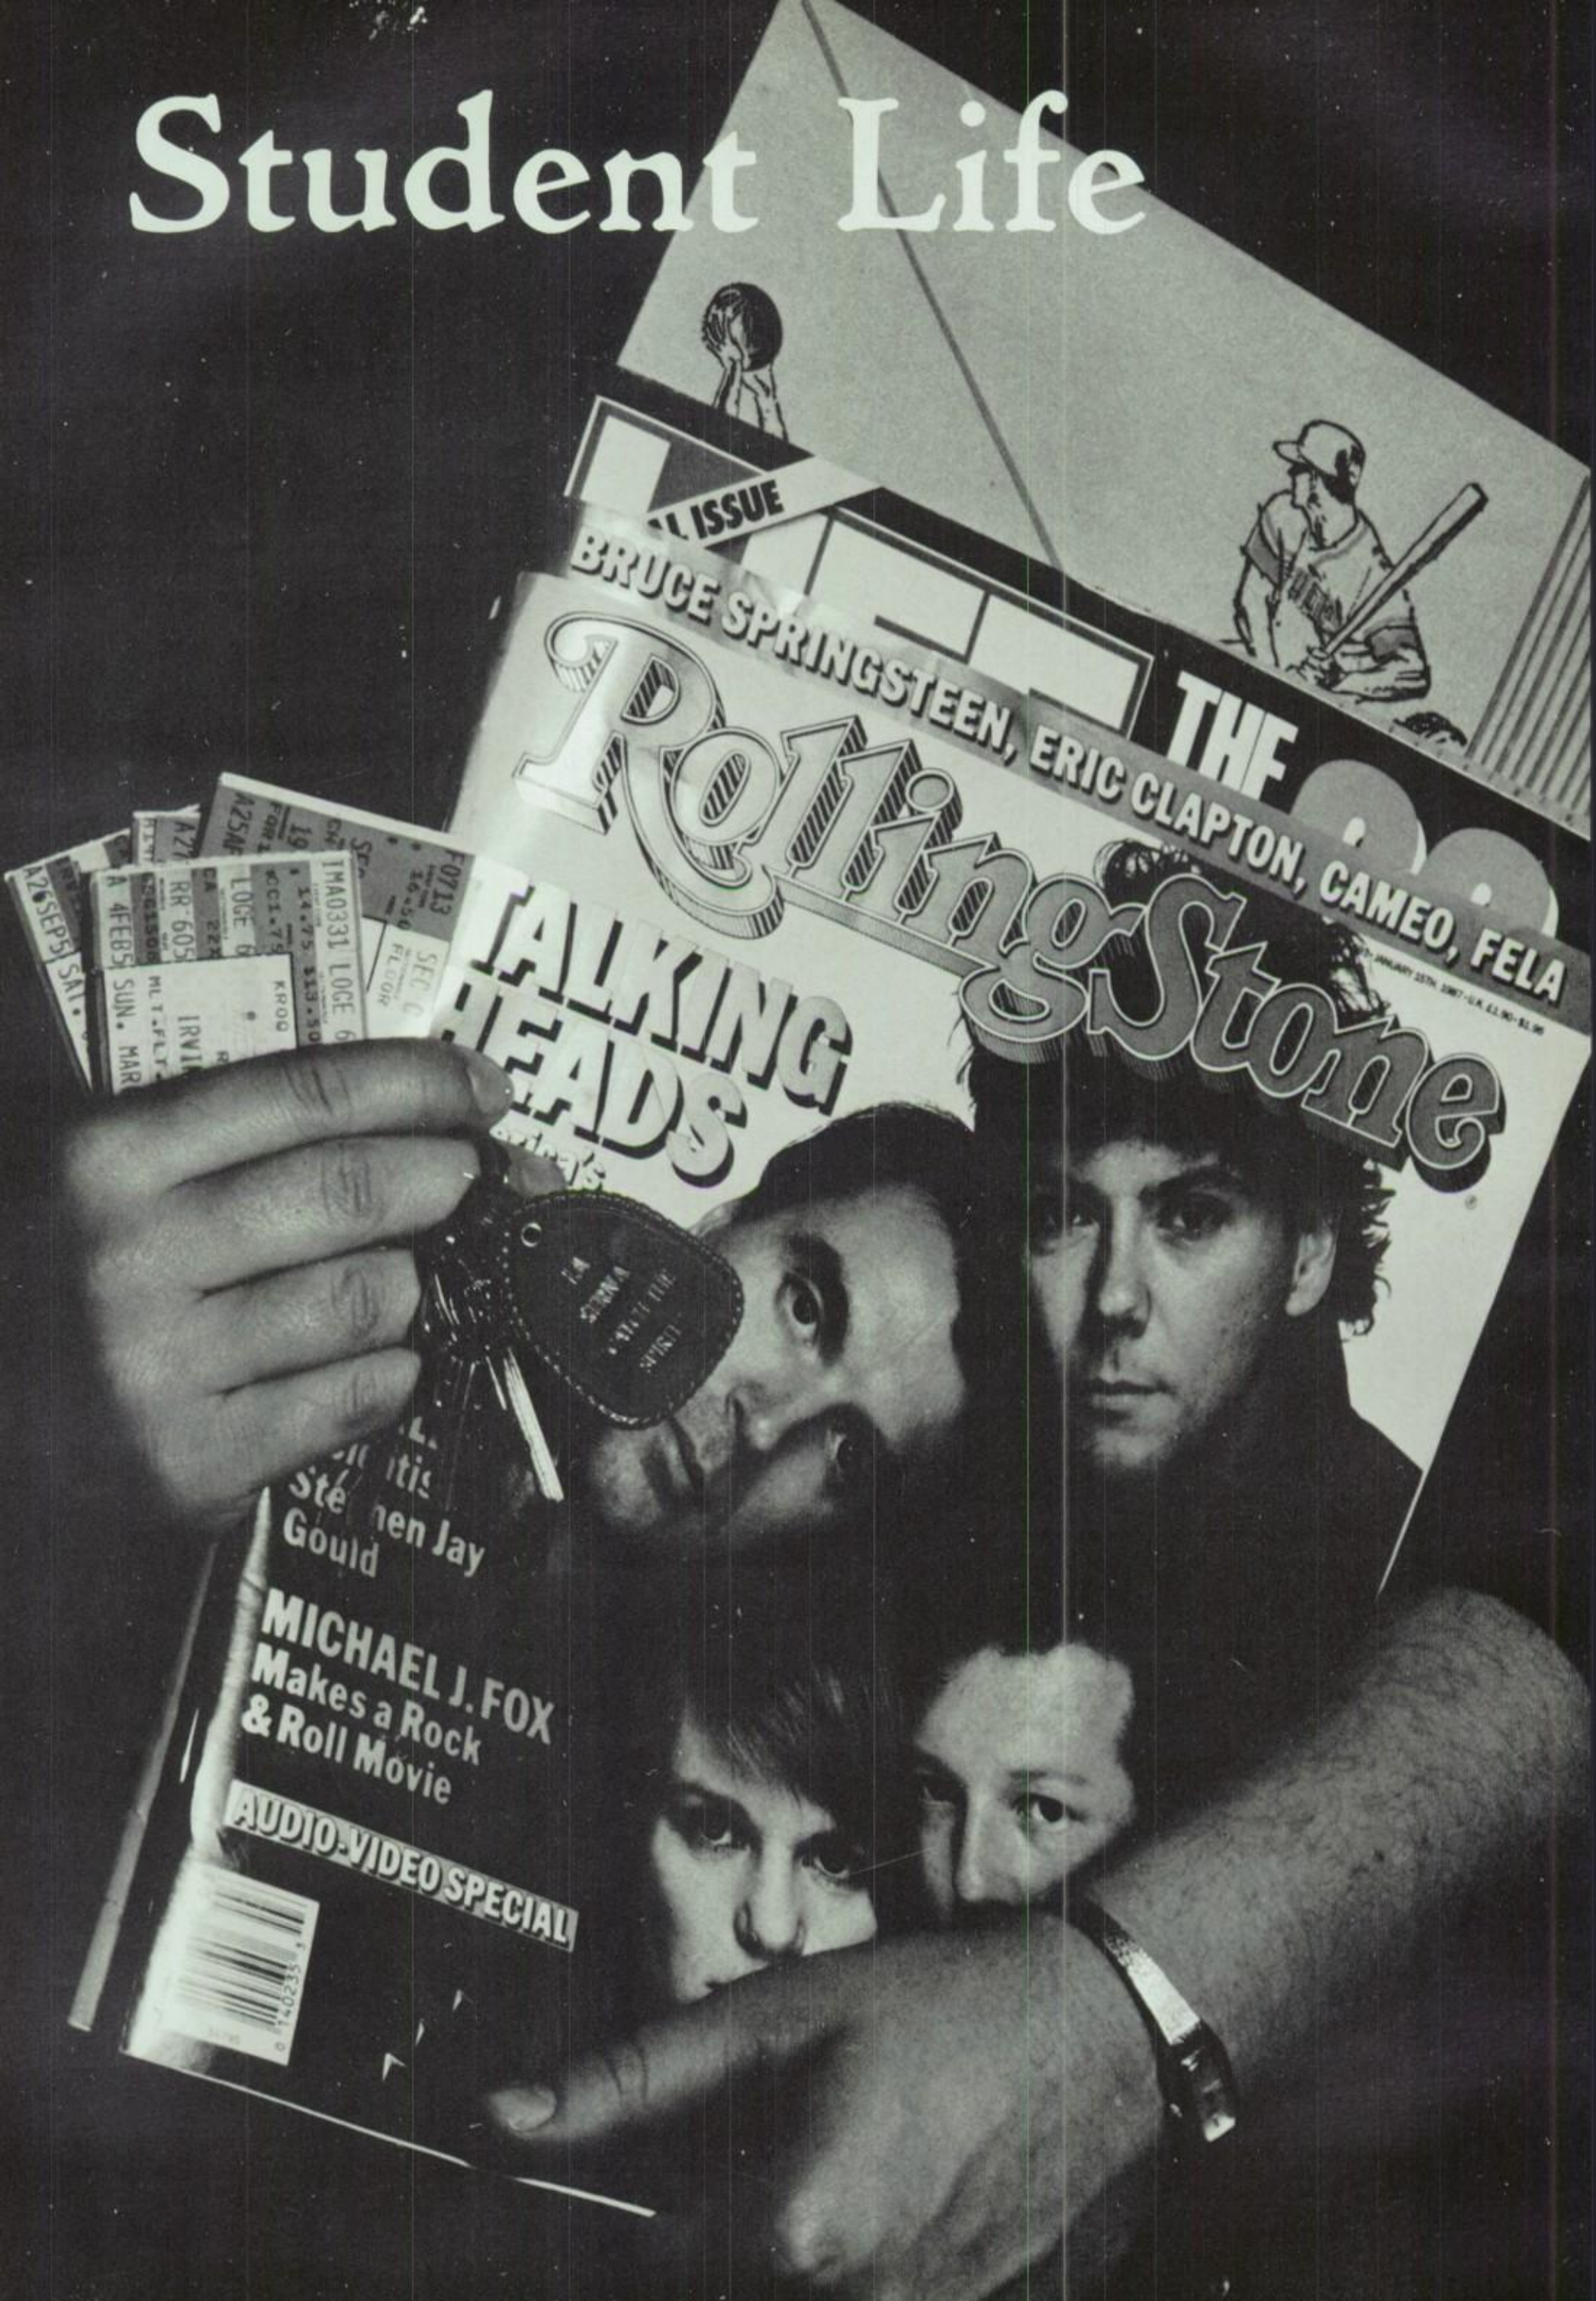
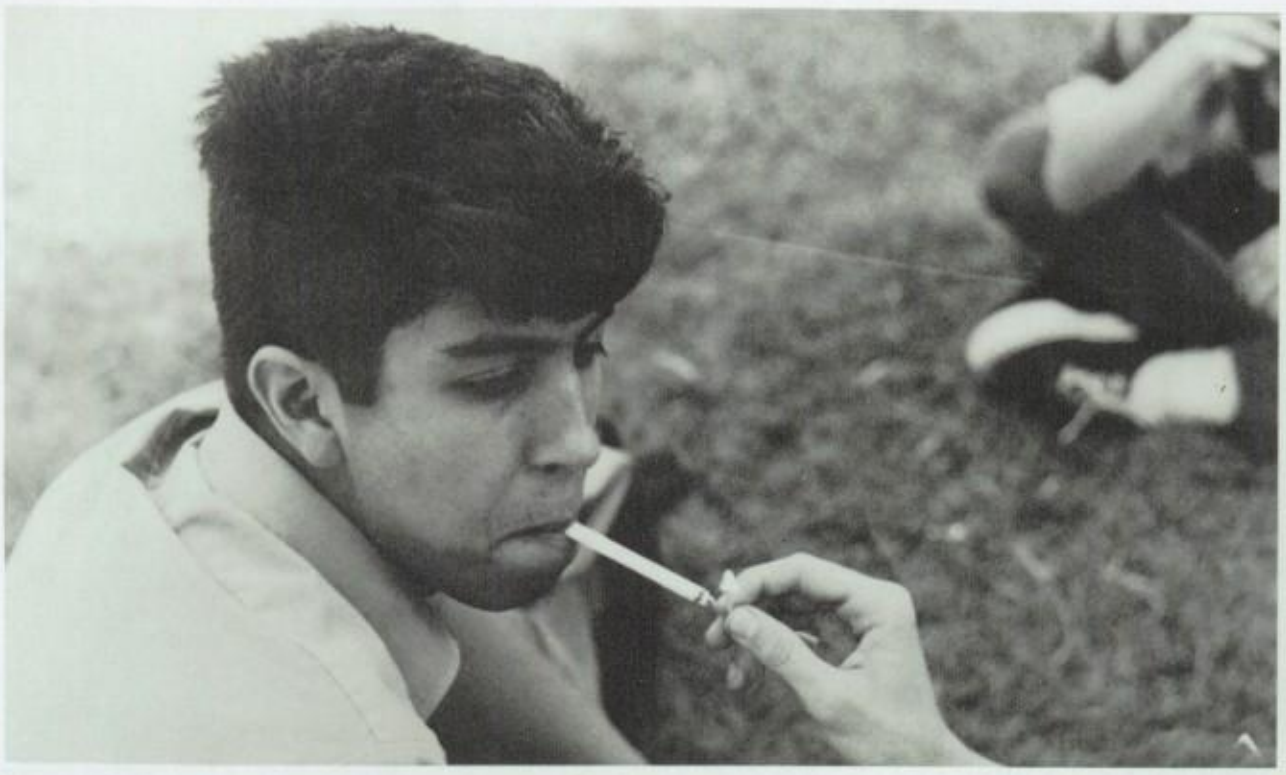
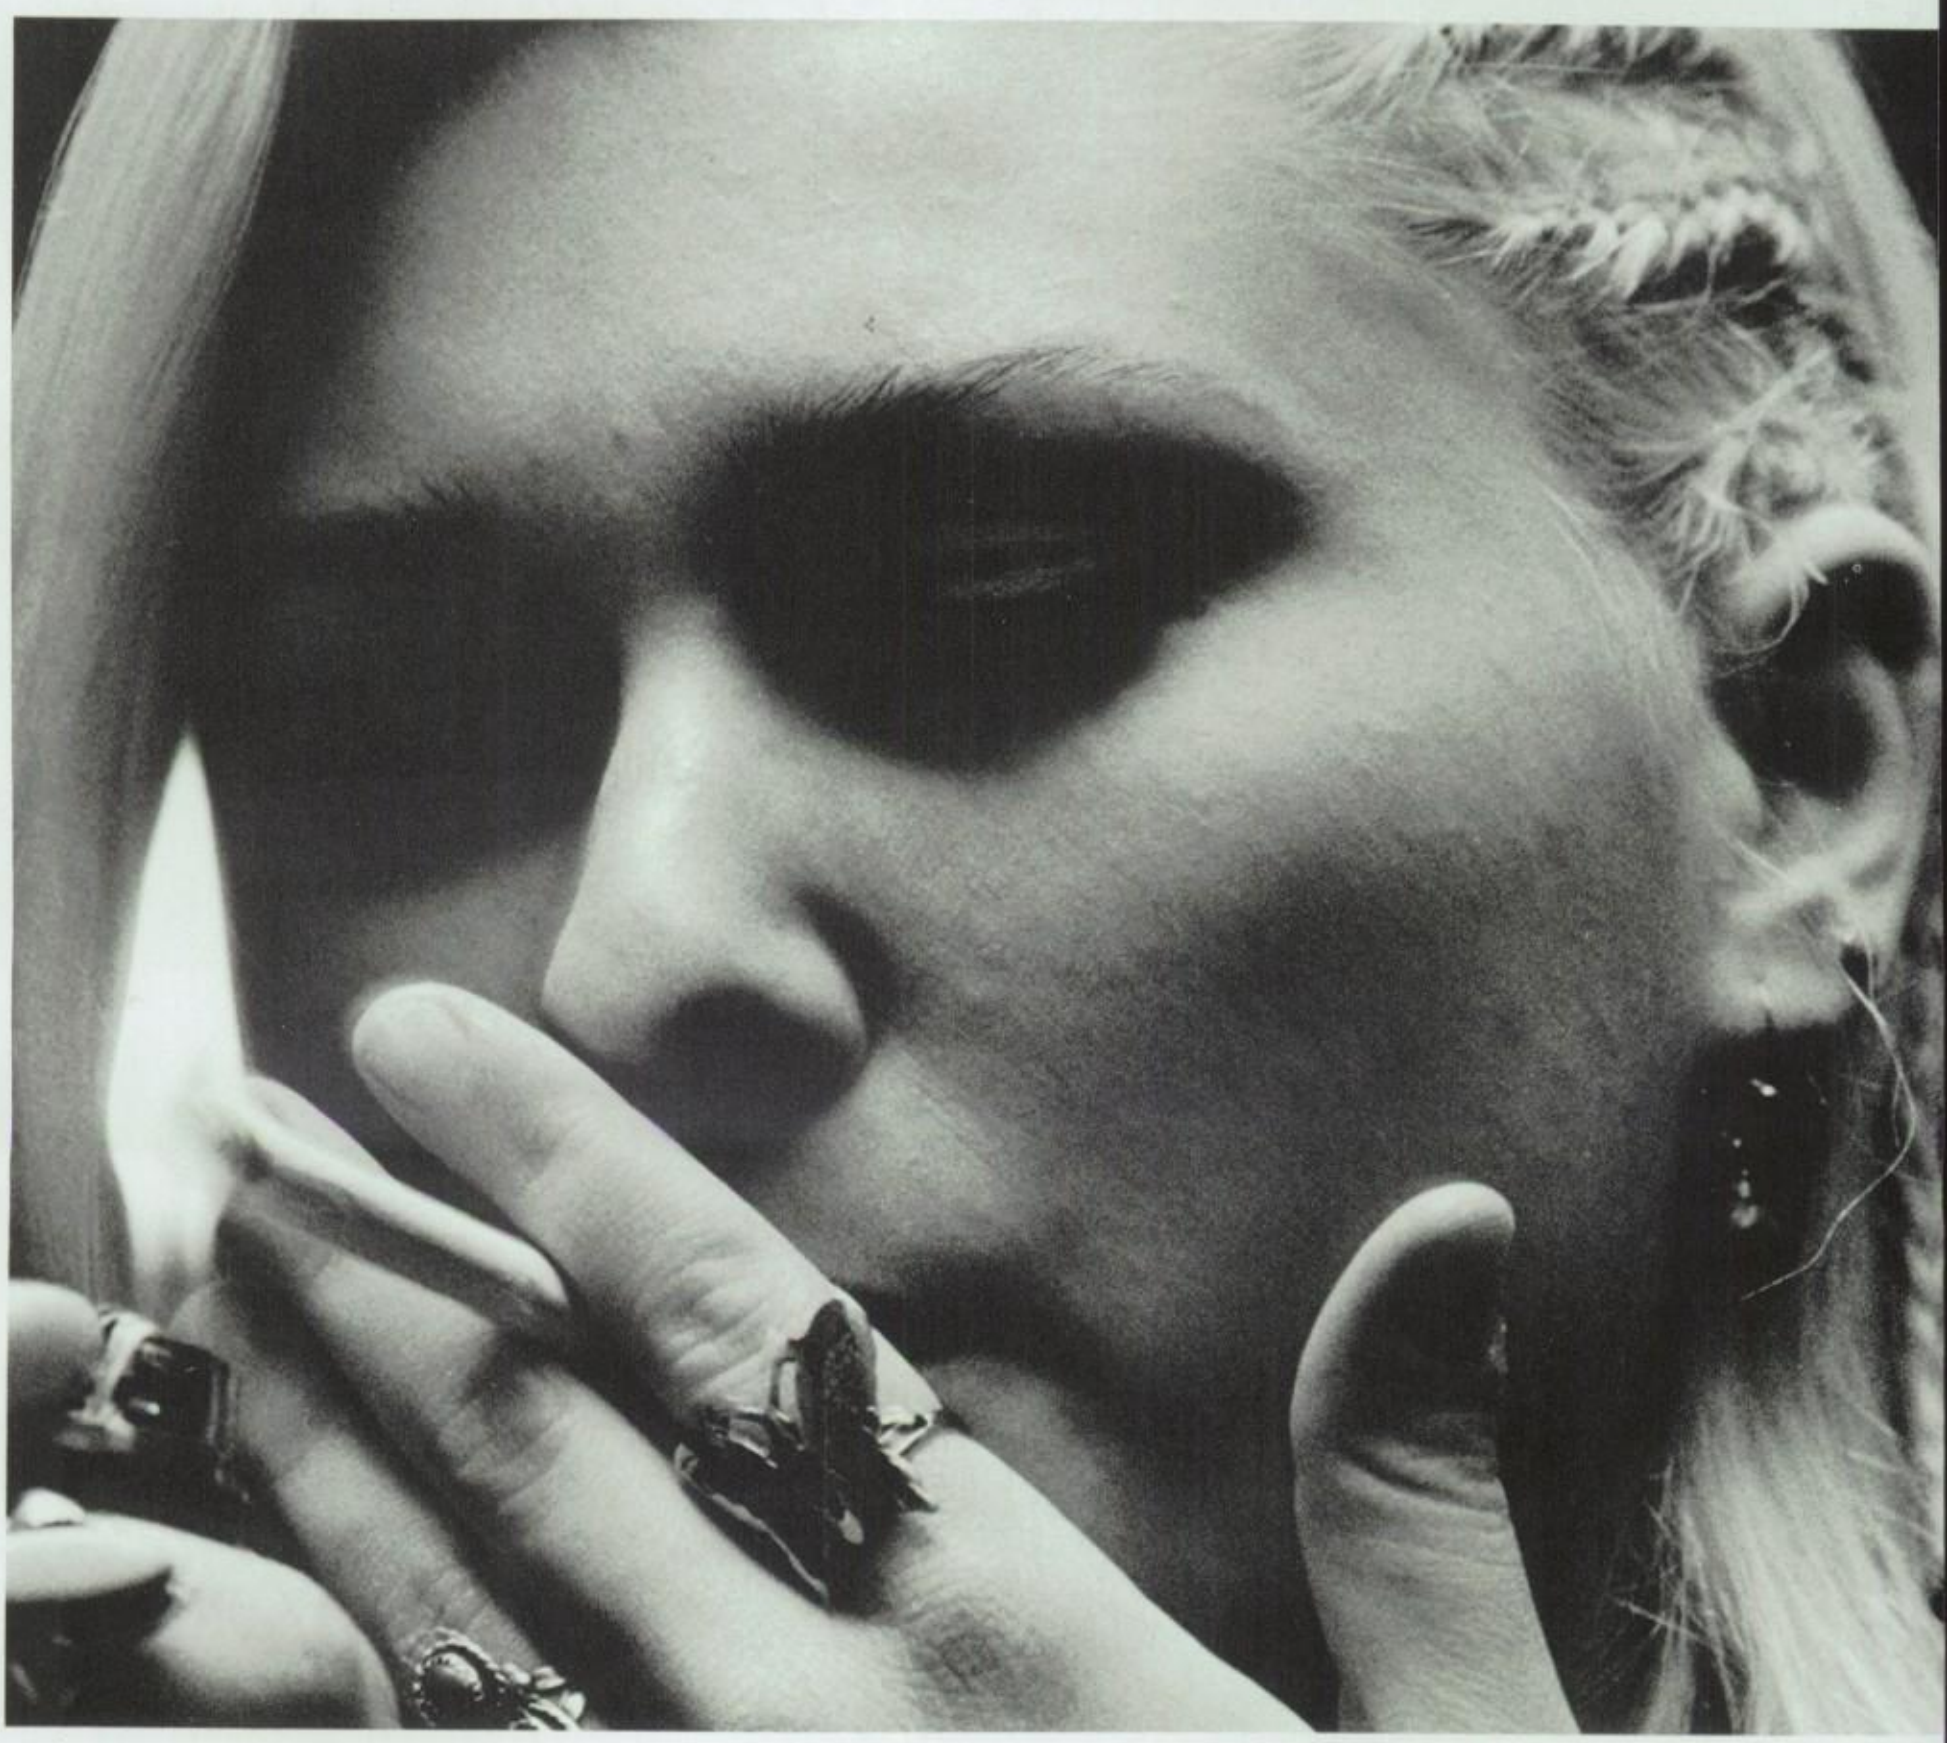
Student Life







State law extinguishes smoking on campuses

With a sizzle and a few grumbles, the moking policy changed at La Serna as **Gov-rnor George Deukmejian** signed a bill rohibiting smoking on high school cam-uses. Students, as of January 1, 1987, were o longer allowed to light up on campus. mokers moved off campus at lunch and, rprisingly, the guidance counselors did not ave major discipline problems with smokers reaking the rules.

Smokers throughout the state were feeling ore and more of the anti-smoking pressure. everly Hills became the first city to ban moking in public places including restau-nts. Hospitals, county and state govern-ent, and large corporations banned smoking in their buildings. For the first time in decades, smoking became a not chic, unpopular habit for a majority of the population as medical reports were released detailing the harmful effects of "second-hand" smoke.

At La Serna, Principal **Leo Camalich** prepared the students for the change in policy by allowing students to smoke only on the blacktop area for the opening months of school, but when the new year came and students returned from Christmas vacation, the new non-smoking law was in effect.

Students' reactions to the new law were mixed. **Tori Harr** said, "I'm for it because not everyone is 18 who smokes here, and the legal age is 18."

Brack Trantum said, "It's horrible, because if you're 18, you should be allowed to smoke anywhere."

In a poll of 100 Lancers, 57 agreed with the new law while 21 people were against it. The others polled did not care either way about the state ruling.

Freshman **Michelle Wood** said, "If there wasn't a law against smoking, people would think it's ok to smoke. People so young are destroying their lives with smoking."

"I think the new law is great for me and the rest of the non-smokers," said **Amber Vierling,** "but as for the smokers, good luck in reforming your old habit."

La Serna's Eagle Scouts

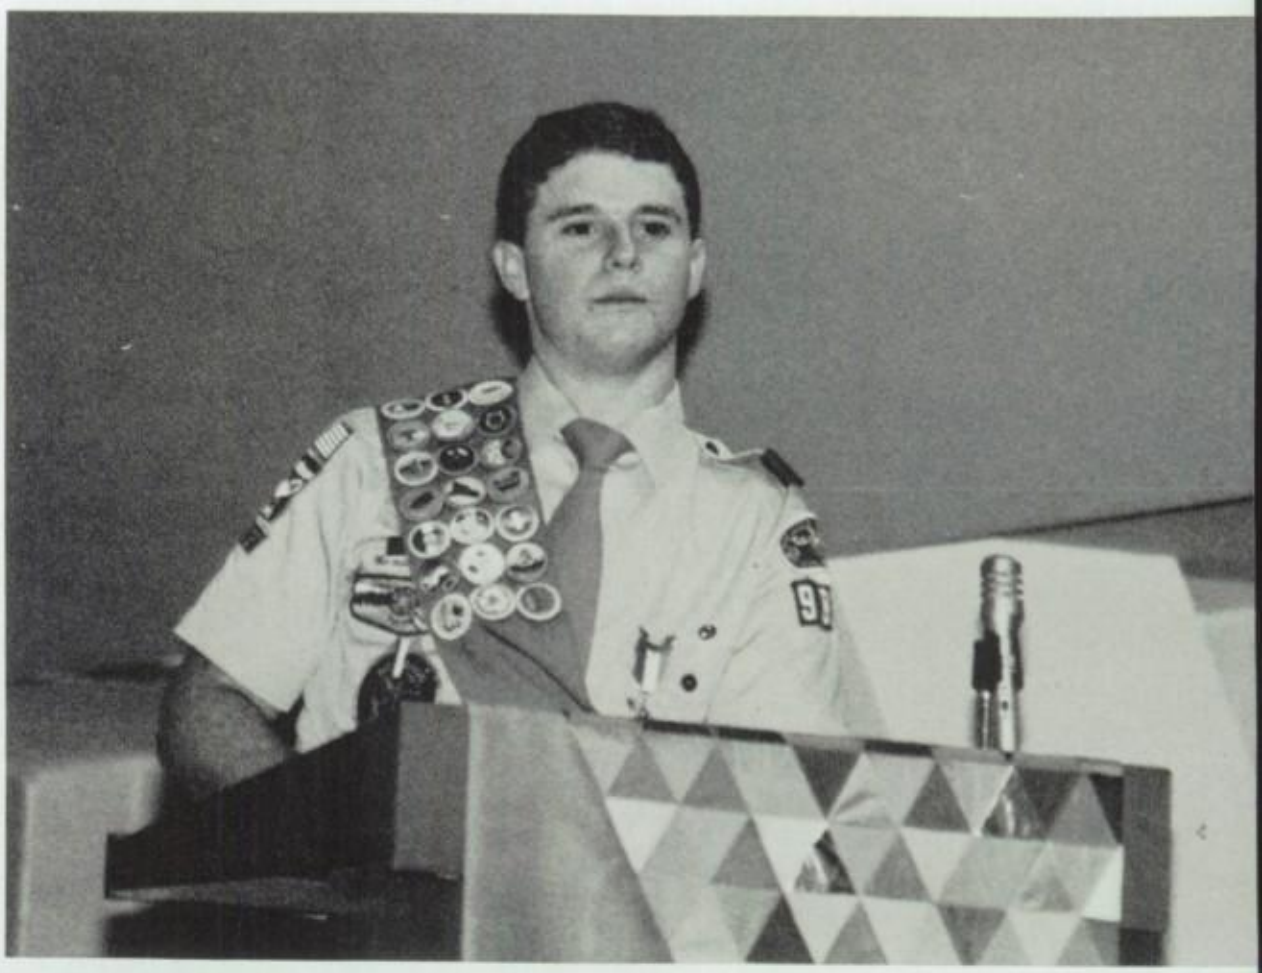
Many La Serna boys are active in the Boy Scouts. Only a few will ever reach the much-wanted rank of Eagle Scout. This year 7 boys achieved this goal. They are **Ron Scott, Damon Schecter,** and **Matt Thompson,** Troop 985, **Richard Peeler,** Troop 442, and **Brian Viseur, Dar Pendleton,** and **Brett McDowell,** Troop 990.

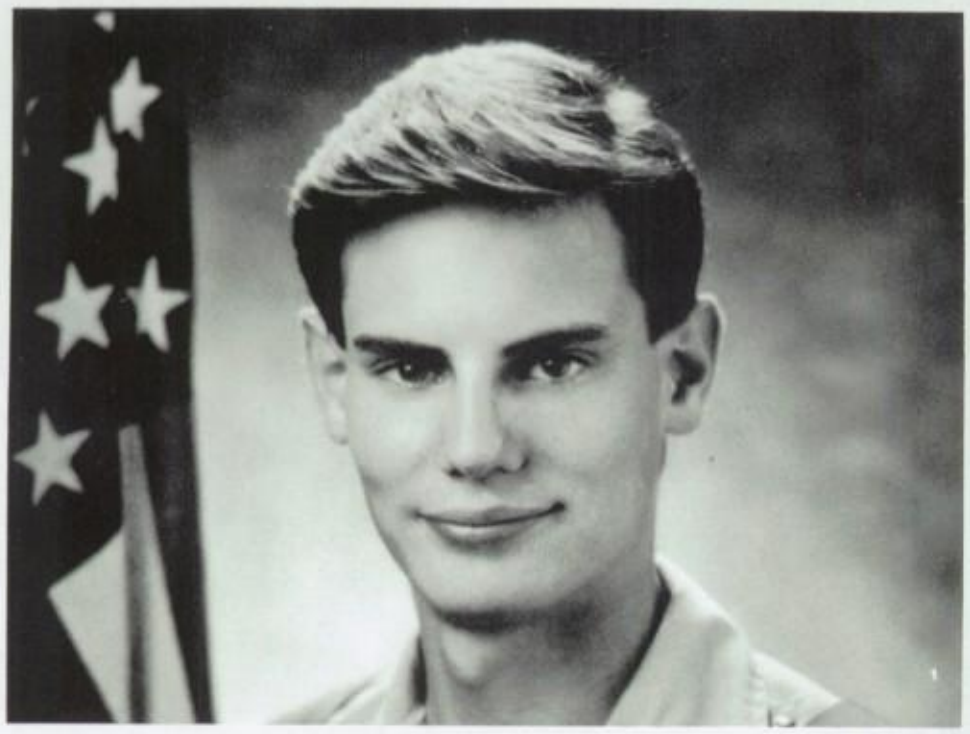
To reach Eagle, a Scout must earn 21 Merit Badges and do a Service Project.

Dar Pendleton started Scouts in 1981. For his project, he changed the La Serna track to Metrics.

Damon Schecter finished up his project after planting 50 trees in Murphy Ranch Park.

Richard Peeler completed his project just before Christmas vacation. His project was to collect toys for the Whittier Hospital's Children's Ward.





(top) Ron Scott *speaks at his Eagle Ceremony on January 17, 1987.* **Ron's** *project was digging trenches for sprinklers, and laying the sprinkler pipes, at the La Mirada First Christian Church.*

Foreign students come to La Serna

Three foreign exchange students attended La Serna this year: **Nancy Nielsen, Caroline Gustafsson,** and **Deiter Wagner.**

Nancy came to California from Oslo, Norway. She stayed with Mr. and Mrs. Austin of Whittier, who happen to be part of her family. She is also related to Mr. **Steve Ball,** who is her cousin-in-law.

Caroline hails from Gothenburg, Sweden. She lived with Mr. and Mrs. Bojorquec of Whittier during her stay.

Deiter came to the U.S. from Hamburg, West Germany. **Deiter** stayed at La Serna only until early November, when he moved out of the area to live with a different family. During his stay in Whittier, he lived with Mr. and Mrs. Price.

Out of the closet comes an elec

"What should I wear today?" The answer to that question was not so simple as students faced an almost confusing variety of clothing and hair styles to choose from.

Styles ranged from "New Romantic" whose members wore mostly black and sported exotic hairstyles to "Surfers/Skateboarders" who donned bright colors, shorts, hats, and flat-tops. Sixties styles made a comeback, while "Punk" continued with leather-studded jackets, combat boots, and spiked or buzzed hair. "Metalers" were usually seen with long hair and Levis, and the "GQ" look gained in popularity as students wore ties, sweaters, slacks, and "moussed" hair.

That's Entertainment 1986!

1986 proved to be a good and productive year for the movie industry. The number one movie of the year by far was **Top Gun** which starred **Tom Cruise.** The hilarious movie which starred the man "down under," **Paul Hogan,** was **Crocodile Dundee. Ferris Bueller's Day Off,** which all high school students could relate to, was also big this year and **Sylvester Stallone** cranked out another winner with the movie **Cobra. Eddie Murphy** made a come-back with the lead role in **Golden Child,** and **Captain Kirk** returned to the theatres for a fourth time in the movie **Star Trek IV.**

In the television department, the Thursday night line-up were the most popular shows for 1986. This line-up contained **The Cosby Show, Family Ties, Cheers** and **Night Court. Miami Vice,** starring **Don Johnson** and **Phillip Mike Thomas,** proved to be popular for another year. Another big line-up was the Tuesday night line-up, including **Who's the Boss, Growing Pains** and **Moonlighting.**

The number one album in America in 1986 was by **Whitney Houston** even though it was basically her first year in the music industry. The theme of the music in this year was romance, and the top five song were love songs. Girl groups, such as th **Bangles** and **Bananarama** were popula and one-third of the top one-hundred song consisted of female vocalists such as **Patt LaBelle** and **Madonna.** Movies influence music buyers with songs from **Top Gun At Close Range** and **Stand By Me** Newcomers such as **Glass Tiger, Simpl Red, Nu Shooz,** and **Janet Jackso** made big breakthroughs, and a fairly ne form of music called rappin' hit air wave and put groups like **Run D.M.C.** an **Beastie Boys** on the charts.

Lancers look at the ups and downs of the year

By Wendy Park

From the air disaster over Cerritos to Whittier's own centennial, much has happened to make this a school year flooded with events. The many talented and important people who passed away saddened our lives, but the return of America's Cup and the beautiful restoration of the Statue of Liberty raised our spirits. In turn, Britain rejoiced in the marriage of their beloved Prince Andrew to the quiet red head they called "Fergie." As AIDS spread across the country, so did fear and a national awareness arose. Everyone took notice when celebrities contributed their time to emphasize the problems with drugs. The people of America questioned the honesty of their government when they found out that arms were sold to the Contras, and Reagan's huge popularity decreased as trust diminished throughout the nation. Terror struck at a U.S. Postal office when a dismissed worker suddenly opened fire, killing 14 co-workers and then himself. In an historical perspective, the experimental aircraft Voyager made its mark by safely completing a 10-day flight around the world non-stop. Where the law was concerned, Supreme Court Chief Justice Rose Bird was rejected 2-1 by death penalty supporters.

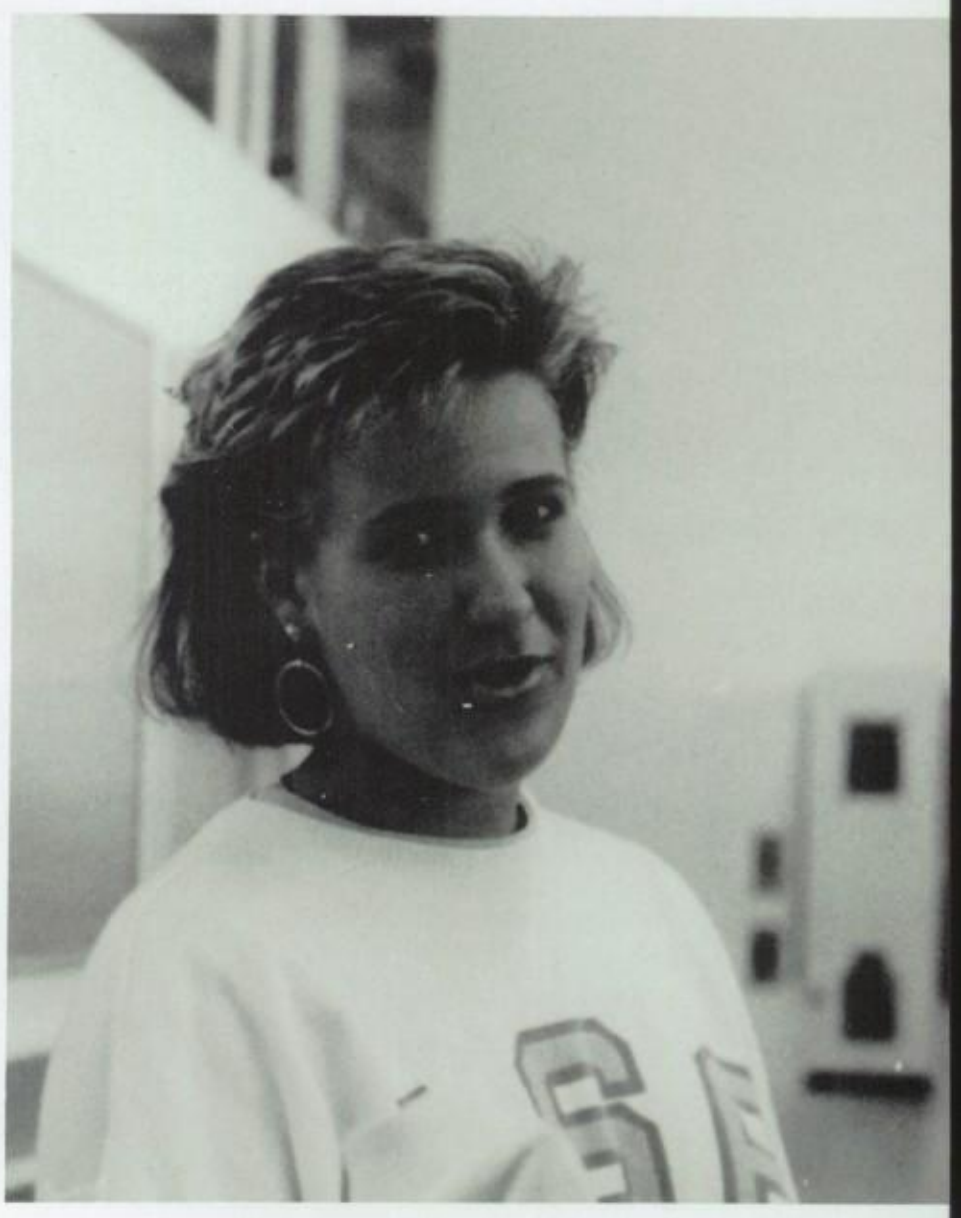
The school year began with a sad start for many when, just days before, a single-engine plane and an Aeromexico jet collided in mid-air over Cerritos, killing 67 people aboard and 15 on land, thus, making it the worst air disaster in Los Angeles County history. Families and friends mourned as did Libyans when Tripoli and Benglazi were bombed by U.S. warplanes with Secretary of State George Schultz exclaiming "You've had it, pal," towards Col. Moammar Khadafy.

July 4th, 1986 marked the 100th anniversary of the Statue of Liberty and boats and ships from all over the world sailed into New York Harbor to celebrate with our repaired Lady of Liberty. In 1987 the City of Whittier also celebrated a 100th birthday and town spirit was reborn.

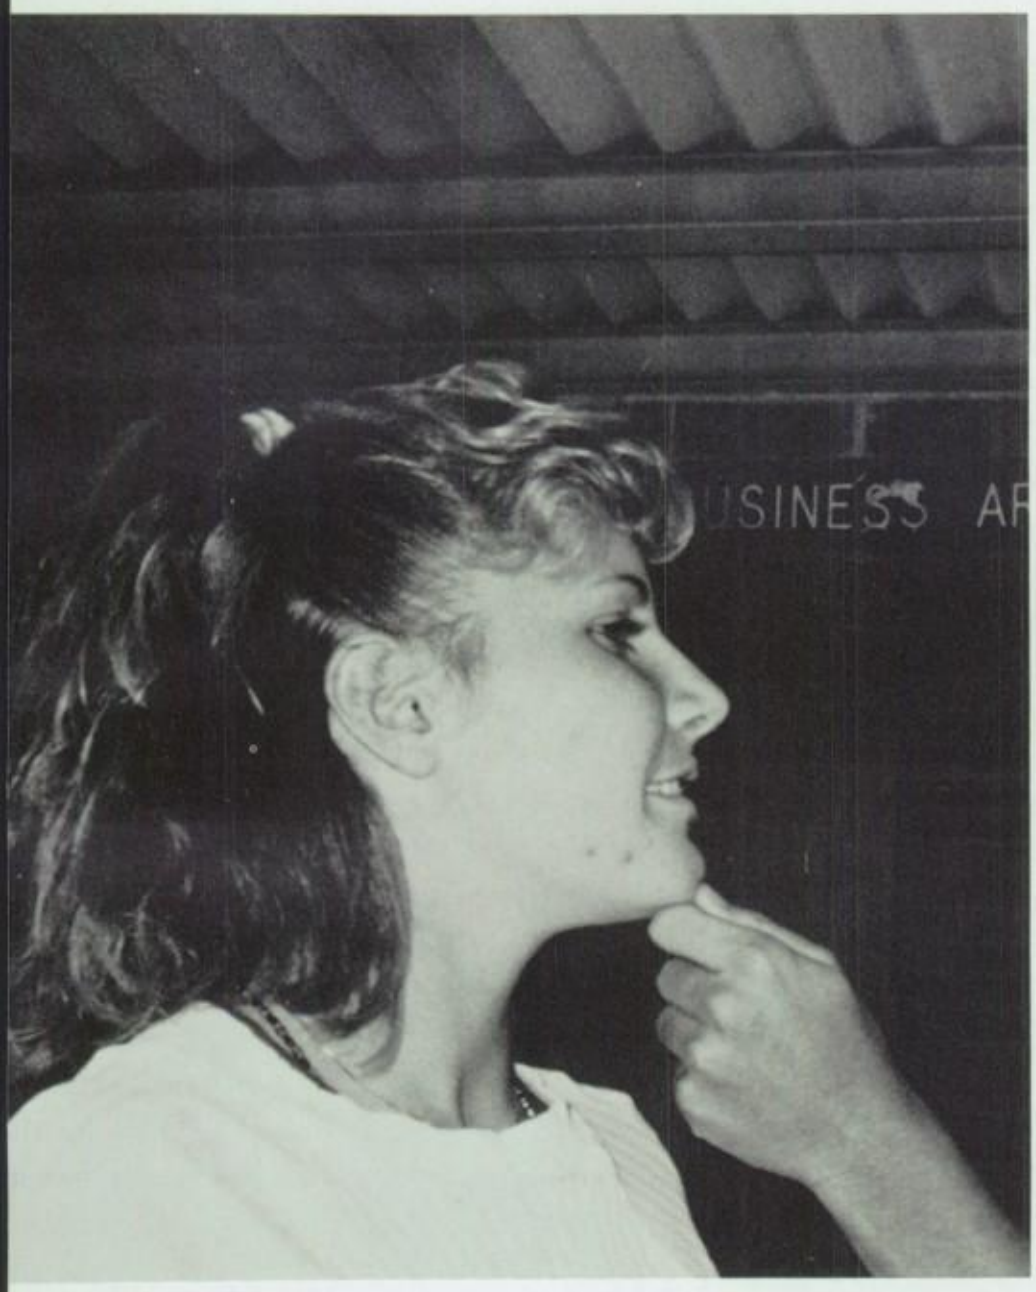
The death of fine actors such as Cary Grant, Desi Arnaz, Danny Kay, and comedian Ted Knight saddened and shocked admirers as well as the rest of the nation. Liberace's death overwhelmed many who felt the entertainer's passing away as a loss of great talent and personality. When Andy Warhol passed on so did a lot of style and originality. Known for making the simple soup can famous, he was also an idolized and respected figure in the pop world.

In the world of politics things made a turnaround and a government that was beginning to earn our trust, lost it when people heard of the arms sales to the Contras. "AIDS" was the word that scared people in 1987 because of the growing rate of victims across the U.S. and the threat of its spreading discouraged promiscuity among everyone.

All in all the summer of 1986 and the 1987 school year turned out to be an eventful or at least an exciting time to remember.



(above) Layla Tabbaa *and* **Jenni Gourley** *feel that the death of Cary Grant and other celebrities is a terrible loss.*
(right) *To* **Heidi Johnson** *the Statue of Liberty is a symbol of freedom everywhere and she believes it is to others as well.*



(left) *When asked about the Voyager flight,* **Sue Miller** *said that she felt modern technology has really progressed and that there will be many more advances in it to come.*

(below) Tracie Turrietta *is happy to be a resident of Whittier and hopes she lives here for many years.*

(bottom) Amy Irwin, Jodie Dominguez, *and* **Nicole Cuevas** *all agree that even though this year has been tragic in many ways, it has been a successful school year over all.*

McDonald's flames as new hot spot for La Serna's cool

by Kerry Kelly

Lancers no longer have to make blazing trails to and from lunch. La Serna's teachers no longer become hot-headed and steamed-up about students arriving late to 5th period after lunch. **Ronald McDonald** is the one who deserves the thanks for accomplishing this achievement. He has once again come to the rescue of many a famished student by adding another set of golden arches to his already inflamed collection.

The new McDonald's on Whittier Blvd. and Colima Road provides a great place for students to cool off at lunch and its location is close enough to campus to prevent 5th period tardies. Lancers seem fired up about McDonald's both during lunch and after school.

Crystal Lovetera says, "The location is great and it's much better than the other McDonald's," while **Tara Maxey** adds, "It's a great resort after football and basketball games."

McDonald's acts as a bus station for the non-driving lowerclassmen who bum rides off their upperclass, driving friends who visit McDonald's frequently.

Even faculty members give McDonald's glowing reviews. **Mr. Buzz Schupmann** has declared a boycott on the McDonald's on Leffingwell Road because it has removed the Green Bay Packers pennant from its walls. He now gives all his business to the new McDonald's and, as an expert critic, says he likes the decor of this new McDonald's.

Deron Curtis says he eats at the fast food restaurant everyday, and many students share the hope that McDonald's will become *the* La Serna hangout.

Vierling's Video Annual stars in students' VCR'

For the second year, La Serna students had the opportunity to buy a video annual which recorded the year's sights and sounds. Working with the Friends of La Serna, **Mr. Lee Vierling** filmed and edited a video which students will appreciate even more as time passes and memories fade.

Mr. Vierling said that making the video annual "... was a real high." It also helped him through the death of his son, **Chad Vierling. Chad,** a La Serna student, died from the injuries sustained in a car accident when he was a freshman. **Mr. Vierling** got involved in the production of the video annual as a way to work through his grief.

Mr. Vierling put in 150 hours of work of which two-thirds was spent in editing. Although it took hours of his time, **Mr. Vierling** enjoyed making the annual. He said, "I can't paint, sing, or dance," so this is his creative way to express himself.

Mr. Vierling's story was noticed by CBS in an *LA Times* article, and a documentary featurette is being made about the creative and unusual way he dealt with the loss of his son.

Senior Favorites
Megan Eustis and John Sung

Senior favorites were chosen because they received the most votes out of the entire senior class in a variety of senior favorite categories. Voting took place in January and the ballots were tabulated by the Annual Staff.

Food for thought

by Ralph Roberts

Just five minutes from the bell. Your stomach begins to growl. Your mouth is wet from the juices that have been flowing since the beginning of 4th period. You hear the clink of car keys or the jingle of change in your pocket. You look again and it's just one more minute to go, yet you feel the teacher just won't stop lecturing.

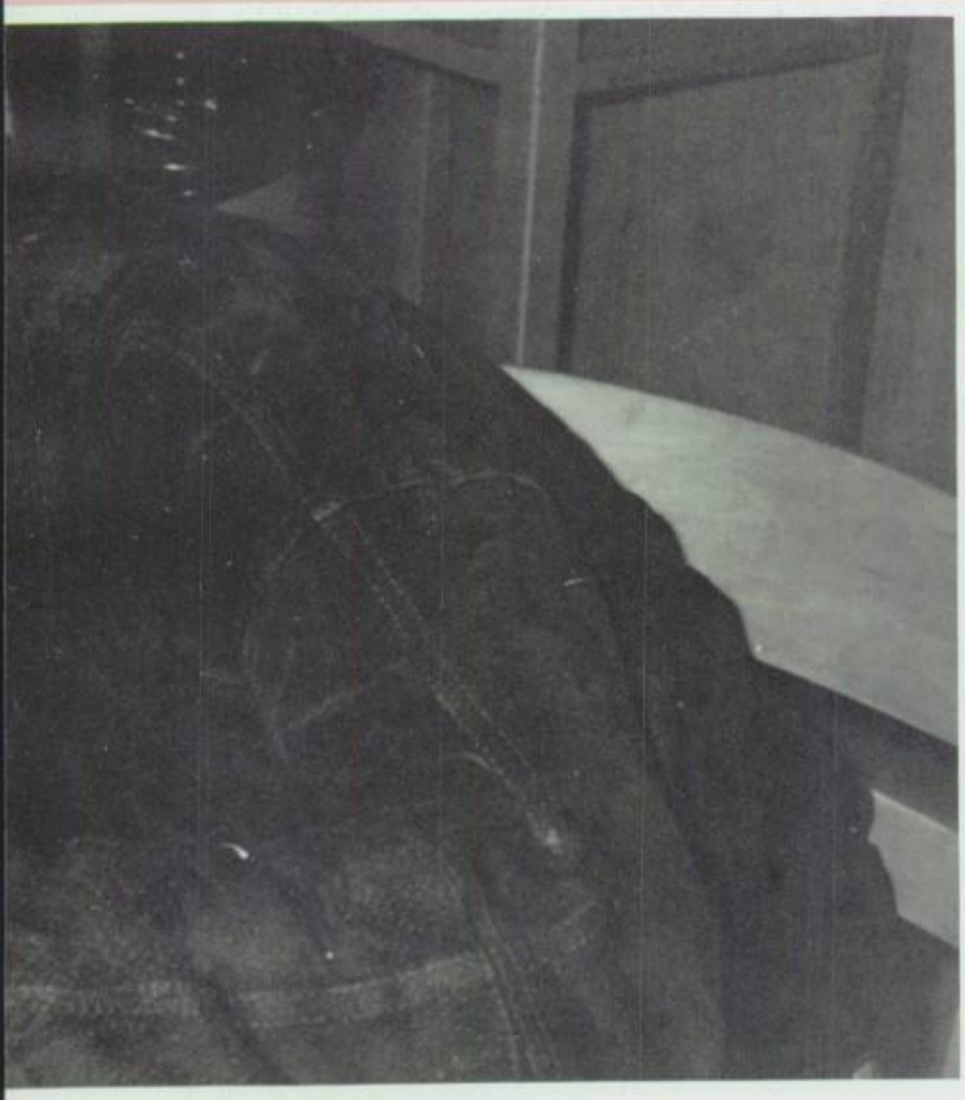
5-4-3-2-1 Kwahhhhhhhh!

Most of you with your keys in fist decide to go to the newly-opened McDonalds, or if the crowd's too intense, how about the Mall? Der Weinersnitzel? Arby's? Del Taco? What! No gas! No car! No insurance! NO LICENSE!

Well, La Serna's going to have to be the place for you. Unless, of course, you can ride your bike or skateboard, or run to the AM-PM in 35 minutes.

Well now, what's left? For all you people who have strong stomachs and a lot of courage, there's the renowned cafeteria. Or if you enjoy the pushing, shoving, cutting, and freshmen standing in the Senior Line, the good ol' lunch line would be the answer.

You got your food. And if you're lucky, there's twelve minutes, 45 seconds left until the tardy bell rings. You can't eat in your car in the parking lot, of course. You don't want to make a pig of yourself in front of your friends. So what do you do? You stuff your face! And the only thing you have to show is the fact that you loaded up on twice the number of calories you burned off getting your food at your favorite time of day — lunch.



(lower left) *The kid in* **Denise Castillo** *emerges on Halloween Day.*

(above) *"Ok, ok, you can take the picture,"* **Steve Hernandez** *says shyly.*
(near left) *A solitary walk to school starts the day for* **Tracey Johnson.**

Freshman Signatures

Sports

Outstanding offense burns top opponents

The football team had one of its best seasons ever. They won all league games except for the narrow loss to Bell Gardens. This was an especially disappointing loss since La Serna was ahead throughout the game. With seconds left, a strong Bell Gardens offense pushed its way downfield and made a field goal.

The football team beat El Rancho and Montebello, two strong teams, as well as the exceptional La Mirada team. These wins were made possible by the fine skills of many top players and the excellent coaching of **Ron Moncrief** and **Joe Lagerborg.**

"This season was successful. LS finished the league season with a 6-1 record and a 2nd place finish. This season featured big wins over El Rancho and Montebello although it suffered a upsetting loss to Bell Gardens."

Awards honor players

This year's football team had one of the best seasons ever and many of the most outstanding players were recognized. Tailback **Robbie Watkins** was honored by the L.A. Times and CIF, as well as receiving Back-of-the-Year for the Whitmont League. **Watkins** rushed for over 1,300 yards this season and made sixteen touchdowns. Quarterback **Mike Westmoreland** was honored by the Whitmont League for his passing and overall leadership skills. **Todd Johan** was named team MVP and received league honors for his outstanding performance on defense. **John Sung** was honored by Whitmont League for offense and defense. This truly shows that he is a very versatile and skilled player.

Other outstanding players included **Matt Peko,** who was the key to a very successful Lancer defense. **Dan Lopez** and **Matt McClure** were a key to line on both sides of the ball. Offensively, tight end **Carl Lopez** and receiver **Hugo Herrera** made many outstanding catches that helped along the spectacular offense.

Coach Ron Moncrief showed nothing but happiness and pride while discussing the varsity football team. **Moncrief** stated that this was one of the best teams that he has ever coached. "Even though we had many outstanding players it is hard to single out a few because football is a team sport. It is either won or lost by the whole team and not a select few."

CIF 7-13 Wilson

A cut above the rest

This season crowds flocked to the Lancers' football games as never before. Many students, parents, and alumni showed up in large numbers. Against Bell Gardens and Wilson virtually every seat in the stadium was taken. Involvement from other students also gained in popularity. The cheerleaders got pep going and the "Fun Bunch" was the happening thing for most students. It didn't stop there, however; pep rallies and the ringing of the victory bell seemed to help to complete the atmosphere.

The reason for this sudden popularity was because of the excitement of a good Lancer football game. Not all of this excitement was contained on the field; it made the fans get as wild and as crazy as the players they were watching. They went crazy over a quarterack sack or an eighty-yard touchdown run. This was due in part to the skill and enthusiasm of the players and coaches.

Water polo splashes to CIF quarter finals

Water polo came out at the start of the year smoking. Poloists only lost one game while gaining third in the La Serna Tournament.

They won the Montebello Tournament getting the first trophy for water polo in 10 years. Starting regular season they had a record of 14-1. In their first game vs. Cal High, they exploded to a 22 to 9 victory. The next two games they decisevely won over Bell Gardens and El Rancho. Then a disappointing loss came from Whittier and Montebello giving water polo 2nd in the league but making C.I.F.

C.I.F. was the spark that brought the team to a 14 to 8 victory over Webb High and then beating La Canada for the third straight time this year.

Water polo was then in quarter finals. La Serna came out smoking with **Jason McLaughlin** scoring 3 straight while San Luis Obisbo only scored one. They traded goals through three quarters and pulled in one extra goal. With a 10-7 lead going into the 4th, it seemed that the Lancers would be victorious but San Luis Obisbo had a great fourth quarter. While we scored one goal, they scored 5 big goals and water polo season was over with a 12-11 loss.

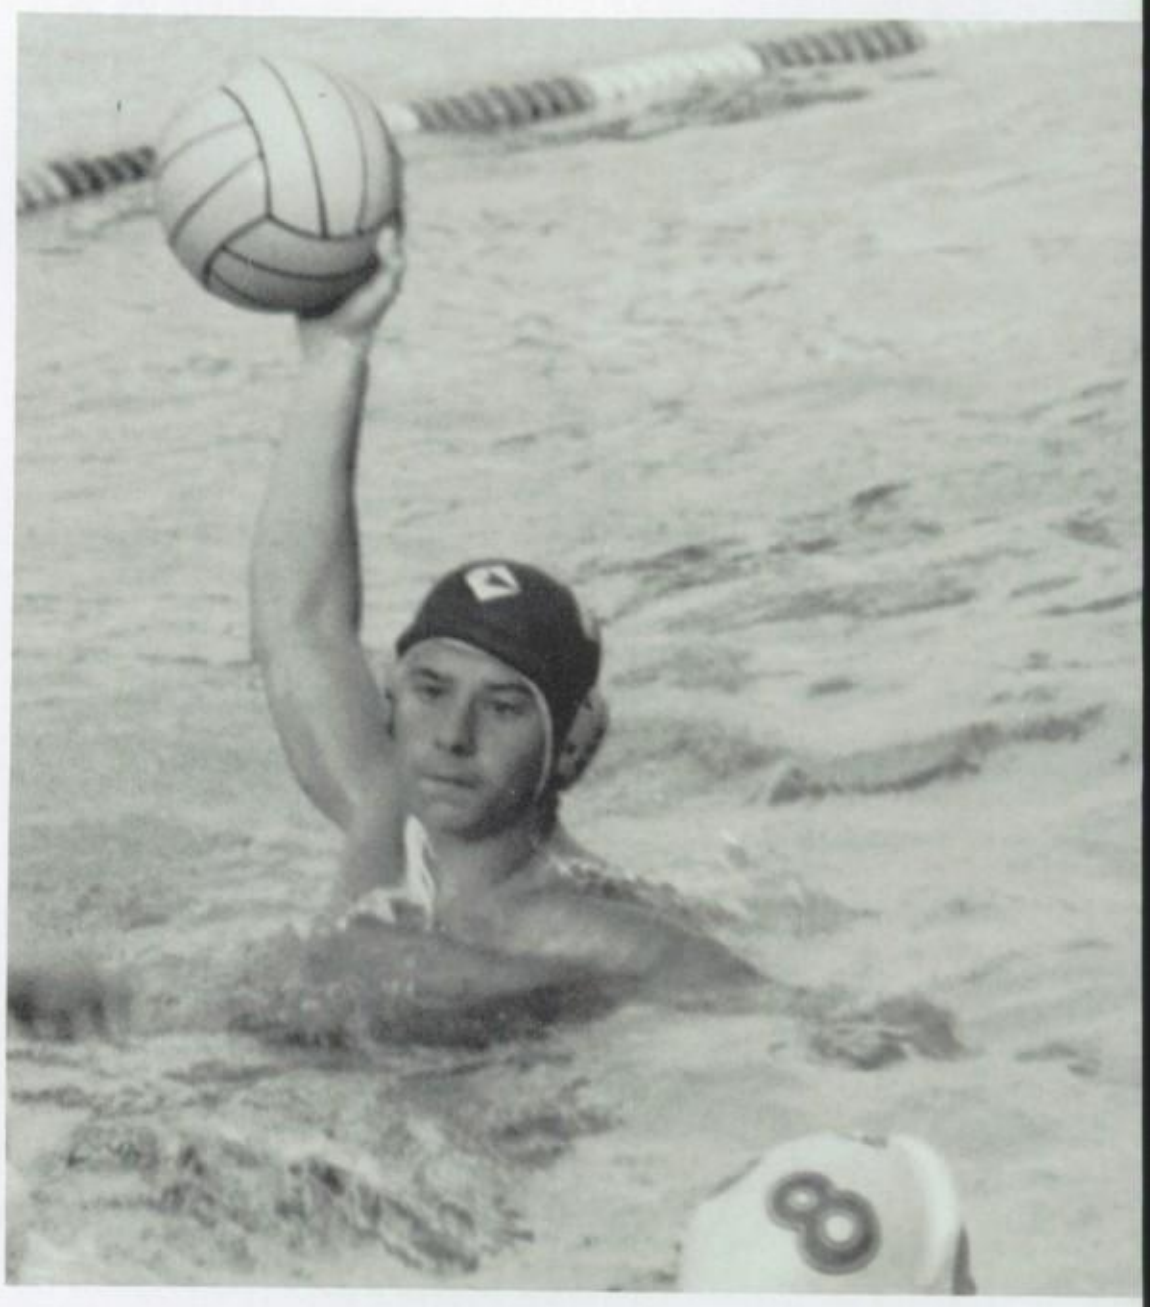
A day in the life of an H_20 poloist

Early morning practices and hard physical workouts make water polo a sport only for the truly dedicated



By Jason McLaughlin

Water polo players are either insane or extremely dedicated or both. Their day starts at 6:00 a.m. and ends at 5:30 p.m. With five hours a day of weights, swimming, and playing polo, that equals 30 hours a week of work, plus some Saturday practices.

At 6:00 a.m., the players are in the weight room. While the majority of La Serna students are in bed or just rising, the poloists are doing cardiovascular exercises and getting their heart rates up to 200. After this workout, the players are in the water swimming and practicing before other La Serna students have even arrived at school.

After school, it's more work. Practice starts at 2:00 p.m. and the poloists don't finish until 5:30. They learn plays for both offense and defense. When they're finished practicing, they are dead tired, but once home, they must do their homework and keep their grades up to remain eligible to play.

JV ends season with 4-3 record

With a 4-3 record, the JV water polo team had a winning season. The team was handed tough losses by Bell Gardens, Whittier, and Montebello, while gaining victories over Cal Hi, El Rancho, Santa Fe, and Pioneer.

Although JV did not win League, there were some strong players who helped the team to a winning season. **Matt Myer, Jeff Kramer,** and **Roger Park** were among the best contributors. **Charlie Tanasugarn** helped the team as goalie and coaches **Brian Chittum** and **Jeff Hohne** guided the poloists.

(top right) *JV team* — **Front row:** *David Soloway, Jeff Kramer, Roger Park, and Tim Kurdmisto;* **Second row:** *Mike Postiff, Charlie Tanasugarn, Coach Jeff Hohne, Coach Brian Chittum, Ken Langworthy, and Matt Myer.*

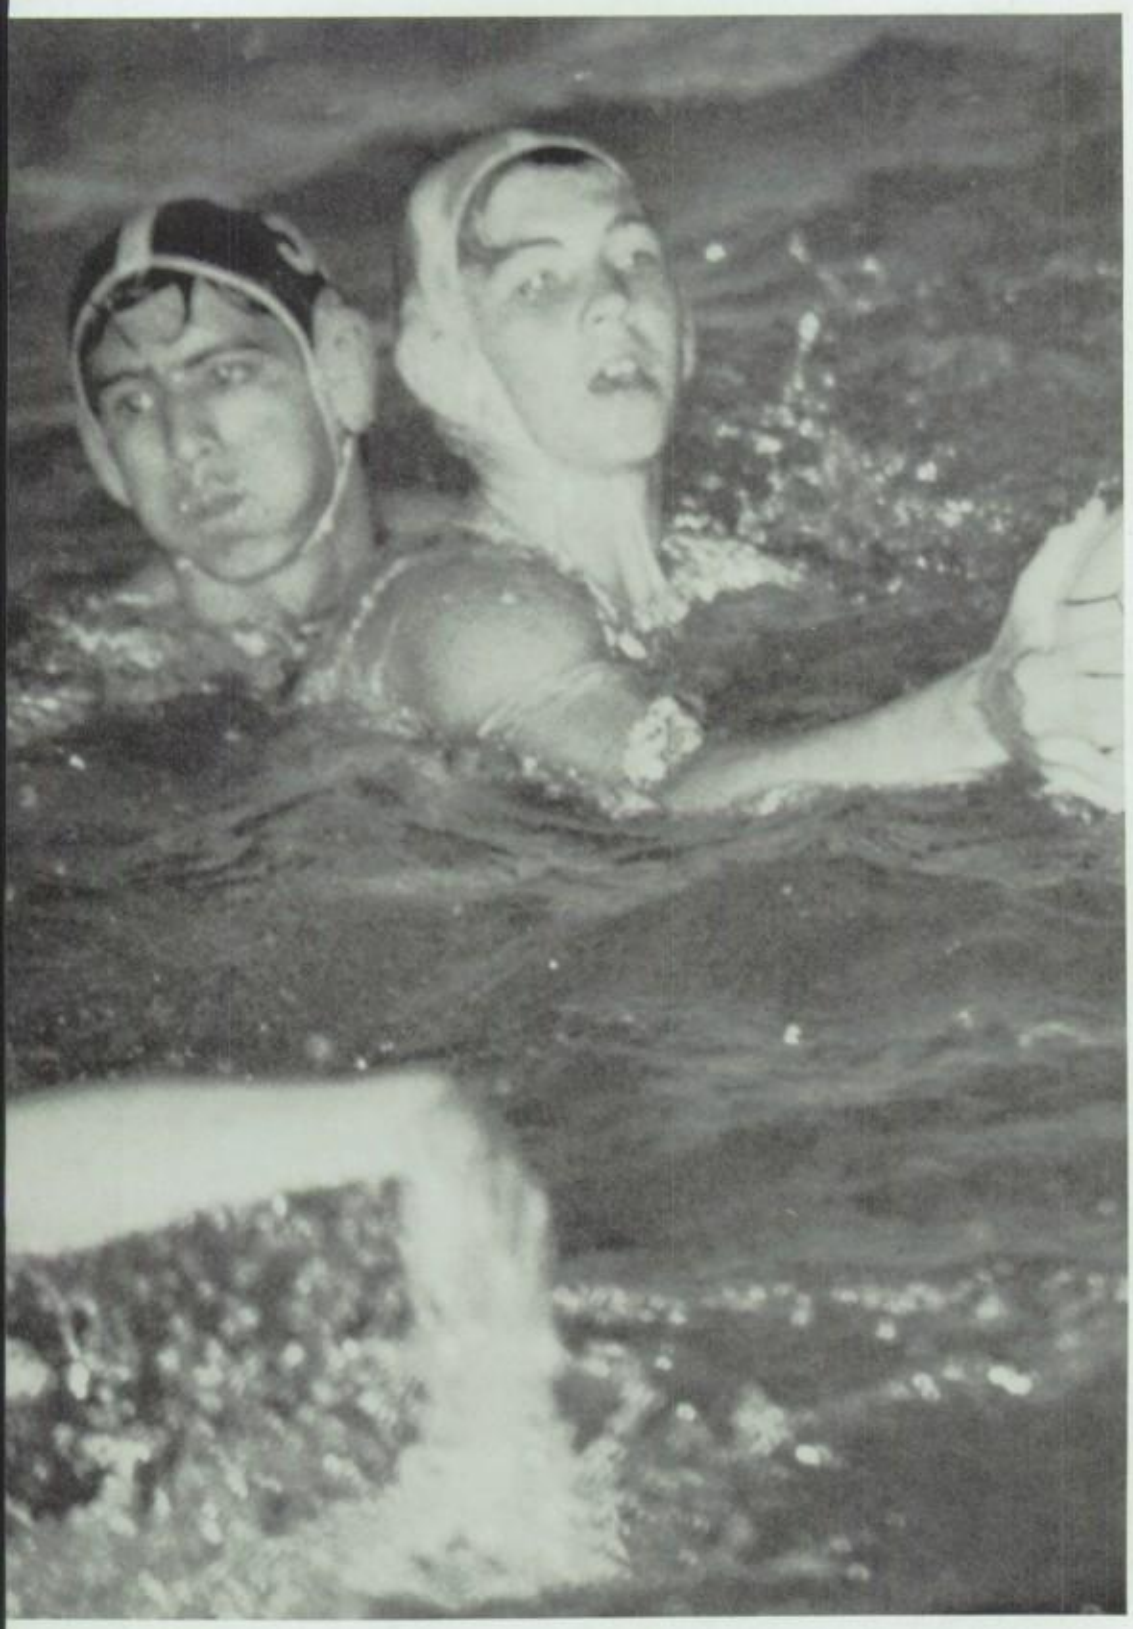
(bottom right) **Mike Postiff** *plays tight defense against the opposing player.*

Frosh ends season with 2-5 record



Although the inexperienced frosh water polo team had a disappointing season with two wins and five losses, there were some promising players. Among these were: **Chuck Forgnone, David Anchondo,** and **John McLaughlin.**

Despite their 2-5 league record, the freshmen team won the Montebello Tournament under the supervision of coaches **Brian Chittum** and **Jeff Hohne.**

Basketball blazes trail to C.I.F.

The 1986-87 La Serna Basketball team was an experience the players will never forget. They were Co-Champions of Whitmont League and led with an 11-3 record. (15-6 overall). They were a young, inexperienced group with only one returning senior from last year's Championship team. No one except the team thought they could do as well as they did. Everyone believed that the more experienced Calhi team would dominate the league. But through the leadership of **David Hazel** and **James Hammond** they were able to become Co-Champions of the Whitmont League. **Tyler Austin** turned a banner year for the team and came through when they really needed him. **Mr. Fien** once again led a great team with his coaching techniques.

Boys Basketball makes the best of it

Both boys JV and freshmen basketball ended their seasons with disappointing records. The JV team beat Santa Fe twice and Montebello once for an overall record of 3-11, while the freshmen had a 2-12 record. **Steve Stone** was the star of the JV team and scored most of the points. **David Gonzalez** was another good player and was the player who won the game against Santa Fe after a double over-time with two seconds left. **Chris George** and **Ron Lopez** also made great contributions to the team.

JV scores with another successful season

The Boys JV Soccer team had another successful season. Under the coaching of **Dick Fessenden** they did not have an undefeated season like last year, but they lost few games. Their goalie **Humberto Grajeda** was a valuable asset to the team. They had other skilled players like **Geromino Olmedo** and **Oscar Villareal.** These players helped lead the team to many wins by using the skills they had practiced.

Mr. Fessenden had an international team with players from the U.S., Laos, Vietnam, Mexico, and El Salvador. Although the boys didn't all speak the same language, soccer turned out to be their international language as they learned to communicate in practice.

(above left) Front row: *Humberto Grajeda;* **Second row:** *Billy Kulkin, Arturo Morales, Jim Piper, Luis Sanchez, Sammy Hernandez, Geronimo Olmedo, Luis Carpio, Bob Payne, Bill Scully;* **Third row:** *Jared Warner, Eric Sheldon, Loren Rofe, Johnny Ward, Oscar Villareal, Glen Daniels, Christian Warner, Jason Hertzberg, Matt Walker, John McLaughlin, Eider Marin, and Coach Dick Fessenden.*

Soccer kicks to CIF

Soccer received overwhelming support this year, which helped to carry the team into second round CIF action. Soccer also held an outstanding league record of 12-0-2, a pre-season record of 6-1-1, and an over all record of 19-2-3, making them Whitmont League Champions.

Soccer also enjoyed winning first place in the Orange Tournament, and a ranking of third by CIF.

Outstanding players included fullback **Dave Moss,** halfback **John Sung,** and the leading scorer, **Jeff Dechiro.** Other players who contributed hugely to the team were **Brian Bertotti, Ruben Cognigni,** and goalie **Jose Leon.**

The most difficult game soccer faced this year came in their league opener against Bell Gardens, which resulted in a tie. Other games which challenged the team were their matches against Montebello and Whittier which resulted in a tie and a win for the Lancer team. The winning Lancer team was coached by **Ted Driessen.**

Girls Soccer shoots for goals

Ending one of the most spectacular seasons ever, the girls varsity soccer team showed how to kick some major 'grass.' This most outstanding team lost only two games and these two losses were to the league's champions, Cerritos. They tied two more games and were victorious in games against all other opponents.

It was very surprising that they would do so well since there were only two seniors and two juniors on the team. It was spirit and teamwork that made this group of young inexperienced players such an outstanding and respected team.

Many of the players helped make this great team what it was, but senior **Lori Heimerl** stood out as a team leader and as one of the most skillful players. Much skill was also shown by **Lainie Braaksma** and **Dorothy Thompson,** two players who aided the team to many victories.

Varsity Volleyball advances to 2nd round C.I.F

"At the beginning of the year, the team was to make a goal and strive toward excellence. As a senior, I'm glad I had the chance to play volleyball under **Coach Brian Hosfeld** and with such a strong team that led us to C.I.F.," said girls' volleyball team captain **Jennifer McElrath.**

Hosfeld's team did strive toward excellence and they reached their goal making this year's team one of the best in the history of La Serna sports. The girls lost only one league game and went to C.I.F. Championships.

After only losing one game in league to Santa Fe, the girls played Temple City in the first round of C.I.F. The aggressive Lancers beat Temple City in three games, but then had to face the exceptional Nordoff team that beat La Serna in three games straight. The scores were a disappointing 15-1, 16-14, and 15-11 in Nordoff's favor. The Lancers consoled themselves with the thought that they were defeated by a truly good team as they watched Nordoff win C.I.F. and go to the state finals.

Senior **Tina Gomez** said, "This season was one of the best since I've been at La Serna."

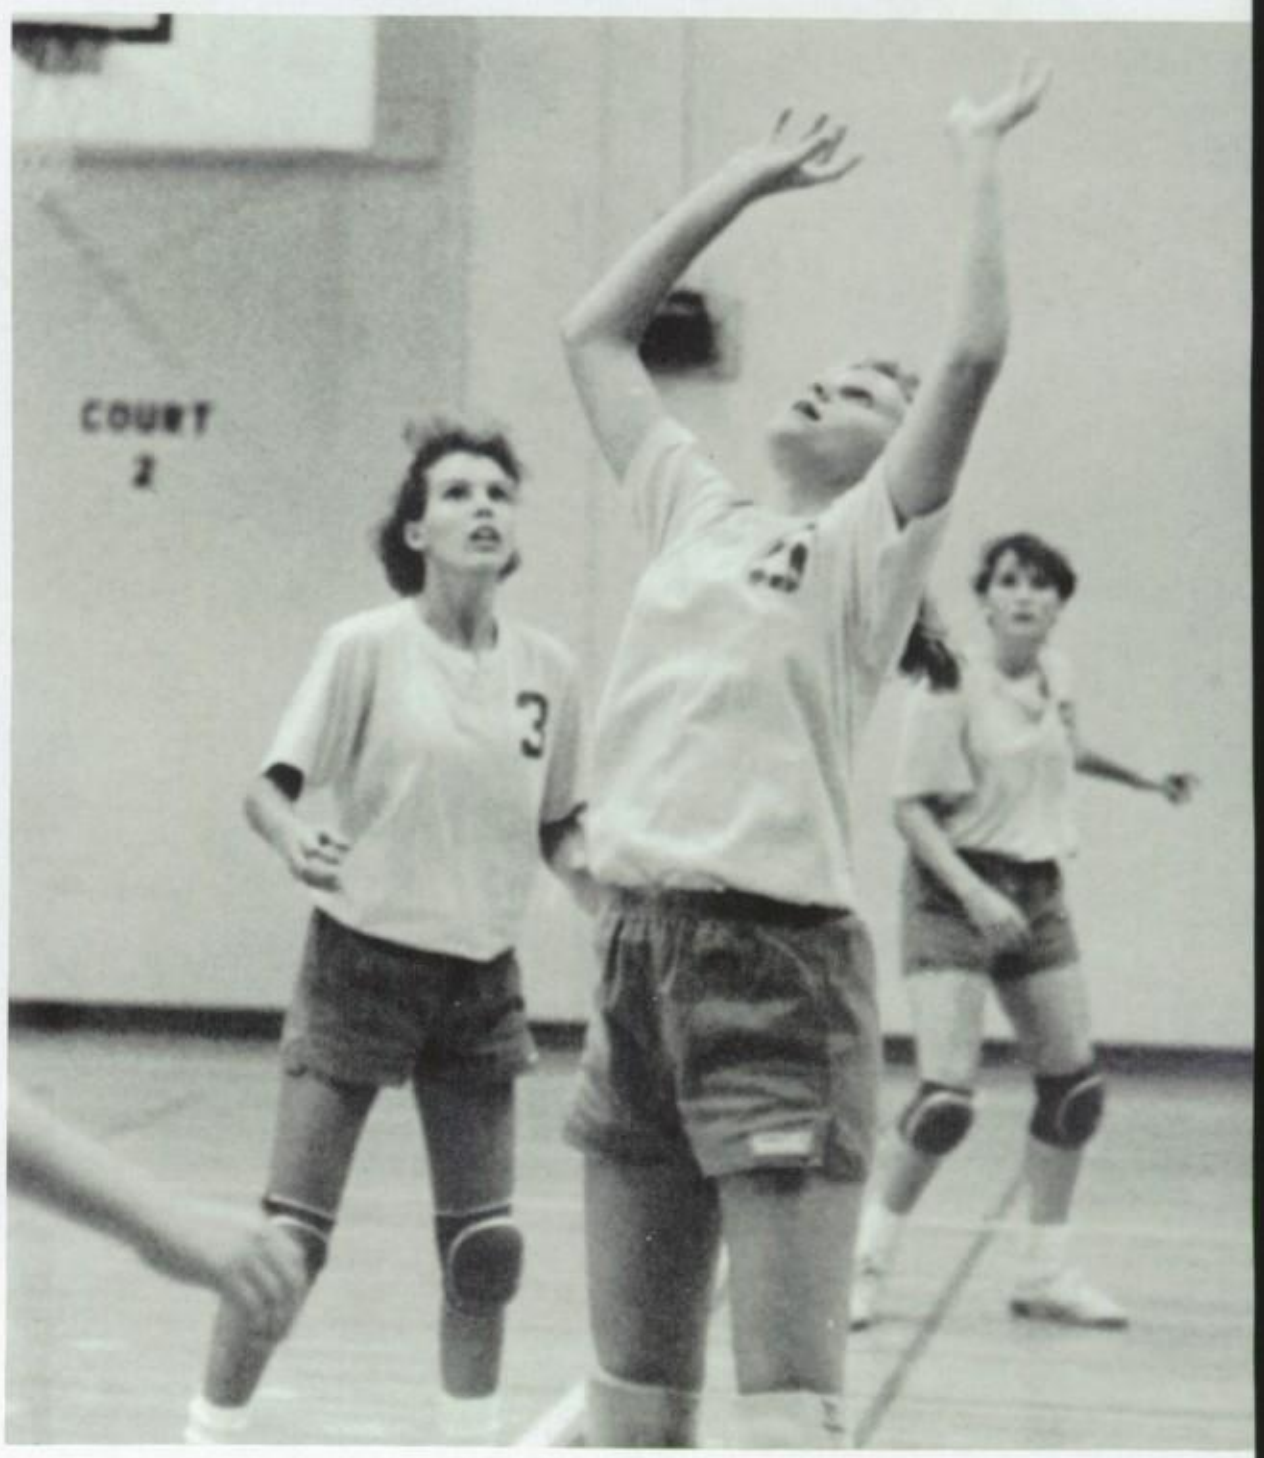
JV Volleyball spikes it cold

The season was over with only one game won! To some, it was no surprise. With a young and inexperienced team, **Coach Nan Shapiro** had her work cut out for her.

Practicing everyday from two o'clock to four o'clock, the team worked hard. "Even though we won only one game, it was evident that we put a lot of work into it," said player **Nancy Nielsen.**

Over half the team had never played much volleyball before. They learned the basic skills from **Coach Shapiro** and practiced daily to perfect those skills. Even with the disappointing season, the team held their banquet to celebrate and awarded **Shannon Young** the Most Valuable Player Award.



(top right) *Reaching high,* **Shannon Young** *prepares herself to receive the ball.*

JV Volleyball blocks the net

Losing all of last year's starters, JV boys' volleyball needed a lot of work. The team, though showed a lot of enthusiasm. As with boys' varsity volleyball, the publication deadline for the annual fell two weeks after volleyball started, so the season couldn't be fully covered. In an early game, the boys lost 3 games to South Pasadena and won two games, 16-14 and 15-7. **Justin Barber** said, "The team needs to work. It has a lot of first year players." Even though the season's results were not available at press time, **Justin Barber** predicted that Boys JV Volleyball will go high enough to keep the ball from bouncing back.

(top left) Ruben Cognigni *goes for a hand on hand spike.*

Varsity Boys Volleyball serves with success

What can be said about the boy's varsity volleyball team? They were inexperienced but eager to play. Starting the season with several non-league matches, they played South Pasadena losing the first two games, winning the third and fourth, and losing the fifth. Unfortunately, annual staff had an early deadline to meet and was unable to put in the results of the season. However, Lancers were predicted to mount a six-pack attack and go to C.I.F. With **Lee Butler** leading the team as captain, and with newcomer **Ed Brant** as coach, the team's goal was to make it to C.I.F. The players remaining from last season were **Mike Stambaugh, Thom Du Pont, Chris Petersen,** and **Lee Butler. Thom** says, "Even though we're starting off with an inexperienced team, I think we're going to go pretty far. Everybody looks good and I know we'll pull through."

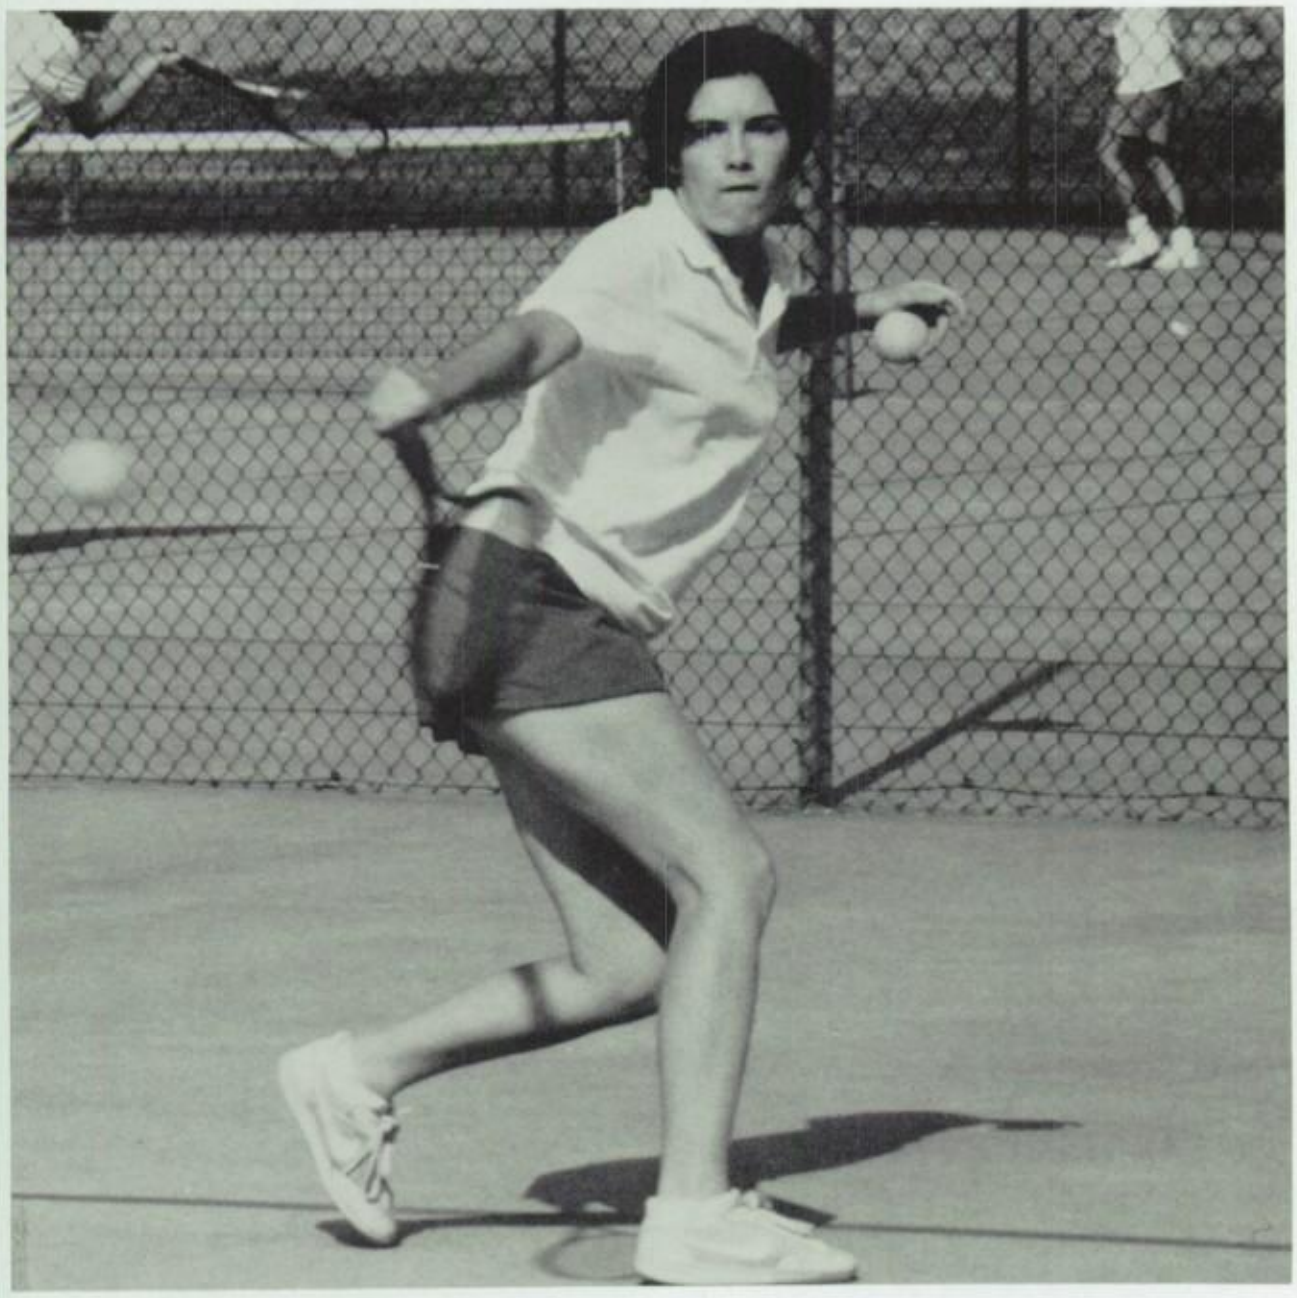
La Serna's girls varsity tennis team wrapped up its exciting season with an outstanding league record of 13 wins and one loss. The team advanced to second round C.I.F. under the coaching of **Ed Brandt. Helen Jackson** and **Brooke Hart** led the team to be Whitmont League co-champions tied with Whittier High.

Halfway through the season, Coach **Ed Brandt** drafted three J.V. girls who made substantial contributions to the team. The girls were: **Heidi Johnson, Naomi Ono,** and **Heather Wall.**



Burning up the court, **Helen Jackson** *had an awesome year which led her to C.I.F.*

Hit me with your best shot

by Wendy Park

What do you call a group of girls standing in the hot sun swinging at an object coming at them at about three miles per hour and missing it every time? Could it be ... JV tennis?

Our practices often resembled hail storms, and "Duck!" came to be a common word. **Coach Ivey's** words, "You stink!" rang through our ears, and in return we often used him as target practice. This came to be the beginning of a humorous relationship that kept us swinging at everything we saw. Even through all this, we managed to get enough practice to defeat our opponents and still keep a smile on our faces. And even though the other teams played with clenched fists and squinting eyes, the more serious they were, the more we won.

This was J.V. tennis!

Wrestlers get pinned in disappointing first yea

With a 0-9 season, Varsity wrestling returned to La Serna. Although it was a disappointing record, it came as no surprise since the team members were completely inexperienced and the program was starting anew after being defunct for years.

Most of the wrestlers, though greatly discouraged, will be returning next year. **Mr. Bob Algarin,** head wrestling coach, was also a bit discouraged; however, he will be back next year to coach wrestling again.

J.V. Wrestling fared slightly better than Varsity, finishing the season with a 2-7 record.

Practice for wrestling lasted from 2:00 to 4:30 or 5:00 p.m. It would start with stretching exercises, then coordination drills. After that, **Mr. Algarin** concentrated on four moves so that they would be perfected.

At the end of practice, the wrestlers ran for 15 minutes, stopping only for drills of pushups, sit-ups, jumping jacks, and leg lifts, which the team members dreaded. Then the wrestlers went home, hoping **Mr. Algarin** would show some mercy the next day.

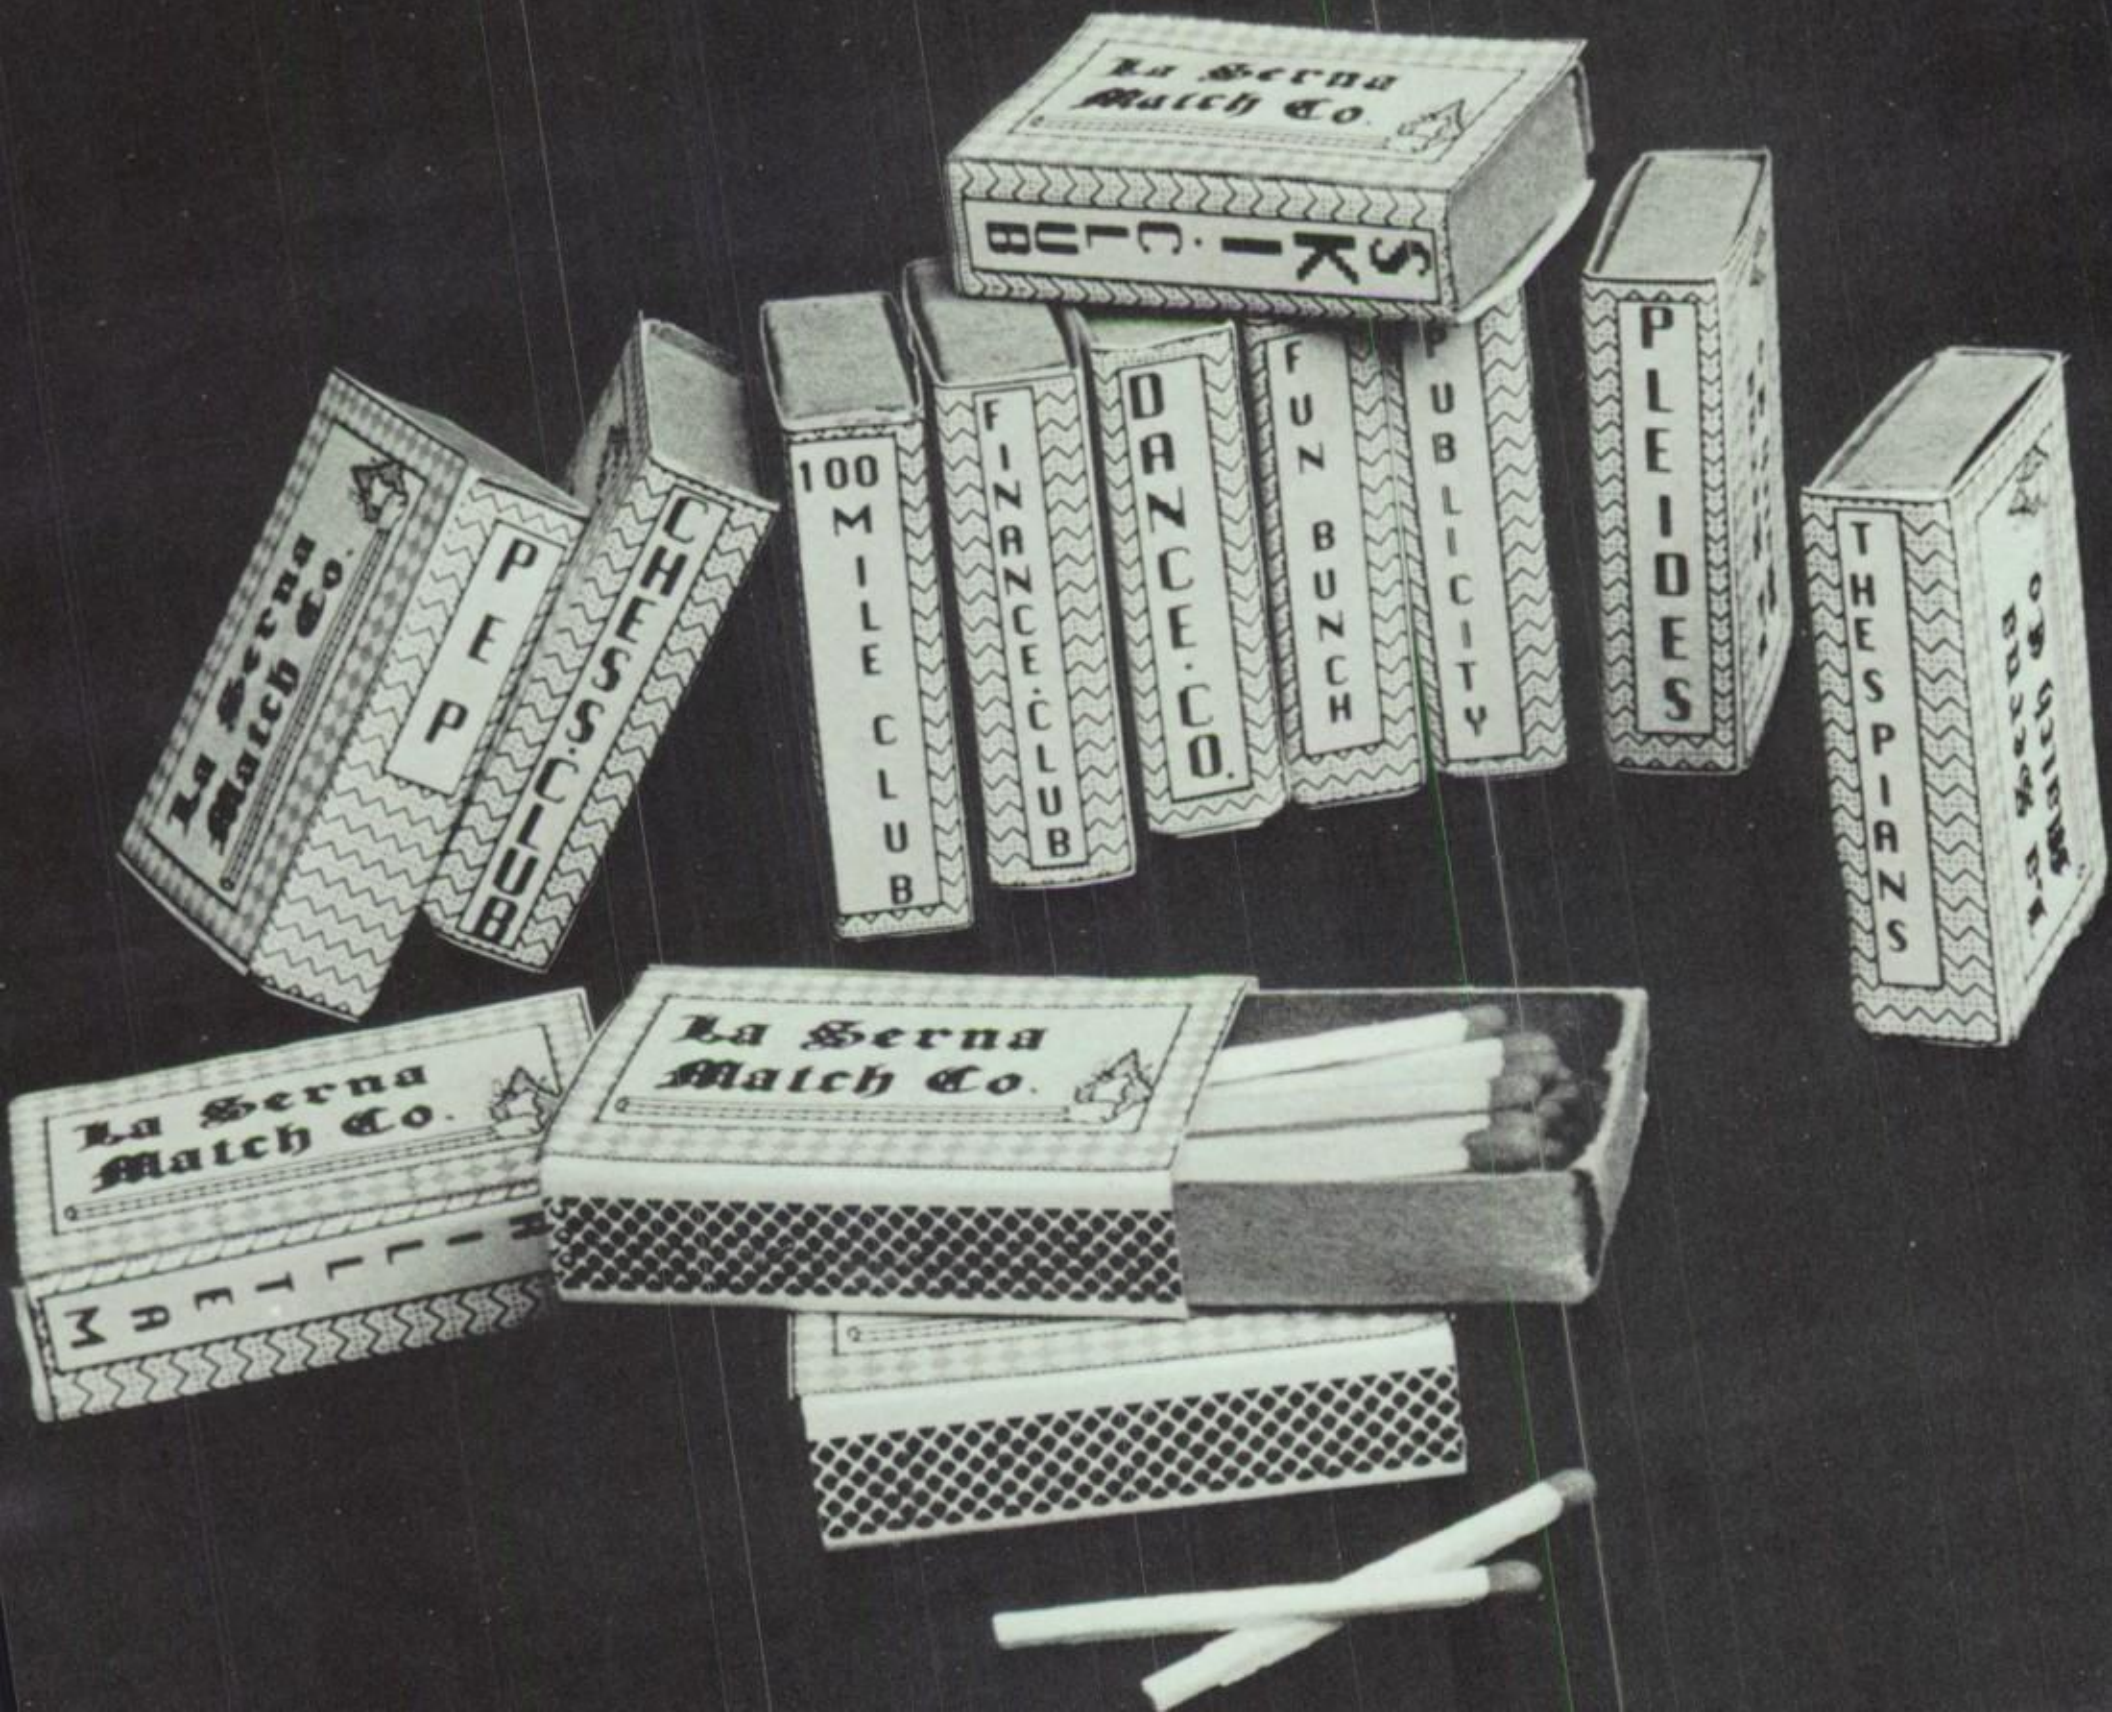
Organizations



Musician's Club rocks campus

The Musician's Club was a new club on campus. Under the direction of **Mr. Doug Dean,** music-loving students decided to work together as a group to further their instrumental talents. About the club, student **Max Stinson** said, "This is a great idea because it provides an outlet for aspiring young musicians."

Jazz Band jams

With a collection of brass instruments and a group of talented students, Jazz music lives on at La Serna. Every Thursday morning at 7:00, Jazz Band members met in the band room and broke out their brass. Taking over for **Mr. Bob Anthony** as director of the Jazz Band was **Mr. Ben Ubovich.** According to member **Max McBurney,** "This year, Jazz Band was not as busy, but still fun."

Students learn about culture through dancing

A swirl of skirts and a stamp of feet! Those are some of the sights and sounds of the class, Ballet Folklorico, taught by **Ms. Rosario Sanz** and **Mrs. Barbara Delgado.**

The class teaches students the traditional folk dances from various regions of Mexico. A requirement of the class is performance. The troupe dances at festivals and shows. The dancers dress in elaborate and colorful costumes with the girls wearing ribbons in their braided hair and the boys donning hats and black string ties.

After the first semester the Ballet Folklorico class changed to Spanish Drama.

(above) Maribel Lino *twirls her colorfully decorated Spanish-style dress.*

Drill team makes its mark

Bright smiles, mastered routines, and the sparkle of new uniforms have helped the drill team make a mark for itself. Although it has only been back at La Serna for two years, the drill team has grown to thirty-eight members.

According to **Captain Tori Jacinto,** more people, better leadership, and more experience have really helped the team. This year, the drill team has participated in competitions at Cal Poly, Sierra Vista, Mission Viejo, Cal Hi and at Jamborre and has managed to place in either first or second in most of them.

In May, the drill team hoped to perform in the celebration festivities commemorating the Whittier Centennial.

Clubs enhance student involvemen

A variety of clubs, including the new Fun Bunch, helped students increase their involvement in school activities.

The Fun Bunch was the idea of Pep Chairperson **Manny Cervantes. Cervantes** wanted to get more students cheering and actively involved in all sports. The Fun Bunch planned rallies and after-game celebrations. Teachers even got involved in the new club. The Fun Bunch arranged transportation to the away games and students enjoyed riding on the buses with their friends.

Another important club was the Publicity Club whose members painted posters to advertise and promote school activities. The Publicity Club worked along with the ASB Cabinet to encourage students to attend events. Junior **Sheryl Ziff** served as president of the Publicity Club. Sheryl spent hours everyday after school painting and hanging posters for sports events and activities.

(above) *Not only students, but teachers, too, help make the La Serna Fun Bunch fun! Cheering at the basketball pep rally are* **Mrs. Marsha Omar, Mrs. JoAnna Exacoustos, Mrs. Kay McLarty, Mrs. Sandy Mader, Mrs. Juanita Meraz** *and* **Mrs. Sue Williams.**

(far right) *Computer whiz* **Anthony Wilson** *works on the student index.*

(right) *As staff photographer,* **Ray Shinn** *usually has a camera in his hands, but here he protects himself from a hostile yearbook advisor.*

Staff works long hours to produce quality yearbook

"Producing a yearbook takes dedication and hard work. **Michelle Holm,** as editor, certainly showed just that. I couldn't have wished for a better editor," said **Mrs. DeSimone,** advisor.

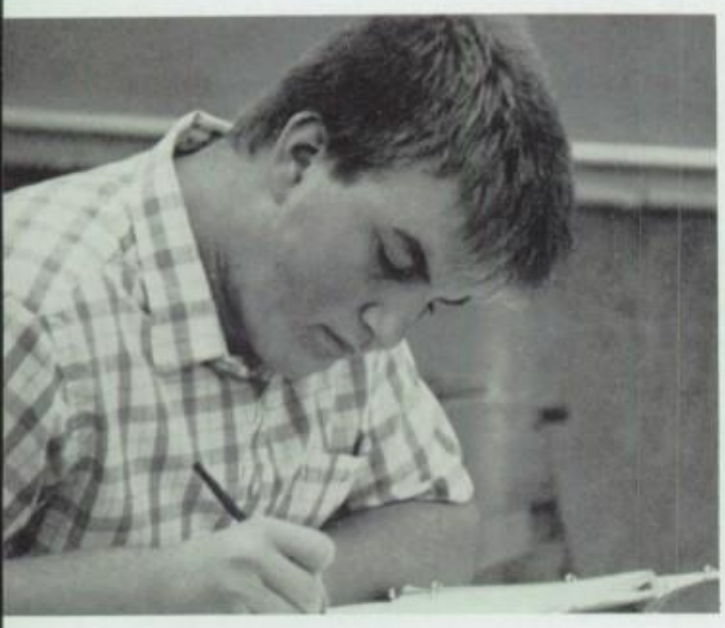
The *Pennon* had an experienced staff with five students from last year's staff returning. Those students were **Michelle Holm, Anthony Wilson, Karen Nelson, Joe Baxter** and **Norma Jimenez.** The staff also had **Nikki Dill** and **Rachel Tafoya** bringing junior high school experience with them.

Photographers **Ralph Roberts** and **Ray Shinn** took the majority of photos used in the book with **Joe Baxter, Jason McLaughlin,** and **Russ Biart** contributing.

Organization is the key to a good yearbook, so the students started the year dividing and assigning sections of the book. **Wendy Park** took the faculty pages, **Dill** and **Tafoya** the sophomore and freshmen sections, **Norma Jimenez,** the homecoming and junior pages, **Max Stinson,** the academics, and **Pam Henton,** the organizations.

Ads were sold and **Kerry Kelly** took charge of that section. Using the computer, **Anthony Wilson** worked steadily on the Index section adding names as pages were completed. The final pages to the yearbook were turned in the last week of March.

The final pages to the yearbook were



(top left) *Lancers who wish to complain about errors in the* **Pennon,** *please report to* **Russ Biart,** *in charge of the Complaints Department.*

(middle left) *A strong writing ability helps* **Kerry Kelly** *write much of the copy in the yearbook.*

(bottom left) *Sports Editor* **Joe Baxter** *checks scores on the football spread.*

News Staff lights the *Freelancer's* flam

The Freelancer, La Serna's student newspaper, kept students informed on school activities and major current events. The editors-in-chief were **Valerie Gibson** and **Helen Jackson.** These two people and **Mr. Cochran** made sure everyone kept producing copy in the newsroom.

The news editor was **Dorothy Thompson** who made sure that the stories were correct. The sports editor, **Robert Patterson,** made sure that teams were represented properly. The features were edited by **Darren Spurr.** When students wrote opinions about current events, **Sandi Dawson** and **Chris Petersen** made sure they were fit to print.

The other staff members were **John McLaughlin, Matt Thompson, Brian Wyatt, Ray Hernandez, Jackie Gruttadauria, Damian Tong, Gina Franklin, Mario Buraglia, Rick Balzer,** and **Eric Rodriquez.**

SADD stresses student sobriety

"If one life is saved, then everything SADD has done has been worthwhile," said **Donna Leslie,** SADD club president. Founded last year by **Donna,** the La Serna chapter of Students Against Driving Drunk worked hard this year to achieve one of its main goals: to stop drunk driving and save lives.

At the Friday Night Live assembly, held in November, students were informed of the dangers of driving drunk through a film and the speeches of students who related personal experiences. At the conclusion of the assembly, SADD members took signatures from students committed to not drinking and driving.

SADD not only fought drunken driving, but drug abuse as well. **Mr. David Toma,** famous ex-cop, was brought to La Serna's campus to speak to students about the destructive effects of drugs and alcohol on one's body, and in one's life. After an emotional assembly, **Mr. Toma** spoke to students in small groups, and according to **Nurse Lorrie Pryor,** "he made it more acceptable to get help."

The SADD club, although only in its second year, boasts a membership of over 45 students. The club is in its growing stage, but President **Donna Leslie** feels that "in the years to come, SADD will become a larger and more influential group on campus."

The club's officers, in addition to **Donna,** are as follows: **Eric Wood,** Vice-President; **Kerri Leslie,** Treasurer; and **David Hazel,** Secretary. Its advisors are **Nurse Lorrie Pryor** and the school psychologist **Ms. Char Smith.**

Expanded Horizons leads the way to student success

For foreign students, adjusting to the American way of life is not always an easy task. To aid students in this process, La Serna created the club Expanded Horizons. Students in this club take part in an array of fundraising activities including candy sales, dances and a style-a-thon. Money earned through these endeavors helps to finance motivational field trips to places such as Knott's Berry Farm, Disneyland and Yosemite National Park, and to build up the club's scholarship fund. The scholarships awarded to the students help them in reaching their college and career goals.

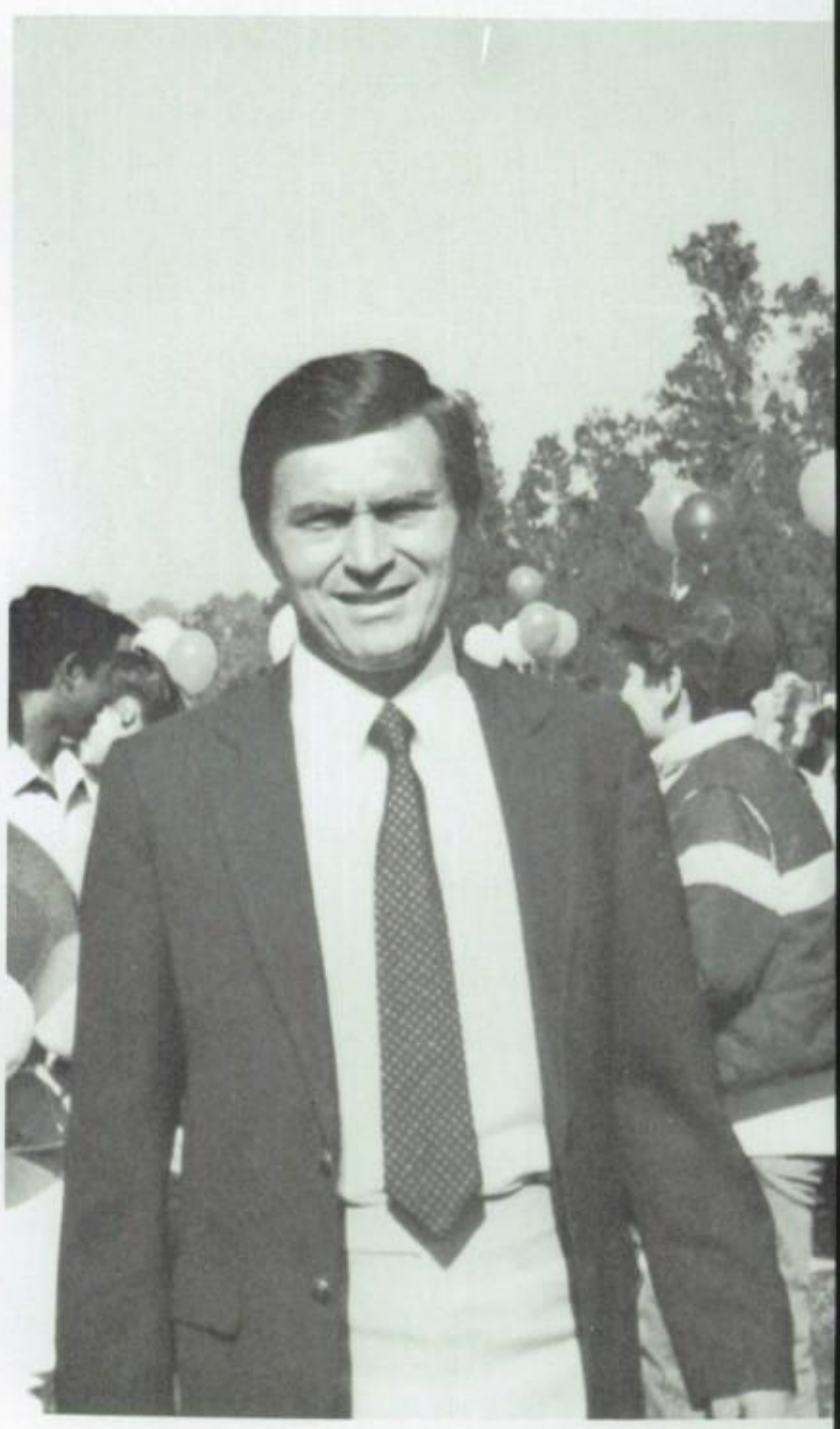
Clubs light interest in language lovers

Mr. Dorff formed the Spanish Club in 1961 and served as adviser until his retirement at the semester. He has often trekked with Spanish Club members to San Juan Capistrano and Olvera Street, with funds gathered from selling candy. Last year, as in other years before, he took a group of students by bus to Mexicali, Mexico, during Memorial Day weekend. He has also taken students to Hermosillo in the state of Sonora, Mexico.

Latin Club was open to any student enrolled in Latin. It gave members the chance to learn more about the Latin language and history. The highlight of their year was going out to dinner as a group with the money raised by discount card sales.

Latin Club — **Front row:** *Jennifer Dell, Sabrina Kiechler, Scott Tagawa;* **Second row:** *Chris Cross, Jeremy Buis, Geraldine Manalo, Mrs. Kay Burkhart, Kimberly Lee, Janet Tanasugarn, Linda Thomas, Tara Maxey, Amber Vierling, Ed Laurenson, Mario Wibbens, Kim Kowallis, Yu Pin Sun;* **Third row:** *Tracey Gruwell, Jennifer Hartman, Kathleen Ball, Chris George, David Knowles, Mark Tuttle;* **Fourth row:** *Catherine Cross, Valerie Kelly, Kim Campbell, Tammy Widner, Terrie Quinlan, Justin Barber, Chalee Tanasugarn.*



Clubs flame with fitness and fun

Many members of the student body were greatly disappointed when the Ski Club's annual trip to Mammoth Mountain was cancelled in early February due to poor skiing conditions. But all hope was not lost as the conditions improved and the trip was rescheduled for March 27-29. With over 30 students in attendance the club chartered their own bus and spent three nights at the Ponderosa Lodge, getting in two full days of skiing.

The 100-Mile Club was founded by **Principal Leo Camalich** this year in celebration of Whittier's Centennial. A runner himself, **Mr. Camalich** encouraged students to run, jog, walk, ride, or even skate 100 miles over the course of the school year. Members of the club kept log-sheets of their miles and turned them in at the end of each month.

(left) *Running continues to be a popular sport for* **Dan Marchand** *and* **Jason Vail,** *and the 100-Mile Club encourages students to keep fit through running and other cardiovascular activities.*

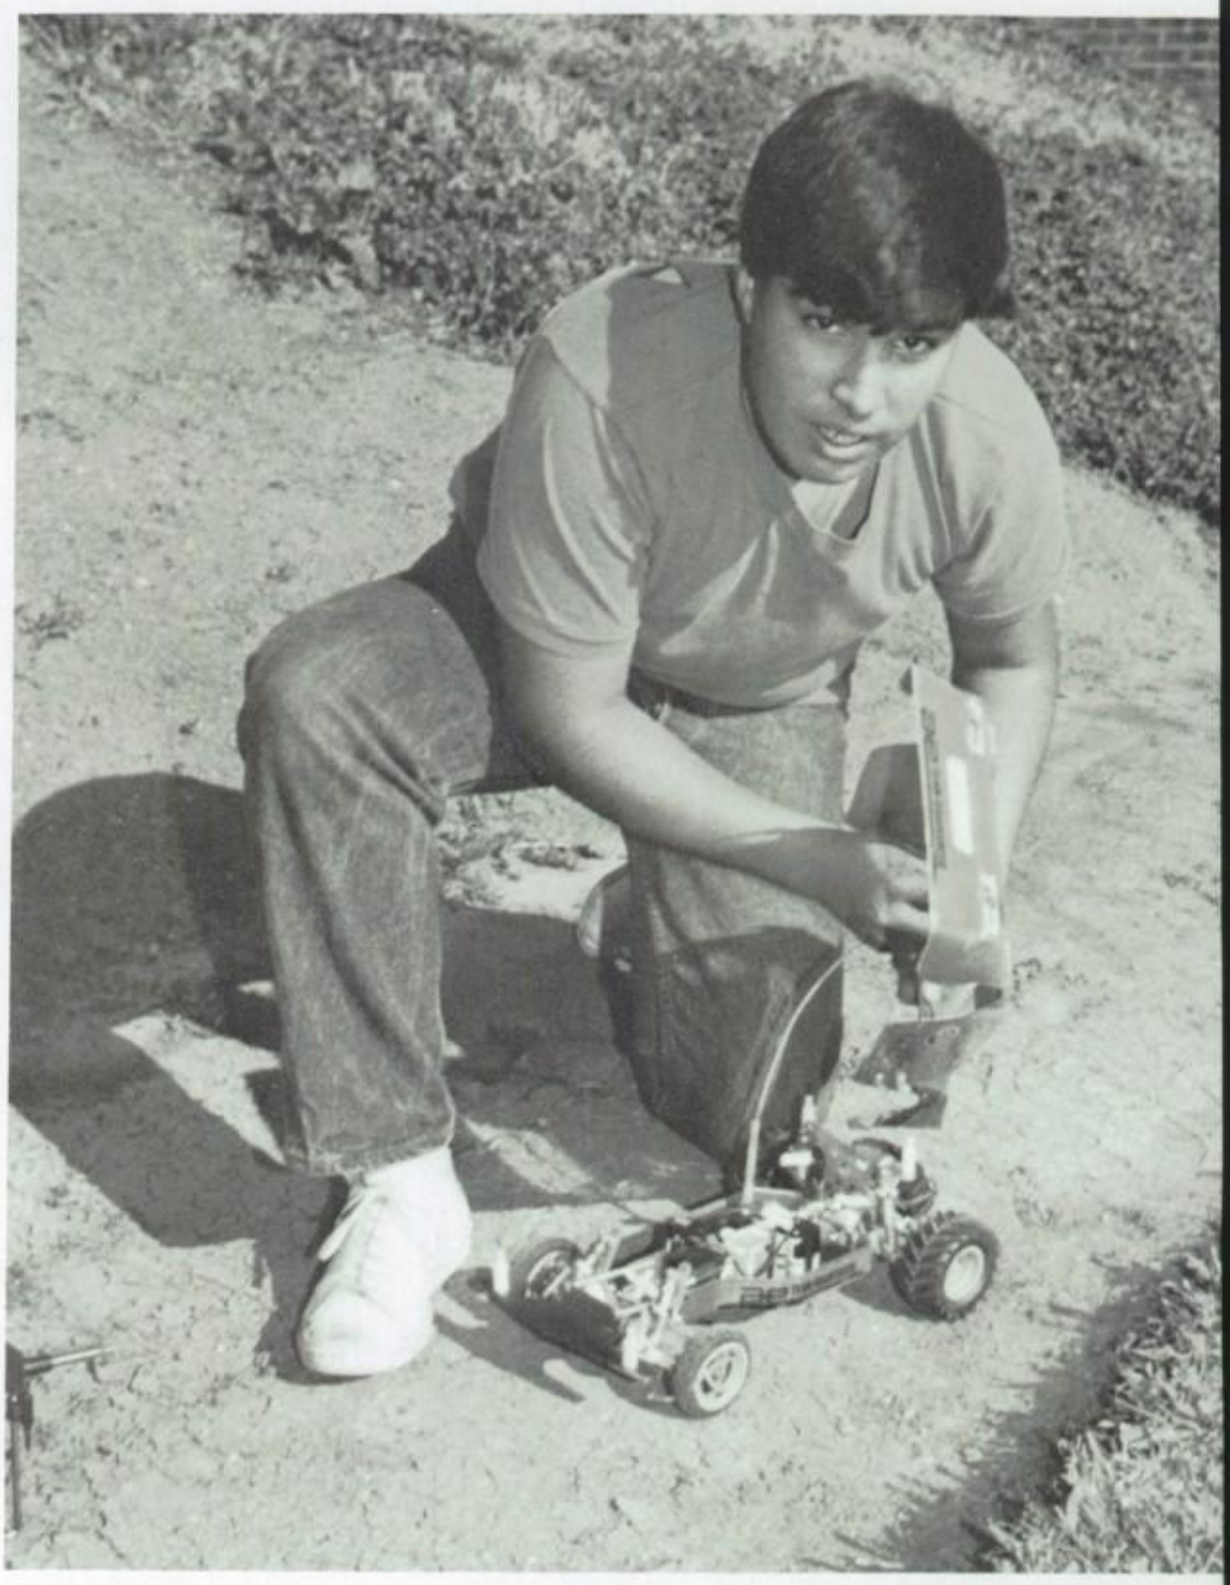
Car craze creates club

Miniature vehicles in the forms of cars, boats, and even airplanes have invaded our campus. If you should happen to encounter a stray little car zooming down the hallways at lunch seemingly controlling itself, have no fear. It's probably just the Radio Controlled Model Users Club having some fun.

The model builders have joined together under the advisorship of **Mr. Orville Hinshaw** to create the new club. The students met every Thursday at lunch in **Mr. Hinshaw's** room. There, the seventeen members of the club build and play with radio controlled vehicles. Although they do have some boats and planes, they mostly play with cars. Club members must buy their own cars and beginners learn how to build them from experienced members.

These battery-operated cars can cost the students anywhere from $80 to $300, and the radios used to control them can range from $70 to $400 apiece. Not all of the members can afford to buy their own cars, so the club plans to start fundraisers to buy a club car that everyone can use.



(above) Boonchai Empremsilapa *checks the battery on his car.*

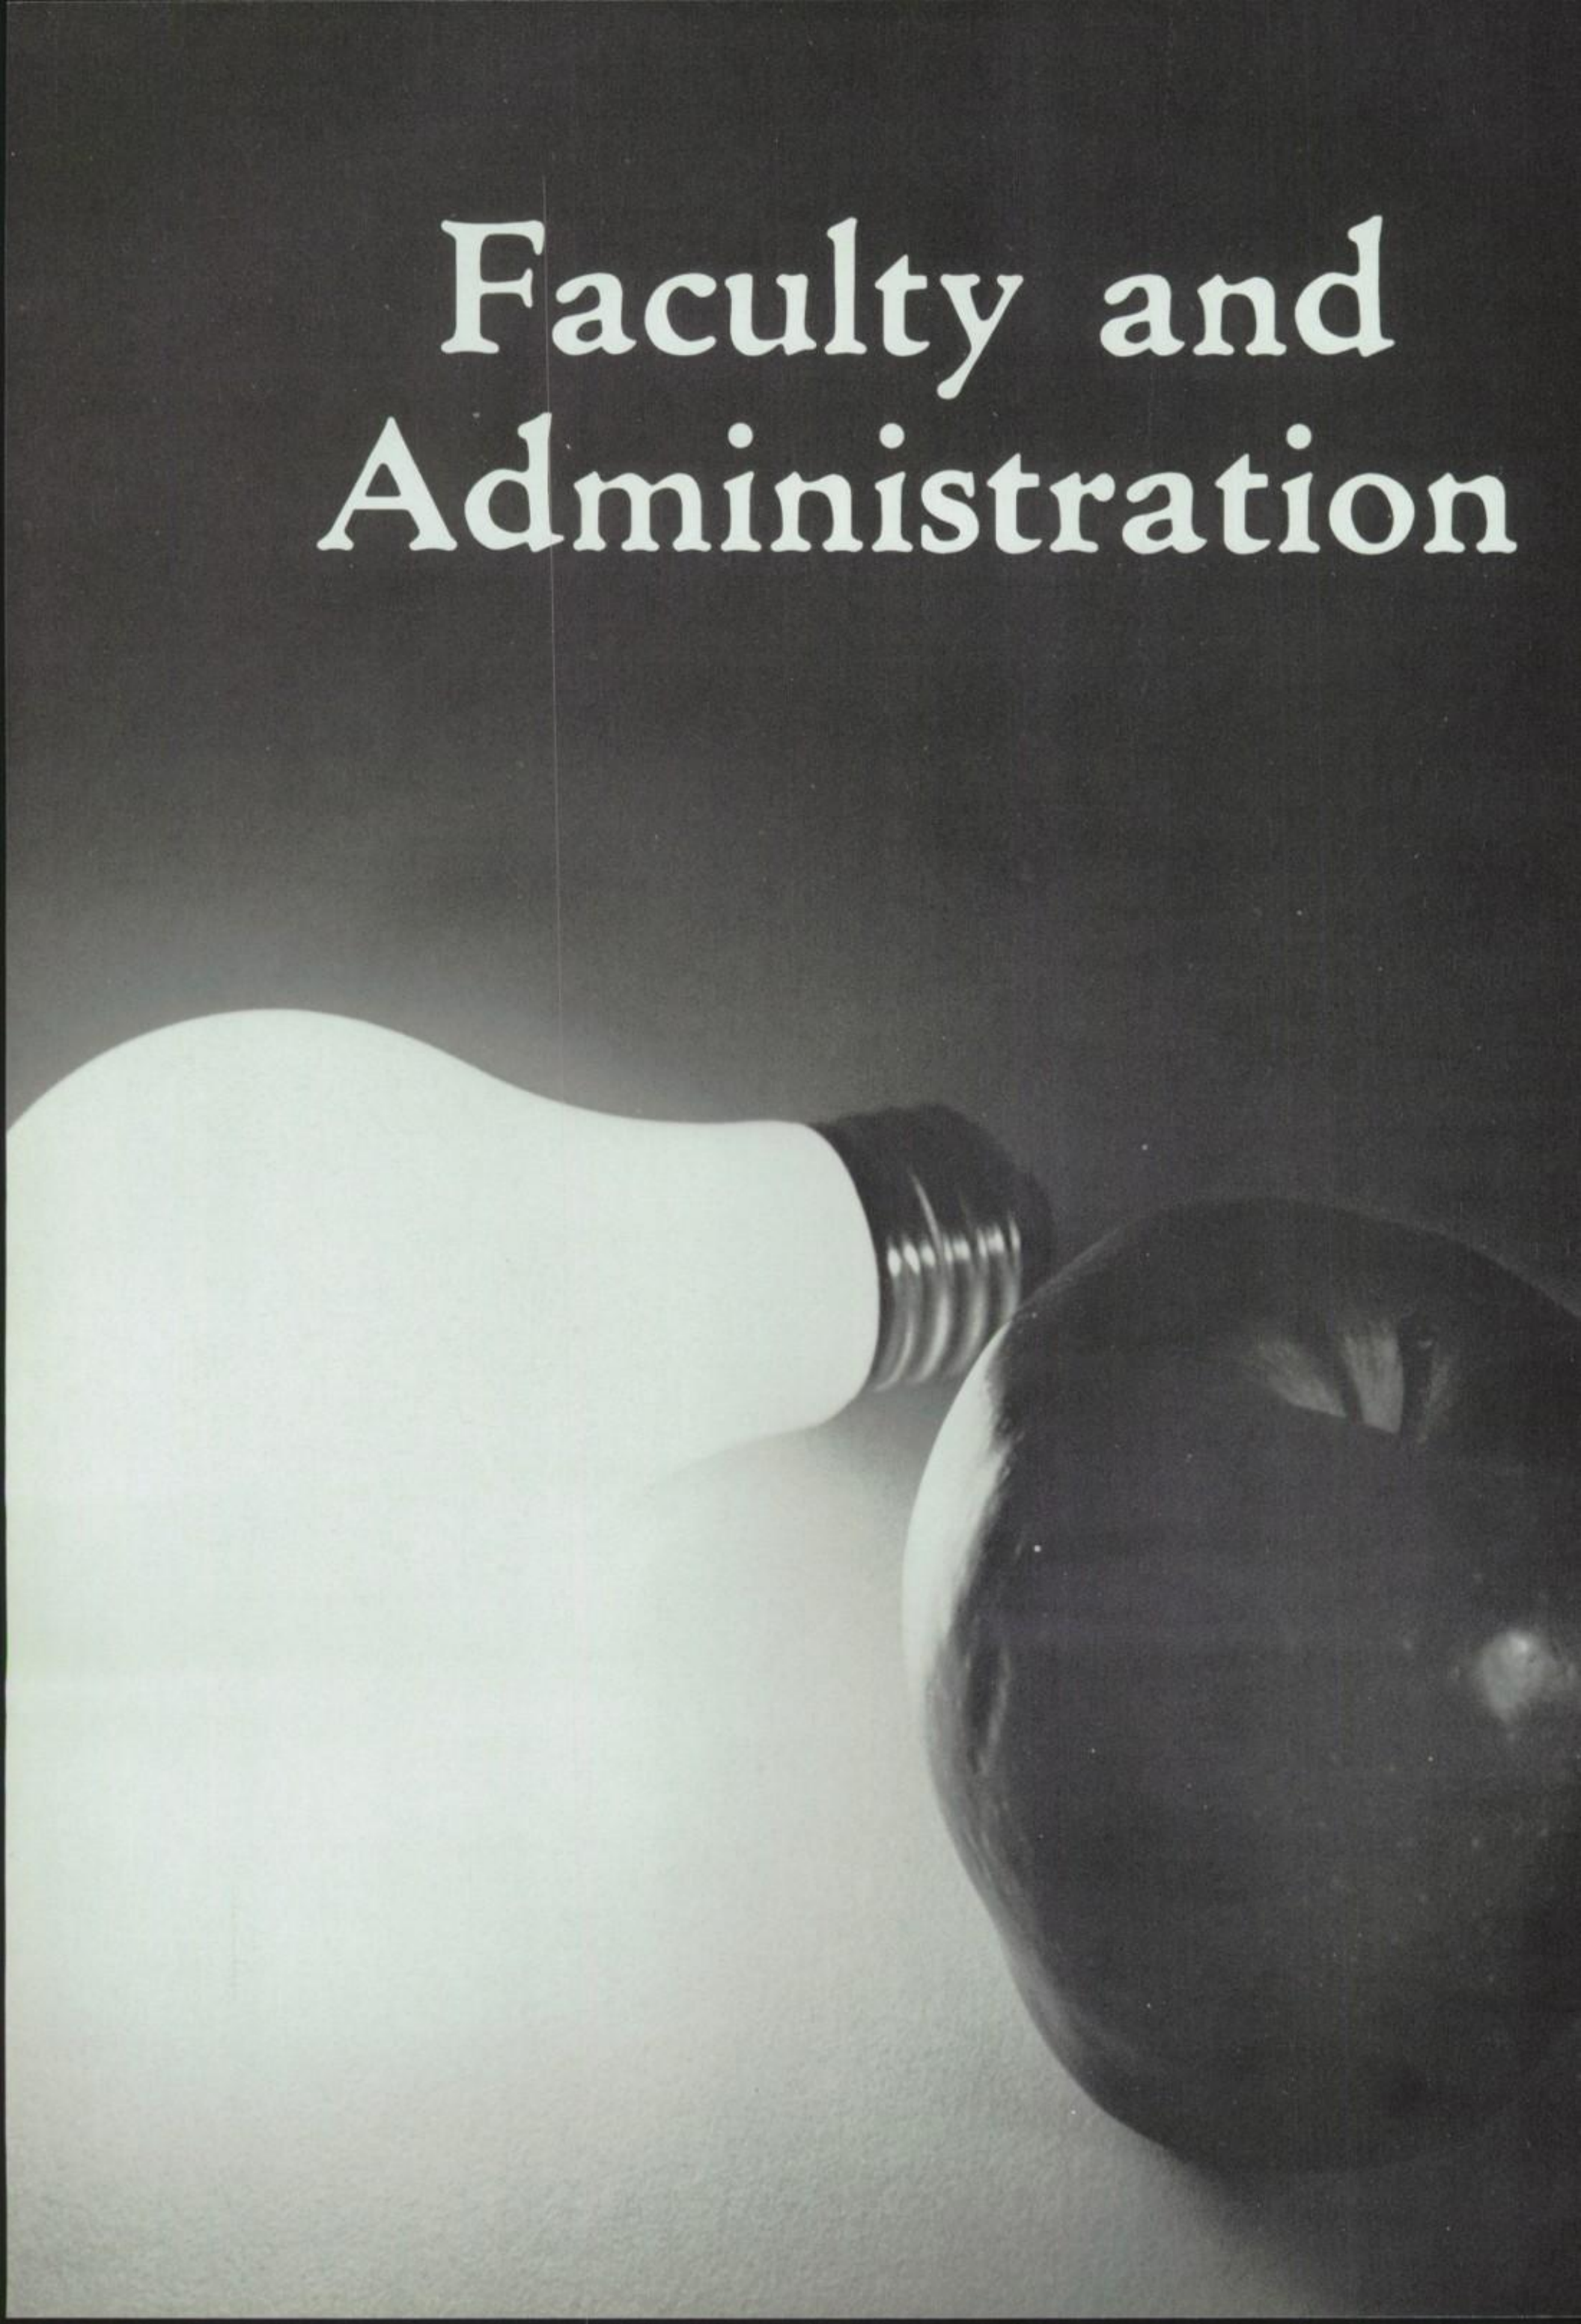
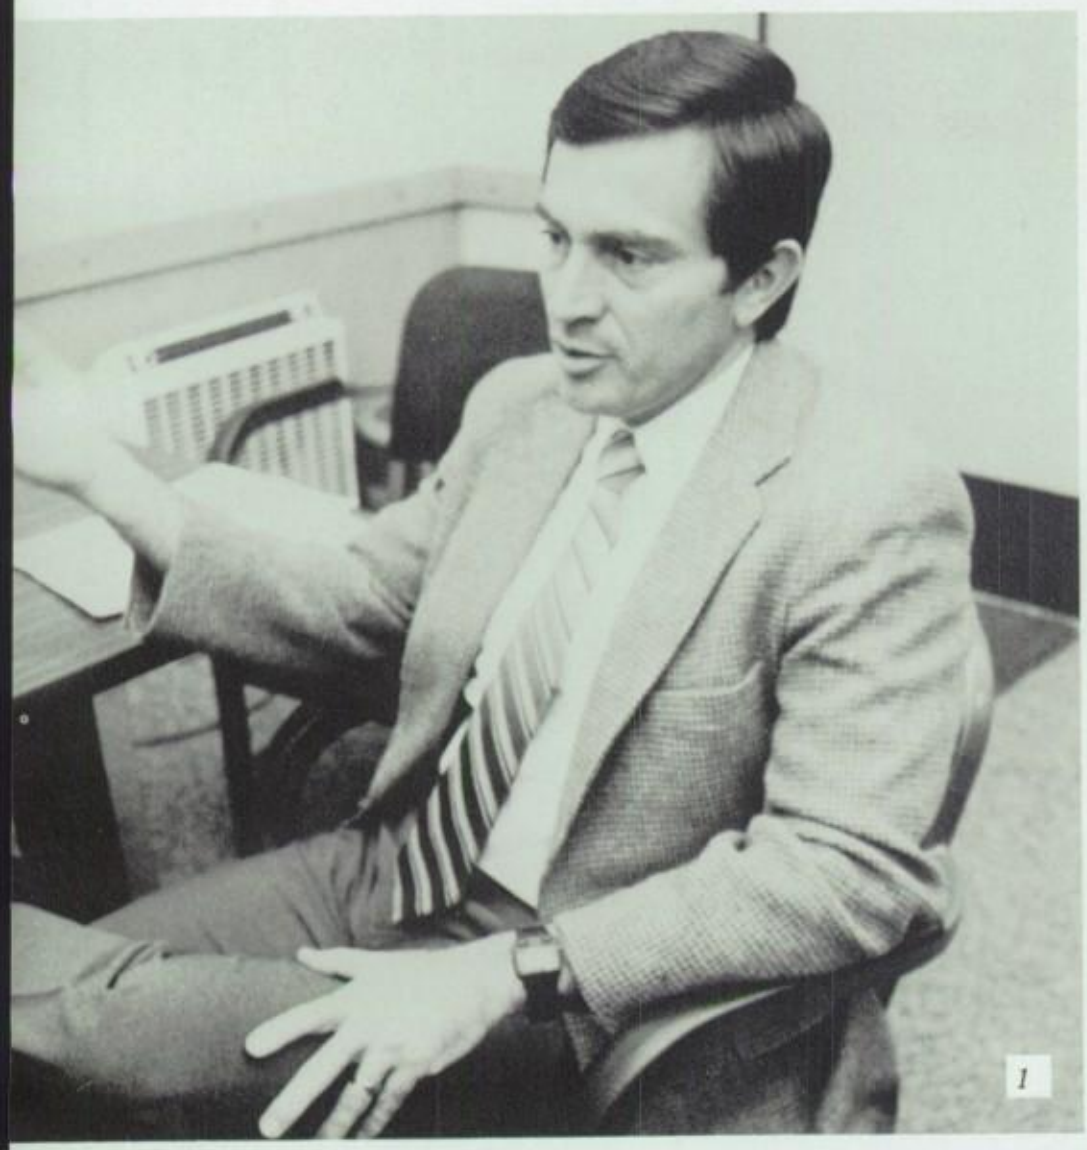
Faculty and Administration





Faculty welcomes Anita Thompson

The disciplinary policy — Viewpoint, enforcement of the new smoking policy, the 100 mile club, and renewed school spirit were all initiated by Principal **Leo Camalich,** who has completed his fifth year as principal. Although **Mr. Camalich** has made many contributions to La Serna, he emphasizes that the staff and students have been a main source of encouragement. He is proud to be a member of La Serna's "family" and enjoys his job. In addition to that he enjoys his environment because the campus is kept clean by many of the students.

An addition to this school year's staff was Assistant Principal of Curriculum, **Anita Thompson.** She formerly taught at Los Altos High School and Temple City High School. **Mrs. Thompson** received her B.A. from Pomona College and her M.A. in Curriculum from Claremont Graduate School. She has been married for 15 years and has one daughter.

Senior Messages

To Karen Marie Jeffers our Littlest Angel:
We love you so much and God bless you as you enter the next chapter of your life.
Love,
Mom and Dad

Dear John C.
Congratulations on a job well done, and thank you for making me so very proud. I know you'll continue to be a great success. I love you.
Mom

Matthew,
We are all so proud of you! Keep on going for it, and you'll be a wonderful success! God bless you.
Love, from your family

Debbie Ward,
I always have confidence in your ability to find your place in your world. I believe in reaching for stars. Most of all I believe in you.
Love,
Mom

Erik Hertzberg,
As you struggle for your independence and the right to live your own way, we also struggle, for the strength to let you do it.
Mom and Dad

Gina,
You have by far transcended our highest expectations. Remember: "You can do all things through Christ Jesus who strengthens you." We're proud of you!
Love,
Dad and Mom

Joe,
We all wish you the very best in life.
Dad and Mom

Scott J. Wallis, plus "other sons": Lee, Ray, Walter, Dar, Mike, Darren, Mark, Brian, David, et al . . . "Happy Graduation, You Handsome Devils! Your mom loves you!"
D. Wallis

Butch,
Always remember Dad and Mom love you very much, and good luck in the future. God bless you son.
Love,
Dad and Mom

Eric,
There are two days in the week about which it is useless to worry, yesterday and tomorrow. That leaves today. Do your best from this day forward.
Love,
Dad and Kathy

R.A.D.,
You helped me with my problems, even if you were my problems, you always came through! I want to wish the best for John and you. I mean that! Hey John, Rebecca really loves you!
Love,
M-Jams

Dear Rob,
We started out as more than friends, which did not last for long! But through the years friendship grew, and so did the love I have for you!
Forever Buddies,
Debbie

Congratulations: Steve T. Martin — Class of 87
Your whole family has always been so proud of you Steve. A great joy fills our hearts pride in congratulating you in your successful high school years, and as well as we have enjoyed sharing with you, in all your many activities you have been a part of at La Serna High. Our love to you in wishing you much success and happiness always!
Dad and Mom

Class of '87
From
The Friends of La Serna

Be A Friend, Join The Friends

The Friends of La Serna, a non-profit organization, was founded in 1975 to raise funds for the benefit of students of La Serna High School.

Through the donations and support of parents, former students, and the business community, The Friends of La Serna have raised thousands of dollars to date for our students.

Their purpose is to purchase needed equipment and financially support all school activities that benefit the students of La Serna.
